Eastern Trust Shows Upward Trend

HON. F. B. McCURDY, P. C., President

MR. F. H. M. JONES, General Manager

HALIFAX, N. S., Feb. 14.—Continued progress in the affairs of the Eastern Trust Company was revealed at the annual meeting of the shareholders held here today.

In addressing the shareholders the president, Hon. F. B. McCurdy, P. C., reported net earnings for the year of \$156,315. This was an increase of \$3,484.76 over the preceding year. Assets reached a new high total of \$38,988,014.40, greater by \$4,383,292.58 than for the preceding year.

Dividends were paid at the regular rate of \$8.00 per share and with these deducted the Profit and Loss Account was increased to the amount of \$28,821.24. Again an addition of \$5,000 was made toward the establishment of the Staff Pension Fund.

In commenting upon the adjustments which will be necessary in the period ahead Hon. Mr. McCurdy said: "This year saw the end of World War No. 2. Its successful prosecution called for the sacrifice of many lives in our gallant armed forces and the best endeavours of willing civilian helpers in many directions. That was part of the price of victory, and as we turn to meet the problems which will accompany our new-found peace, we shall have to exercise courage and patience that we can muster. There is no easy way out. There are still large expenditures for de-

mobilization and re-establishment of, and pensions to, returned men to be met—and they will be gladly met—and debts incurred during the War, which will constitute a milestone around the necks of this and more than one succeeding generation. Our duty is to face the problems with stout hearts and to overcome them one by one as they arise. That can be done."

The Public continues increasingly to utilize the Company's Facilities and Staff. Hon. Mr. McCurdy stated at another point in his address: "There are today so many business situations perplexing to individuals but capable of solution in experienced hands that the call on the Company's advisory service in this particular alone absorbs a large part of the time of several senior officers. The volume of Trust business in its various phases continues to expand, and the policy of the Company is always to give a highly efficient service to customers large and small."

Deep regret was expressed at the death during the year of Thomas P. Tobin, K. C., a Director of the Company since 1916, and Vice-President since 1932. He was succeeded as Vice-President by Mr. A. V. Campbell, who recently returned from an absence of several years on War Service.
