THREE FACTS

For Sick Women To Consider.

First.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine that holds the record for the largest number of absolute cures of female illness is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, healthy, backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

Third.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Now, Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and best way of recovery advised.—Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female illness Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, in very foolish if she does not take advantage of this generous offer of assistance.

Stomach Troubles Of Long Standing

WHEN DOCTORS' TREATMENT FAILED THIS SEVERE CASE WAS ENTIRELY CURED BY

DR. CHASE'S KIDNEY-LIVER PILLS.

Doctors failed to cure Mr. De Courcy because they were satisfied to treat the stomach instead of getting at the cause of trouble in the liver and bowels.

The most complicated and deep seated digestive troubles yield to Dr. Chase's Kidney-Liver Pills, because of their direct and combined action on the liver, kidneys and bowels. We are continually receiving such letters as the following in regard to the failure of mere stomach treatment:

Mr. Patrick De Courcy, Millgill, lot 40, P. E. I., writes:—"For some time I had stomach trouble, and was scarcely able to do anything at all. I was treated by doctors, but they did not seem to do me any good. A friend advised me to try Dr. Chase's Kidney-Liver Pills, and I did so, to very great advantage, for my old trouble has disappeared, and, though past middle age, I feel young and hearty again. I have great confidence in Dr. Chase's medicine. And her interesting case of liver derangements and stomach troubles is that described in this letter:—

Mr. James Montell, Saurin, Simcoe county, Ont., writes:—"I have used Dr. Chase's Kidney-Liver Pills for liver complaint, biliousness and terrible sick headaches, and have found that they are more effective than any treatment I ever tried. They cleanse the system thoroughly, remove the cause of pains and aches, and make you feel fresh and strong again. Dr. Chase's Kidney-Liver Pills are also excellent for stomach troubles. By means of their direct and specific action on the liver—causing a healthful flow of bile—they regulate and relieve the action of the bowels and ensure good digestion in the intestine. At the same time they stimulate the kidneys in their work of filtering poisons from the blood. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or E. BIRD'S REVENGE ON NEST ROBBER.

NEW YORK, June 17.—The Herald has received the following dispatch from Colorado Springs, Col.—Frank Schreiber of this place is badly injured as a result of a fight with a mother eagle, whose young he stole from a nest on the side of a precipice six hundred feet from the valley below.

Schreiber discovered the nest in the North Cheyenne Canon, 180 feet from the top of the precipice. He descended to the nest by means of a rope. When he seized two of the young birds the mother swooped down on him and fought him with all the skill her maternal instincts could inspire.

Schreiber used a pistol with poor effect and soon the rope which held him was gnawed until he snatched and Schreiber fled down the almost perpendicular cliff a distance of six hundred feet. That he was not killed was due to the fact that at intervals projecting ledges broke the force of his fall.

The Light That Most Nearly Resembles Sunlight

There's no artificial light used that can begin to compare with that given out by acetylene. Acetylene more nearly resembles sunlight than any other known commercial illuminant.

And we all know that sunlight is the only perfect light. Therefore, the nearer any artificial light can be made to resemble sunlight, the more nearly perfect it must be.

Colors can be matched, and their true shades defined, quite as well under acetylene as under sunlight. More than this, plants grow almost as well under the influence of acetylene as they do under sunlight.

No other known commercial illuminant can make these claims. There are different grades of acetylene—depends upon the quality of the carbide used. Calcium Carbide is the best. You're interested, aren't you? We can interest you still more if you will send us your address.
