Lowther, Kensington, who was wounded in the left knee on Sept. 18th, will regret to hear that he had to have his leg amputated above the knee. His brother Sgt. Lewis Lowther who has been to see him since arriving in England not long ago, writes back that he is very brave and cheerful and quite resigned to the loss of his leg. He also writes that there is no need to worry, as the Doctors and nurses all say the stump is healing well and that he will be able to return home before many months.

The services are growing in interest and numbers. Do not fail to hear this earnest and gifted preacher. Meetings will be held next week in the Baptist Church each evening, beginning at 7.45.

—ST. LOUIS.—St. Louis is becoming an important shipping point. The station agent of the E. I. R. reports that the shipping returns for the last week exceeded the returns of the corresponding week for last year by \$250.00. W. P. Callaghan & Co., have shipped over 20,000 bushels of potatoes for which prices ranging from 40 to 80 cents per bushel were paid. Their total shipment of oats, potatoes, etc. will run close to 50,000 bushels.—Dr. Gabriel McDougall, formerly of O'Leary, has taken up the practice of Dr. McNally. Monday last was the best shipping day for lambs and sheep of the Palmer Road Farmers' Institute of which Father Gauthier is president, when thousands of dollars were paid to the farmers. Apparently this western part of P. E. Island pays more attention to sheep raising than the eastern districts.—It is reported on good authority that the Tignish and Palmer Road districts are practically unanimous in the desire that auto vehicles be allowed to run.—The St. Louis creamery is up to the record of former years in quality of product. The quantity of milk received was not as large as last year on account of shortage of feed. The butter maker, Mr. Ben Gallant, won second prize at the P. E. I. Provincial Fair, at Charlottetown, and was highest scoring in the point of flavor, having 43.6 out of a possible of 45.—K.
