CORNELIUS SAID HIS ORDERS HAD NOT BEEN CARRIED OUT

Strongly Condemned Training Program at Rothesay—Johnny Dee Severely Scored By Olympic Coach.— Barney Francis Justified in The Stand He Took.

MONTREAL, June 17.—New Brunswick's trio of athletes, who will compete here on Tuesday and Wednesday of this week for places on Canada's Olympic track and field team, are in good shape for these events as a result of the preliminary training at Rothesay, N.B., and the last week spent here at McGill stadium with the best coaches in Canada attending.

"Zack" Miller, of Sussex, Canadian high jump champion, and Andrew Malcolm, St. John's promising young shot putter, rested from the training grind Saturday afternoon and will indulge in only light exercises from now until their special events.

"Billy" Maynes, of St. John, arrived here this morning. Maynes immediately reported to Cyril Coaffe of Winnipeg, track captain, and Coach J. R. Cornelius, head Olympic mentor, at McGill Stadium. He attended to his luggage in the afternoon while Miller and Malcolm went on a sight-seeing trip of the city. The only ones on the track this afternoon were Cyril Coaffe, Vince, the Toronto University sprinter, and Phillip Granville, the colored walker from Hamilton, Ont.

Shows Speed.

Coaffe showed great bursts of speed in his brief workout. Malcolm and Maynes report themselves in fine fettle for the coming events. Miller has been having trouble with his legs since reporting here and Coach Cornelius has refrained from arranging anything from the Sussex lad in the way of jumping.

In an interview here tonight Coach Cornelius strongly condemned the training programme at Rothesay and declared his order had not been carried out. When he left Rothesay the sprinters, Brian Smith, Halifax, Drew Mulcahy, and Frank Campbell, St. John, were doing 10-9.5 seconds and better. He was surprised to hear of their poor showing at Moncton.

Too Much Road Work.

When he was in Winnipeg, Capt. Cornelius said he read of "Barney"

Grand Circuit Opens At North Randall— Five Days Racing For Purses Totaling \$40,000.

(Associated Press)

CLEVELAND, June 17.—The opening meeting of the Grand Circuit, harness horse racing season, at North Randall track June 30-July 4, with July 5 reserved for postponements, offers a card of 20 races. Fourteen are class races and six stakes, for purses ranging in value from \$1,200 to \$5,000, with a total of more than \$40,000.

Indications are that the large number of entries in many events will necessitate splitting the field, thereby lengthening the program to about two dozen events.

The late closing events will have a uniform purse value of \$1,200 with the exception of the free-for-all pace, which will be worth \$2,500.

Every trotter and pacer of note already has been named to start in the stake event, and practically every good class horse in the country will be named in the late closing, or class events.

Hundreds of horses are already at the track in training.

There will be a feature event each day. The "Edwards" for 2:08 pacers, purse \$5,000, will be Monday's feature; Tuesday the "Ohio" for 2:08 trotters; Wednesday, the "trotting sweepstakes" for 2:03 trotters; Thursday, the three-year-old pacers will perform and the "Tavern Steak" for 2:12 trotters for a purse of \$5,000. Friday's feature will be the free-for-all pace for \$2,500.

The program follows:

JUNE 30
2:06 Trot, 3 heats \$1,200
2:08 Pace (The Edwards) (closed), 3 heats 5,000
2:18 Trot, 3 heats 1,200
2:04 Pace, 3 heats 1,200

JULY 1
2:10 Pace, 3 heats \$1,200
2:08 Trot (The Ohio) (closed), 3 heats 5,000
2:14 Trot, 3 heats 1,200
2:16 Pace, 3 heats 1,200

JULY 2
2:22 Trot, 3 heats \$1,200
2:03 Trotting Sweepstakes (closed), 3 heats, added money 1,500
2:10 Trot, 3-year-old (The Fasig) (closed), 3 heats 2,000
2:12 Pace, 3 heats 1,200

JULY 3
The Experiment (3-year-old pacers), Sweepstakes (closed), 3 heats \$1,500
2:12 Trot (Tavern "Steak") (closed), 3 heats 5,000
2:06 Pace, 3 heats 1,200
2:10 Trot, 3 heats 1,200

JULY 4
2:16 Trot, 3 heats \$1,200
Free-for-All Pace, 3 heats 2,500
2:20 Trot, 3 heats 1,200
2:14 Pace, 3 heats 1,200

The Athletic Meet At Summerside Dominion Day

By "JIM".

Messrs. Harold Simpson and Jack Wright of Summerside visit Kensington on Saturday evening taking entries for the big Athletic Meet to be held at Summerside in conjunction with the Dominion Day. The first event is a nine mile relay race from Kensington to Summerside—nine men to each team. There is a full list of events to be held on the trotting park during the afternoon.

Any young athlete feeling the "urge" to compete in those running and jumping events should send in his name at once to Harold Simpson, Secy. of the Y. M. C. A., Summerside, or some of the other officials in charge. Young athletes are wanted badly—Canada is far behind in the calibre of its athletes competing at the Olympic Games this year. This should not be so. We have the climate and other conditions to produce the best. The cause must be lack of ambition. We haven't sent a representative from P. E. I. to the Olympics since William Halpenny competed at Stockholm.

It is encouraging to note the revival at the present time. We have Phil MacDonald, Elliot McGuigan, Barney Francis and George Walker at Montreal for the elimination contest. They bring fame to P.E.I. even if they are not all successful in getting to Paris.

It is only by holding sets of athletic games that phenomena can be discovered. It is the patriotic duty of every young athlete who feels the "urge" to send in his name and the list of events in which he wishes to compete to the Sports Comm. of the Dominion Day Celebration at Summerside.

SPORTS TO-NIGHT

The following officials are urgently requested to be on hand this evening for the Twilight Athletic Meet to be held at the Abegweit grounds:

"THE BUDDIE?"

"Coming events sometimes cast their shadows before"—in this case we refer to the "Buddie"—remember the Buddie? Well, in case you don't, the said Buddie is, or rather was the trim little eighteen foot yacht owned by Messrs. Ivan Reddin and George Buntain which was lost one dark night last October—should we say the night of the devastating October gale when so much destruction was done as a result of the big wind and rain storm.

The Buddie was lost that night and her whereabouts up until last Thursday (nine months) was unknown. The mystery is now partly solved. Here's the story:—Mr. John Toole, of Canoe Cove, while out tending his lobster traps espied what looked like a part of a wreck floating in the water; on closer observation he discovered it to be the mast, stays, main-boom and sails of a yacht. As Mr. Toole is an enthusiastic yachtsman on salvaging the said find, he soon realized where the rigging came from. He at once got into communication with Mr. Reddin and yesterday delivered "the goods". The job which was furled inside the main sail is as good as ever, but unfortunately the other is well torn and unfit for further use. It may be added that the job will be "worn" by one of the 18 footers in the coming race Saturday.

"Now where is Miss Buddie herself?"

GEO. WALKER ARRIVED HOME LAST NIGHT

Says It Was a Great Race, "the 105" and is Confident He Could do Better.

George Walker, long distance Maritime bike champion and one of the foremost bike riders in Canada, arrived home last night from Montreal where he participated in the 105 mile Olympic bike final last Sunday. George felt more like "hitting the blankets" than talking as he was mighty tired after the long ride and also well blistered as a result of scorching sun during the long grind.

Walker speaks highly of the calibre of the riders of Upper Canada and says they are the "real thing". He added that Laporte, the winner, was more fortunate than the majority of the riders, having a motorcycle pacing him with refreshments "aboard" while most of the competitors including himself and Moore were forced to call a halt at 75 miles in order to eat. The time taken in this repeat so doubt gave other riders more fortunate, "some miles and also minutes greatly to the good."

Nevertheless Walker said it was a great race and felt confident that with a week or so on the "scene of battle", he would have made a better showing.

NOTE: Notwithstanding the above, Charlottetown and the Province in general is proud of this wonderful athlete who against many odds finished among the first three in the longest bike race ever held in the history of bike riding in Canada.—Sport Ed.

THE COACH'S JOB

Something of the taskmaster, the general and the diplomat, and a lot of the doctor must be hidden away in the man who would be the coach of a successful football or track team.

Emergencies of all kinds are his daily routine. A thorough knowledge of first aid is as essential as a knowledge of the game played by his men.

Bumps, bruises, strained ligaments and muscles are every day happenings, but the coach never becomes contemptuous of them. He knows that if neglected, they may result in anything.

Trainers everywhere keep Absorbine Jr. in their lockers. They use it not only for sprains, cuts and bruises, but for the skin and blood protection of its disinfecting properties. In one convenient container it combines the virtues of a number of preparations.

It is the first of all the First Aid requisites in use in all of the leading athletic clubs.

And there are just as many everyday uses for Absorbine Jr. in the homes of Canada as there are in the training camps. Always keep it in the home where you can "jump to it" in case of emergency.

High Altitude Results In Fantastic Baseball

(Associated Press.)
SALT LAKE CITY, June 17.—Slugging believed to be unprecedented in organized baseball, a total of 884 hits in a series of seven games between the San Francisco and Salt Lake City Clubs of the Pacific Coast league played at the local park recently left the fans gasping.

An explanation other than the fallibility of pitchers was sought since the batting orgy was participated in generally by players on both teams and affected virtually all of the wrinkles of the rival clubs. J. Cecil Alter, chief of the weather bureau here, has hazarded the opinion that the high altitude of Salt Lake City, 4,200 feet, had something to do with it. The ball finds less resistance in the rarified atmosphere of the Utah metropolis than in the sea level cities along the Coast, the forecaster said and the players are in better physical condition.

This theory gained support among sports writers who recalled the number of freak plays here supposedly due to atmospheric vagaries.

San Francisco won six out of the seven slugsests with a total of 150 hits and 100 runs. Salt Lake City chalked up 114 hits and 70 runs.
