Ups and Downs In Tryon And Vicinity

Listen, listen while I tell, Pardon if it's not done well, As our spring weather is so fine I'd sooner not scribble a single line, But would enjoy roaming to and fro, Backwards and forwards as birdsies go.

Under the dazzling blue of the sky, Up and down they fly and fly, The grass grows green under one's feet, And dandelions so wondrous sweet, The leaves are green upon the trees, Blowing so gently in the breeze, As one gazes upon the sweeping pines, Foremost in your thoughts are the poet's lines

"A poem as lovely as a tree I think that I shall never see," Everywhere you gaze is beauty, Don't you think it is your duty, People big, people small, To praise the one who made it all?

Miss Isabel MacFadyen of Tryon, spent last week-end with her parents, Mr. and Mrs. P. MacFadyen of Riverdale.

A very pleasant social event took place on Tuesday evening, May 15th

when the North Tryon friends of Miss Vera Wood gathered at the home of Mr. and Mrs. C. Elmer Gamble and tendered her with a miscellaneous shower. The evening was pleasantly wailed away in music and games of all kinds. The gifts were opened by Miss Millie Gamble, R. N. Miss Wood then thanked the donors for the beautiful and costly gifts given her. After partaking of a dainty lunch everyone left for their respective homes hoping Miss Wood, who is soon to be a party in an interesting event, would have her path strewn with roses throughout life.

Farming operations went along with a whizz and a bang last week, many farmers had finished seeding and were turning all their attention to their "Spuds". Of the last named quite a few acres are reported planted, but the wet weather for the last few days hindered progress to some extent, but it is hoped if the weather clears up that the greater part of the crop will be put in by the end of a couple of weeks.

The first thunderstorm of the season took the people by surprise early Monday morning. Although some of the lightning was quite heavy, the storm was not severe and no damage was done in this community.

Her many friends are pleased to know that Mrs. MacDonald of Augustine Cove is able to be about again after being confined to her home for some time with rheumatism.

Mrs. John Dixon of Dixon's Mills is spending a couple of weeks with her sister, Mrs. John MacDonald of Augustine Cove.

Mr. and Mrs. Art Jay of Borden, P. E. I., were motorists to Augustine Cove on Tuesday evening.

The fishermen of Victoria and vicinity are rather blue those days account of so much wind, making it impossible for them to fish their lobster pots, but cheer up, the worst is yet to come! Oh, excuse me I meant "the best is yet to come" and we all know that every cloud has a silver lining.

Mr. Jim Cobbs, accompanied by his apprentice, Mr. Eldon Lord were motorists to Augustine Cove on Tuesday evening, in their "Yellow Speed Tub". Mr. Cobbs is a second "Handy Andy" when anything goes wrong with the various joy wagons, which occasionally happen to go amiss.
