CRASWELL for Photographs

CONFEDERATION LIFE INSURANCE L-978

POLICE COURT—In the Police Court yesterday morning drunk was remanded until Saturday.

WINSLOE PASTORAL CHARGE.—Sunday, June 7th. The male choir of Kingsford and North River will hold a Song Service in Princetown Road United Church at 8 P. M. Mr. Steven Ackland will be the speaker. 6-5-41.

WHOLESALE CLOSURE ALL DAY.—As Monday next (8th inst.) is being observed as the King's Birthday all Wholesale Grocers' Offices and Warehouses will be closed All Day. 6-5-41.

FLUE FIRE.—Sparks from the flue of the Roxy Restaurant about 11:20 last night brought the city firemen out. However, it did not amount to anything as it was confined to the flue.

MAYOR BACK.—His Worship, Mayor B. Roy Holman, returned to the city last night. He was absent from the city approximately two weeks and attended the annual meeting of the Canadian Federation of Mayors and Municipalities in Ottawa, Ontario. His Worship stopped off at Sherbrooke, Quebec, to visit his daughter.

FINED UNDER GAME ACT.—Eight men from the Pisiquid and Fanningbrook districts appeared before Stipendiary Magistrate Joseph W. McDonald at Fanningbrook yesterday and pleaded guilty to an offence under the Game Act. Three of them were each fined \$10. The five others due to certain extenuating circumstances were given suspended sentences. The names of the convicted persons arose from an investigation by R. C. M. Police re fishing trout out of season at Pisiquid pond in March. The prosecution was conducted by the R. C. M. P. The first two convictions since the introduction of prosecution was given over to the R.C.M.P. under the P. E. I. Fish and Game Act.

WEDDING BELLS.—The marriage of Louise Ladner, daughter of Mr. and Mrs. Alex Ladner of Fanningbrook, to Don K. Hume, R. C. M. P., son of the late Mr. and Mrs. James Hume of Iris, P. E. I., took place at the Baptist Parsonage, Charlottetown, May 30, 1942, at 3:30 p.m. The bride looked charming in an aqua suit with navy and white and wore a corsage of roses. She was attended by her sister, Miss Beth Ladner of Wellesley, Mass., and the best man, Mr. John Hancock, R. C. M. P., ably supported by the happy couple who will remain in P. E. I. for two weeks when the groom returns overseas.

SOLDIERS LEAVE.—Eight soldiers from No. 42 C.A.B.T.C. Beach Grove left Wednesday for service elsewhere. They were: Privates L. B. Cox, Charlottetown; G. E. Curtis, New Zealand; H. W. E. Gagnier, Charlottetown; W. W. Kilton, North River; H. J. Leow, Summerside; H. MacMillan, O'Leary; F. J. McNeill, Miscouche, and P. K. McNeill, Richmond. Before leaving they were presented with letters from the Prov. Government through the Carry on Canada Corps. The presentations were looked after by Mr. A. G. Bruce of the Canadian Legion War Services.

NO DAMAGE REPORTED.—No reports of damage to strawberries, fruit trees or vegetables have been reported by Dr. J. A. Clark, Superintendent of the Provincial Experiment Station, as a result of the recent frost. However, there may have been some loss incurred in lower sections where the temperatures would be at the freezing point. The strawberries in higher places were unscathed. The blooms have not come off the fruit trees as yet and it is difficult to tell what effect the spell had on these. Gardens appear to be escaped although several gardeners were preparing to light smudges if the weather became any cooler. What looked like a bumper hay crop three weeks ago is not promising at present. Unless a change in the weather comes soon there will be a light hay crop this season, Dr. Clark predicted.

FERTILIZER MOVING.—Fertilizer for the farm crops of Prince Edward Island is being transported across the Northumberland Strait as fast as it can be moved by ferry. Work is now being done by Mr. E. W. MacKinnon, superintendent of the C. N. R., here. About 50 cars a day are being taken across from the mainland but despite this rapid movement there is a pile up of approximately 60 cars at Tormentine. The reason for this, Mr. MacKinnon said, is that the fertilizer plants have been releasing large numbers of cars, probably 100 a day, for shipment here. As a result of spring and shortage of labor held up the shipments earlier with the result that the rush is now on. The big men in the fertilizer business are Mr. MacKinnon and Mr. Tormentine will be cleared up in a short time, he asserted. Farmers have no need to be alarmed at the situation, the superintendent declared, as a steady flow of 50 cars of fertilizer a day is now being brought into the province. The ferry is working to capacity now.

NO LIQUOR ABOARD.—Ottawa, June 4—(CP)—No liquor, beer or wine cargoes were aboard ships recently torpedoed in the St. Lawrence River, Revenue Minister Gibson informed the House of Commons today in reply to a question from A. M. Nicholson (C.C.F. MacKenzie).

Too Late to Classify.—Ottawa, June 4—(CP)—Plans are being made for introduction of coupon rationing in Canada with the probability that sugar will be the first commodity so rationed, Donald Gordon, chairman of the Wartime Prices and Trade Board, said today.

There are of course many ways of evading any kind of rationing regulations, and the use of coupons does not necessarily mean any greater reduction in consumption of a fairer distribution," said Mr. Gordon's statement.

"However it is recognized that the use of coupons is a greater convenience to the public in keep of coupons will be announced within a few weeks."

Personals

Mrs. Carl MacKenzie and little daughter, Carol Ann, of Truro, N. S., are visiting in Margate, with Mrs. MacKenzie's sister, Mrs. Edwin Bearfoot.

Cpl. William Callaghan of the P. E. I. Highlanders who was home attending the funeral of his brother, the late James Callaghan left yesterday morning on return to his unit.

Mr. Harry MacMillan, Calgary is visiting his mother, Mrs. Donald MacMillan, St. Avars, after an absence of twenty-eight years.

Capt. Louis A. Stewart, formerly of the Charlottetown Fire Department but now with a Canadian fire corps, is spending a furlough in the city at present.

The many friends of Mrs. Elmer MacRae, Charlottetown, will be pleased to know she has returned home after her recent illness at the Prince Edward Island Hospital.

HEYDRICH DIES

Continued from page 1

wounding, said an automatic pistol and an anti-tank bomb used by the two assassins were of the same make and that the same kind of automatic pistol had been found in possession of some parachute agents who had been dropped by British planes over the protectorate.

It was the bomb, the broadcast said, which got "Der Hinkler" the hangman, while he was riding beside his chauffeur on a steep hairpin curve a week ago.

The two killers leaped at the car, it is reported, blind curve, the man with a pistol (then the second threw the bomb, a fragment wounding Heydrich. The bomb, said the broadcast, was of a type used by British soldiers against tanks in Africa.

Whatever the truth of these details, the British government long ago promised post-war punishment for this "bloodiest of all the bloody Nazis." The 38-year-old Heydrich headed the British list of those to be punished for Nazi terrorism in the occupied countries.

The hundreds of Czechs who died, it is said, who probably faced death tonight because of the assassination, will be merely additions to a vast roll begun in 1941 when the "hanging man" as the Redi protector for Bohemia and Moravia to Prague to "quiet unrest."

Hundreds of executioners' rifles pointed "quiet" but failed to subdue the sullen fate of the freedom-loving Czechs.

Drop From Skies

Last Tuesday, the propaganda minister of the puppet Czech government finally revealed what had been the hidden motive of the young Czechs, trained abroad, had come in numbers by night out of the skies with arms and explosives to strike at the Nazi oppressors.

The minister, however, insisted that most of the "traitors" had been rounded up, that there were no special precautions for Nazi officials had been thought necessary. But then he admitted a few had escaped and that these "survivors" were being mistreated to "make misfortune," he said, "not any of the attack on Heydrich."

"They (the parachutists) were told that revolution was imminent in Bohemia and Moravia. As a sign of their uprising, a number of assaults were carried out against prominent German and Czech personalities and a series of attacks were made against industrial plants, schools and buildings and other institutions."

And so 187 hostages have died, 32 of them women, and 5,000 more peasants, teachers, housewives and students were huddled tonight behind the barbed-wire of Nazi concentration camps wondering if they were to be next.

Plan Coupon Rationing Here

Ottawa, June 4—(CP)—Plans are being made for introduction of coupon rationing in Canada with the probability that sugar will be the first commodity so rationed, Donald Gordon, chairman of the Wartime Prices and Trade Board, said today.

There are of course many ways of evading any kind of rationing regulations, and the use of coupons does not necessarily mean any greater reduction in consumption of a fairer distribution," said Mr. Gordon's statement.

"However it is recognized that the use of coupons is a greater convenience to the public in keep of coupons will be announced within a few weeks."

GUIDERS CUP COMPETITION

The competition has been postponed until Saturday June 13.

INFORMATION

further details have been received as to the extent of damage except those already published in the press.

"A further report received indicates that there was a third aerial attack last night. No further details are yet available as to this attack.

Not Unexpected

"Raids of this kind were not unexpected and plans previously made by Canada and the United States for such a contingency are in actual operation.

"Certain additional dispositions have been made.

"The Canadian commander-in-Chief, West Coast defences, (Major Gen. O. Alexander) is operating in conjunction with the commander of the United States forces on the west coast in accordance with joint plans."

Col. Ralston said Lt.-Gen. Kenneth Stuart, chief of the general staff, has been on the west coast for some days, and is supervising the army dispositions on the ground.

The joint plans referred to by the minister were worked out months ago by the Canada-United States Joint defence board and provide for active co-operation between the land, sea and air forces of the two countries in the event of a west coast attack.

As commander-in-chief, west coast defences, Gen. Alexander has the primary responsibility for deciding the dispositions and strategy of the Canadian naval and air as well as army forces.

Strengthen Defences

The strengthening of Canada's west coast defences has been in progress for more than a year and progress has been accelerated since Japan entered the war. Additional troops have been assigned to the coastal area and reserves have been placed at strategic points further inland with arrangements made for their transport to any threatened sector.

Archbishop Performs McGuigan-Hart Wedding

Continued from page 1

With the bridegroom's brother, His Grace, J. C. McGuigan, Roman Catholic Archbishop of Toronto, performing the nuptial mass, the marriage took place in St. Joseph's Cathedral Saturday morning of Frances Hart, daughter of Mr. and Mrs. E. J. Hart, and Dr. John McGuigan of Montreal, son of the late Mr. and Mrs. George McGuigan of Charlottetown, P. E. I. The wedding took the form of a double ring ceremony. Bouquets of pastel-toned spring blossoms graced the altar for the occasion.

The bride, who was given in marriage by her father, was smartly frocked in a Samoa beige imported wool dressmaker suit. Brown buttons marked the front of her jacket and her skirt was knife-pleated. Complementing her ensemble was her dainty white sheer blouse, and she wore a corsage of a contrasting corsage of tallman roses.

Dr. George Fortier attended the bride, and Mr. Fred Hart, brother of the bride and Mr. William Hart, a cousin of the bride.

Wedding Breakfast

Following the ceremony, a wedding breakfast for 35 guests was held at the Macdonald Hotel. Mrs. Hart received with the bride, wearing a silk flared print in blue tones, topped with a sheer wool three-quarter jacket. Her hat was a Gamborough model to tone with her frock and she wore a corsage of pink carnations and cornflowers.

Spring flowers brightened the bride's table which was centred with a wedding cake topped with valley lilies. A toast to the bride was proposed by Archbishop McGuigan. His Grace John H. Macdonald, Archbishop of the Roman Catholic Archdiocese of Montreal, was an honored guest at the breakfast.

Following a wedding trip to Vancouver, Dr. and Mrs. McGuigan will take up residence in Montreal.

KILLED IN MINE

STELLARTON, N. S., June 4—(CP)—Kenneth Skidmore, 17-year-old miner, was killed today when an Acadia mine here tumbled in a fall of stone struck him on the head.

Reviews Federal Expenditures For Lobster Industry

Ottawa, June 4—(CP)—Expenditures of \$168,000 by the government two years ago in an attempt to salvage the lobster packing industry were explained in the House of Commons by Fisheries Minister Michaud.

Mr. J. C. MacNicol (Toronto-Davenport) was criticizing the operations of the auditor-general's department and mentioned the lobster assistance measure as an instance in which that official should have directed Parliament's attention to "an apparently improvident transaction."

He said the report showed that the government spent \$168,000 in buying and packing 100,000 cases of packed lobsters. He did not object to the fishermen getting all they could but he doubted if they did.

Mr. Michaud said all facts relevant to this transaction were already public but he feared the impression that was created by Mr. MacNicol's remarks.

The war regulations instituted by Great Britain in 1940 cut off the wool Canada had enjoyed there for 85 per cent of its lobster pack, he said.

The government accepted the responsibility of saving this 100-year-old industry by assuring a market for the 1941 pack.

"And I think the government was right in doing that," said Mr. MacNicol.

Mr. Michaud said \$50,000 was spent in advertising lobsters in Canada but that was not enough and an effort had to be made to obtain some of the United States market enjoyed by the Russian and Japanese producers of crabmeat.

An organization was set up and surplus lobster pack was bought from the producers at a cost of \$85,000. Through the co-operation of existing dealers and exporters the United States market was entered into and as a result the whole of last year's pack was sold at a high price.

At present the fishermen were getting 12 to 13 cents a pound for surplus and packers were getting \$28 to \$30 a case of surplus lobster and the whole venture had been profitable.

"I think it was the best thing that has ever been done for the lobster industry," the minister said.

"Had the auditor-general's report indicated what the minister has said, it would not be looked so bad," Mr. MacNicol commented.

Tax Collections By Divisions

Ottawa, June 4—(CP)—Revenue Minister Gibson released figures today showing that customs, excise and income tax revenue collected by the three divisions of the Department of National Revenue during May totalled \$319,647,452 against \$318,215,923 collected during May, 1941, a net increase of \$1,431,529.

Customs-excise revenue amounted to \$99,148,944, increase \$6,186,544; income tax, \$260,498,508, increase \$95,244,985.

Customs-excise revenue was made up as follows: customs duties \$10,949,000, increase \$2,825,225; excise taxes \$38,252,984, increase \$3,925,042; excise duties \$9,904,844, increase \$2,062,556; sundry collections \$44,032,000, decrease \$26,879.

Revenue collected by the three divisions during the first two months of this fiscal year, April-May, amounted to \$495,310,292. This compares with \$295,488,748 collected during the corresponding period of 1941-42, showing an increase of \$199,821,544.

Why does sister grow faster than me?

This little fox knows that her sister and she were the same size at birth. But her sister was included in half of the litter that were fed "Miracle" Fox and Mink Ration as a test.

Many ranchers have proven definitely that pups or kits fed on "Miracle" All-Cereal Ration grow faster, are huskier and have thicker, sleeker furs than those fed on regular rations.

"Miracle" All-Cereal Ration not only contains vitamin-rich cereals that promote healthy growth, but also Rex Wheat Germ Oil and a new secret growth factor that has proven of inestimable value in adding strength and weight to growing animals.

Try "Miracle" yourself and you'll soon be convinced. It costs no more.
