

## Lynch's Circus At Brighton

The favourite pastime in Charlottetown this week is Lynch's Circus, where large crowds are seen every fine night wending their way toward the grounds at Brighton. Lynch's Circus is equipped with ever facility which helps to make a show a success, Ferris Wheel, Chairoplane and Merry-go-round. The circus is well patronized and every evening about eleven o'clock, a happy crowd is seen coming cityward, some with prizes, and some without, but nevertheless all happy.

The G. W. V.A.who have brought Lynch's Shows to Charlottetown yesterday entertained the children of the Protestant Orphanage at the grounds. The children greatly enjoyed the fun, and were afterwards treated to ice cream by Mr. Lynch, proprietor of the show. The children of St. Vincents Orphanage were also invited but unfortunately were unable to be present.

As the G. W. V. A. is behind the show, it is worthy of the patronage of our citizens. Every dollar which is spent on the circus ground, part of it goes to the G. W. V. A. boys who are endeavouring to pay off the mortgage on their home.

The Lynch Shows travells the Maritime Provinces and is always well received. The manager Mr. W. P. Lynch is the youngest Manager and owner of a show of this nature. In the business the amount of employees number in all fourty-five and it requires three cars to transport the show.

appeal for a good organization, and thanked Dr. Jenkins and Messrs. McKinnon and Kennedy for their kindly and sincere attitude.

Hon. Dr. W. J. P. MacMillan, amid great applause was called upon to address the meeting. He congratulated the assemblage on the magnificent spirit of co-operation and harmony which was displayed. He first referred to the unholy alliance which exists between the Liberal and Progressive parties, and in regard to the Customs scandal, stated that there was not a more disgraceful condition of affairs in the history of any civilized country. Dr. MacMillan said that at the last election he had attached a number of the King cabinet, and the recent Customs disclosures prove that the whole lot of them are soaked in the same dye. The ladies who at last election voted for a "nice man," might this time consider before they voted, for the man who had seconded the motion to lay aside the notorious Duncan report, "the report that was not fit to be published."

Dr. MacMillam then paid a tribute to the Rt.Hon. Arthur Meighen. Did Mr. Meighen later with the Progressive group to obtain power? No. He said, "you may support me if you wish, but I am not going to sacrifice one iota of the principles of the Liberal-Conservative party.

Dr. MacMillan concluded with fitting reference to the appointment of Hon. W. A. Black of Halifax as Minister of Railways.

The Convention, one of the largest and most enthusiastic in the history of the Country, in which the votes of 474 delegates were actually recorded; then closed with three cheers and a tiger for Messrs Myers and Messervy, and also for the Rt. Hon. Arthur Meighen, and heartily singing the National Anthem GOD SAVE THE KING

### ANNUAL MEETING

A very large and representative meeting of delegates to the Annual Convention of the Queen's County Liberal-Conservative Association opened in the Strand Theatre July 22nd, at 11 a. m. with the President, Mr. W. Allan Stewart in the chair. The minutes of last annual meeting were read by the Secretary, Mr. Norman W. Lowther, and duly approved. The President then read his annual report as follows, which was adopted with applause,

To the Liberal-Conservative Association of Queen's County,

Ladies and Gentlemen:

Since I last had the honor of presenting my annual report Canada has passed one of the most eventful years in her political history. In the general election of October 29th, the King government appealed to the people for a workable mandate consisting of a controlling majority over all parties in the Commons. The answer of the electorate was a decisive one, resulting in the return of 116 Conservatives, 24 Progressives, 2 Labor and 1 independent in opposition to his following, of only 100. Actuated by greed for office Mr. King and his party refused to bow to the popular will, and, with the tenacity of despair, held on to the reins of government, by means of bargain and barter with the susceptible of progressives, until forced to retire on June 29th, under the shame of scandals disclosed by the Customs probe. After a six months fight for political existence of wasted time in which nothing was done, and at an enormous cost to the country, the position of Prime Minister was handed to the elected choice of the people, the Right Hon. Arthur Meighen, whose Government are now to appeal for a stronger and unmistakeable mandate at your hands.

In provincial affairs the over forty year old Liberal government of Nova Scotia was almost wiped out of existence by a landslide which placed the Conservative Premier Rhodes at the head of administration. New Brunswick in like manner sent the Veniot Liberals into the hades of defeat to install the Conservatives under Premier Baxter in the seats of government. In Saskatchewan, where Liberals in their hey-day were boasting of a growing strength, the Conservatives made a gain of three seats, WHILE THE LIBERALS LOST TEN. These, following the accession of the Conservative Ferguson government in Ontario, defeating the Drury Progressive party, and the magnificent victory of our own Conservatives led by Hon. J. D. Stewart (now Premier) over the incopetent Bell government, all combine to leave no doubt upon any intelligent mind as to the sure trend of the popular will in favor of Conservative systems of government in every part of Canada.

I would emphasize that notwithstanding all these factors in our favor the call to duty is now more urgent than ever before. The Customs probe and many other disclosures shows the unscrupulous character of those we have to contend against, and the experience of the last six months has demonstrated the intense need for a strong and stable government backed by a majority amply large enough to control the affairs of state with a steady hand, unhampered by interested factions with mercenry visions on the treasury and on national legislation. With this purpose in view I would call upon every Conservative, and every honest home and country loving Liberal, to condemn that which has been shameful and degrading in the past, and to join with strong and united hands in giving to the Right Hon. Arthur Meighen the biggest and most intelligent following that ever did honor in the House of Commons to any Canadian Premier.

In closing I wish to thank the officers and members of the Executive, the poll officials in town and country and especially the ladies all of whom gave us the most excellent of service, and the great rank and file of noble workers whose labors so much contributed to our most recent successes. With these my personal relations have been most pleasant and will ever be gratefully remembered.

I have the honor to be Ladies and Gentlemen

Obediently and faithfully yours,
W. ALLAN STEWART.

Strand Theatre, July 22nd, 1926.

On motion of Mr. Norman Gillis all poll committees were re-elected as they stood at last convention, subject to a few changes since made by polls on account of death or removals.

The Executive of last year were re-elected as they stood at last convention, subject to a few changes since made by polls on account of death or removals.

The Executive of last year were re-elected by the separate votes o the several districts as follows:

1st District—George M. McKay, Emerald; Jerome McGuigan, Kinkora.

2nd District — George White, York; Lyman Premere, Hampshire

3rd District—Wm. J. Gibson, Marshfield; Chas. McDonald, Mt. Stewart

4th District—John Fraser, Avondale; Norman Gillis, Eldon

5th District—W. Allan Stewart, Michael Conway, Norman W. Lowther, all of Charlottetown.

The following resolution was moved by Mr. John Fraser of Avondale and seconded by Mr. Norman Gillis of Eldon.

RESOLVED that as the Liberal-Conservatives of Queens County in annual convention we renew our appreciation of the Hon. J. D. Stewart and the Government of which he is leader, and the care and diligence with which they have endeavoured to implement their pre-election promises to govern the province in line with the wishes of the people as expressed at the polls.

We heartily endorse the many complements extended by the press and public men of this and other provinces upon the success of our Premier and his colleagues at the Premier's Conference, one of the direct results of which was to secure an increase of $40,000.00 to our annual revenue, which we believe to be only a partial recognition of our claim on "Railway taxes" account, and in which, with the practical and business-like administration of Rt. Hon. Arthur Meighen in power, we confidently believe a fuller settlement will be secured bringing to our treasury the much larger sums on this account to which we are entitled.

We further congratulate him upon that splendid expression of the confidence of the people who, in three bye-elections since our last annual meeting, returned three members to support his government the Hon. H. Frank McPhee, Mr Geo. D. Pope and Mr Norman McLeod, all of whom will be of valuable assistance in the conduct of the affairs of the Province.

Mrs Andrew Murphy moved the following resolution, seconded by Mrs J. E. B. McCready,—

RESOLVED that this Queen's County Liberal-Conservative Association congratulates the Right Hon. Arthur Meighen upon the decision of the people of Canada to place him in power, in the election of Oct. 29th, and upon his accession to the position of Prime Minister, after an eight months usurpation of office by the bartering, condemned and defeated Mackenzie King government.

With satisfaction we refer to the Customs probe inaugurated by the Conservative party under the able direction of the Hon. H. H. Stevens resulting in those startling disclosures, now familiar to the reading public, exposing frauds smuggling, protection of criminals and robbery of public revenues, and a shameful complicity, and acquiescent approval in the knowledge of the government of those flagrant public wrongs. These exposures we believe will create a cleaner public service and, under the watchful care of Premier Meighen and the new Minister of Customs—Hon. H. H. Stevens—many millions of dollars will be saved to our national treasury.

With pleasure we approve the splendid fight against the intended destruction of the automobile industry of Canada, by which a duty on material used in construction and an abolition of the King government sales tax, equivalent to the reduced duty on cars, was secured, thus ensuring a continuance of the auto industry, and at the same time enabling the car manufacturers to sell their autos at a material reduction in price.

The promise of a "brick for brick" tariff in the matter of farm and agricultural products we believe will be of great benefit to the farmers of this Province, and that a restriction upon the $800,000,000 of pork, eggs, and farm products now imported into Canada cannot fail in giving to our people a more stable market and better prices for the products of our farms.

With these in view we pledge our heartiest support to the Meighen government, and urge upon all Conservatives, and all true country loving Liberals who place honesty before party, to strive earnestly for a strong support from this province, that upright and clean methods may prevail at Ottawa, and that we may not again return to a period of shame and disgrace similar to that just brought to a close.

Both resolutions were received with loud applause and unanimously passed.

On motion of Robert A. McPhail of Clyde River, seconded by N. A. Gillis of Eldon, it was unanimously

RESOLVER, that at the nomination of candidates, on the first ballot, and in all balloting were two candidates are to be chosen, every ballot paper must contain the names of two persons, and all ballots for a less or greater number must be rejected.

Meeting then adjourned to meet at 1.30 to nominate candidates.

Mr. and Mrs. J. Kenny, motored from New York on a visit to relatives in Morell. En route they were joined at Ottawa by Mr. and Mrs. Kenny. The party left on return today.

Mr. K. M. Jenkins, merchant of New Glasgow, N. S., has arrived on the Island to visit friends.

While in Charlottetown he will be the guest of his nephew, P. J. and Mrs. McDonald. z zz

Miss Gracie Gay and Mrs. R. C. Reed of Boston have arrived home to spend part of the summer with their parents, Mr. and Mrs. Von Clure Gay at "The Cedars." Mrs. Reed was accompanied by her two children, Madeline and Rachel. Their many friends here are delighted to see them again.

Mr. and Mrs. Cecil Kemp of Yarmouth, who have been spending their holidays with the former's parents, Captain Ernest Kemp and Mrs. Kemp of this city, have returned to Yarmouth, where Mr. Kemp is accountant in the Bank of Nova Scotia.

## Facts for Voters

A Liberal Government first gave us 2-cent postage in 1898. A Liberal Government—the Government of Rt. Hon. MacKenzie King—gave us back this boon in 1926 by striking off the 1 cent war tax. Every time you post a letter you share in the benefit of Liberal rule, a benefit which every Conservative in the House of Commons from Mr. Meighen to Messers. Macdonald and Messervey, voted to deny you.

The date of the Election is Tuesday, September 14th. Just eight weeks away. The battle is now joined, and it is for Liberals everywhere to rally their forces and to fight not only for the preservation of their free institutions, won by hard struggle, but for freedom from the exactions of High Protection, as the declared fiscal policy of the Meighen Party. It is an issue upon which Prince Edward Islanders should have no difficulty in deciding for themselves in the interests of their homes and their Province.

Mr. Meighen has opened his campaign with a speech which follows the expected lines, It developed three lines of appeal. First, the greater part of it was devoted to the customs inquiry in which he sought to capitalize for partisan effect the smuggling evil and to fasten upon the former Government all the odium that the ingenuity of a prosecuting attorney could manufacture for the activities of the band of rum-runners and other evaders of the customs laws of the United States as well as Canada, who operated on the international boundary in the Province of Quebec. This, as expected, is to be the piece de resistance of the Meighen campaign.

In the second place, Mr. Meighen made an ingenious but far from convincing attempt to excuse his own responsibility from which he cannot escape, for an invasion of the fundamental principles of Responsible Government and for a departure, without precedent in England for 100 years, from constitutional usage, which is the very bedrock of self government in Canada as in England.

In the third place, Mr. Meighen nailed the High Tariff flag firmly to the Tory masthead when he declared that it was "the intention of his Government to restore definitely and clearly the principle of Protection in the Customs Tariff." This after all was the chief feature of a speech, made in Ontario and chiefly for Ontario consumption. Its meaning is perfectly plain. It is of a "brick for brick" tariff, which is to say a High Tariff and consequently higher taxation for the people of Canada. The higher the tariff the higher the prices to the consumer.

Now we know the kind of tariff Mr. Meighen will give the people of Prince Edward Island, if his Government is returned.—a tariff to raise our taxes for the benefit of manufacturers in Central Canada.

Under date of June 29th, Rt. Hon. W. L. MacKenzie King wrote the Canadian High Commissioner in London asking him to forward a message to Premier Baldwin and Rt. Hon. L. S. Amery, Secretary of State for Dominion Affairs. Extracts from the communication and the replies thereto follow:

"I wish you would express to both the Prime Minister and the Secretary of State for the Dominions my deep appreciation of the very cordial and happy relations which have existed between us throughout my tenure of office as Prime Minister of Canada."

Premier Baldwin's reply to High Commissioner Larkin, dated July 1, last, reads as follows:

"I write to thank you for your letter of the 29th June, in which you sent me Mr. MacKenzie King's message upon relinquishing his office as Prime Minister of Canada. This event marks the end of a period during which, as Mr. MacKenzie King says, our relations have been consistently most cordial and happy. I should be grateful if you would be so good as to thank Mr. MacKenzie King for his kindly message which I have very much appreciated.

Mr. Amery's reply to High Commissioner Larkin, in part, is as follows:

"I am glad to know that he (Mr. King), like myself, has appreciated the cordial and happy relations which have existed between us during his tenure of office, and I have to thank him for the unfailing courtesy and consideration with which he has dealt with the various matters which, from time to time, I have personally brought to his notice."

This correspondence proves conclusively that a spirit of the utmost goodwill and co-operation always prevailed in the relations between Mr. King's administration and the Imperial Government. The record of the MacKenzie King's Administration, the tariff question, reductions in income and automobile taxes and postage rates and the abolition of the receipt tax, will be a few of the many planks in the platform of the Liberal Party in the coming campaign according to plans discussed at a meeting of the New Brunswick Provincial Liberal Committee held on the 20th inst. Hon. Dr. W. E. Foster, chairman, presided.

Every constituency in New Brunswick had its representatives in attendance, Hon. Peter J. Veniot, ex-Premier of the Province, was present.

There will be no acclamations, it was said after the conference, and every constituency will be contested.

Inserted by Mr. R. H. Jenkins' Committee
