It is to be hoped that after the Easter recess our federal representatives will make further inquiries with regard to the progress of the plans for construction of a new car ferry steamer for this Province.

According to an Ottawa correspondent the "levelling off" process in the war industries which began late last year is now becoming more pronounced.

Income Changes

Returns tabled in the House of Commons disclose an interesting change in the national income tax structure.

of 63,048 in the \$1,000-to-\$2,000 group; 29,277 in the \$2,000-to-\$3,000 group, and 2,425 in the number of persons paying on \$3,000-to-\$4,000 incomes.

These four groups—\$10,000 to \$50,000 and over—last year represented 1.8 per cent of the total number of income taxpayers.

The shift in the tax structure is explained in the Globe and Mail by this comparison: Last year fewer persons in the four high brackets paid more taxes on less income than in 1939.

THE KING'S ENGLISH

Sir—Some folk speak of "so many spoonfuls" instead of "so many spoonfuls."

The other day I read a story in which the author used the words "spoon" and "patience" as plurals.

In the Southern States I have heard persons address me as follows: "How are you all today?"

It is amusing to perceive the broad line of demarcation which exists between vulgar bad grammar and genteel bad grammar.

Another strange perversion of grammatical propriety is to be heard occasionally in the adoption of the present tense of the verb "to have."

We speakers and writers of the King's English have a slip-slop way of expressing our thoughts.

Cardinal Hinsley

(By Barbara Ward in the Spectator)
The obituary have given the full details of Cardinal Hinsley's long life.

As I have never heard of anyone young or old, rich or poor, British born, foreign-born—who did not leave the Cardinal's presence warmed and enlightened and in better heart.

Men Born From 1902 to 1924 Must Prove Compliance With Mobilization Regulations When Asking Permits to Seek Employment

BY order of the Minister of Labour issued pursuant to National Selective Service Civilian Regulations, (P.C. 246, January 19, 1943) an important change is now made in regard to the issue by Employment and Selective Service Offices, of permits to seek employment.

After April 30, 1943, a permit to seek employment may be refused to any male person born in any of the years from 1902 to 1924, inclusive, who has reached age 19, unless such person presents satisfactory evidence that he has not contravened the provisions of National Selective Service Mobilization Regulations (that is, Military Call-up Regulations). Evidence required is to be in one of the following forms:

- (a) A certificate of discharge from His Majesty's Forces after service during the present war; or
(b) A rejection slip issued by the Army on application for enlistment; or
(c) A certificate of medical examination issued by the Registrar of a Mobilization Board; or
(d) A postponement order certificate issued by the Registrar of a Mobilization Board; or
(e) In the case of a male person born in any of the years from 1902 to 1916 inclusive, a statutory declaration on a form available in the employment office, that he is not a "single person" under Mobilization Regulations.

Documents referred to in (a), (b) and (c) above need be presented only the first time a permit is sought after April 30, 1943, unless subsequently asked for by a Selective Service Officer. Documents referred to in (d) and (e) above must be presented each time a permit is applied for.

Two points under the new Regulations are to be specially noted:
(1) Male persons applying for permits by mail should forward with their applications the evidence required (except (e) above).
(2) A Selective Service Officer MAY furnish a permit without first being handed evidence, where the applicant's services are required for immediate employment, or where a permit is asked for by mail, but in these cases the evidence must be presented to the Selective Service Officer later, usually WITHIN THREE DAYS of the issue of the permit.

All men, born from 1902 to 1924, who have reached age 19, are urged to co-operate with Employment and Selective Service Offices in this matter. Help yourselves, help others applying for permits, help the Offices to function smoothly, by having your documents with you when needed.
