Could scarcely get up or down without help.

Had a severe pain in the small of the back.

Was treated in the Hotel Dieu, Kingston, but not cured.

Kidney trouble was the trouble.

Doan's Kidney Pills

Cured Mr. George Graves, Pitts Ferry, Ont., of a very bad case of kidney trouble.

He tells about the cure in the following words: "I cannot recommend Doan's Kidney Pills too highly. I never took anything that did me so much good. I had a severe pain in the small of my back and could scarcely get up or down without help. I could hardly urinate, but when I did the pain was terrible. I was in the Hotel Dieu, Kingston, last winter and when I came out I was some better but not cured. It was then I saw Doan's Kidney Pills advertised. Since taking them I have been completely cured and have not had any trouble with my kidneys since."

STEAMER HARBINGER'S ESCAPE

DIGBY, April 24.—The staunch little steamer Harbinger, which plies between Westport and other Bay ports, when leaving Westport a day or two since got into the Bore Head Rip and had a serious experience. The mate was washed from forward aft over the deck load, and the steward well nigh drowned. The Harbinger managed to make harbor again and continued her trip later.

COUGHS, COLDS AND ASTHMA

As Well as Croup, Bronchitis and Whooping Cough Are Quickly Cured by

Dr. Chase's SYRUP OF Linseed and Turpentine.

The virtue of this great prescription of Dr. Chase is so well known in Canadian homes that it seems useless to do more than remind you that it has a large sale and is curing more people than ever before. Mrs. J. W. Lloyd, Albion street, Belleville Ont. writes:—"In the beginning of last winter I took a very severe cold, accompanied with a bad cough, and was almost laid up for a time. I tried several remedies with indifferent results. On the advice of a friend I got a bottle of Dr. Chase's Syrup of Linseed and Turpentine and found that it relieved the cough at once. By the time I had taken the one bottle my cough was gone, and I can truly recommend it as a splendid remedy for coughs and colds."

THE FUTURE OF CANADA

IN THE FLOUR TRADE. It is said that no where on the face of the earth has a grade of wheat been produced to equal the No. 1 Hard Wheat of Manitoba. Other wheat producing countries are realizing this as they begin to feel the competition of Ogilvie's Flour in foreign markets. It will not be long until Manitoba and the Northwest Territories produce sufficient grain to supply the wants of Great Britain and Ireland, and if the customs duties were sufficiently lowered they would probably capture the best trade of the United States. Canada has a great future as a flour-producing country, and incidentally it may be mentioned that the Ogilvie Flour Mills Co. are the leading exporters in Canada to-day.

MARVELLOUS DISCOVERY OF GOLD, SILVER AND COPPER ORE MADE ON PROPERTY OF THE EASTERN NATIONAL COPPER COMPANY, Ltd., AT CHETICAMP, CAPE BRETON

ORE-BEARING SCHISTS From 75 Feet to 100 Feet Wide, AND TRACED FOR 5000 FEET ON THE LENGTH; DEPTH OF 85 FEET ALREADY PROVED

MR. M. V. GRANDIN, engineer in charge of the development work, reports the discovery of an immense body of gold, silver, and copper bearing ore from seventy-five to one hundred feet wide on the property of the Eastern National Copper Company, Limited, at Cheticamp, Cape Breton.

engaged in blocking out a body of ore estimated to contain 160,000 tons, worth \$16.00 per ton or higher. The development work is well advanced and is proceeding night and day. All the surface buildings have been completed and the main slope is now down eighty-five feet, all in ore, and the calculations of the prospectus as to the thickness of the ore body and assay value per ton have been exceeded fifty per cent. Another gang of men will shortly attack the deposit from another point. It is estimated that every dollar spent underground opens up two hundred dollars worth of ore. The value of the big new deposit has not yet been determined, as it has not been fully explored.

THOUSANDS OF TONS OF ORE ALREADY IN SIGHT. Every Day Adds to the Proved Value of the Mine.

THERE is no safer form of mining investment than good gold-copper deposits, as they occur in immense veins and carry regular values. Many of the private fortunes of the United States owe their origin to a lucky investment in a gold-copper proposition. The property of the Eastern National Copper Company, Limited, is undoubtedly one of the most valuable in the country. Besides its extensive mining claims the mining company controls timber for mining and building purposes and will also have natural water-power.

A LIMITED AMOUNT OF STOCK IS OFFERED AT \$3.00 PER SHARE (30 CENTS ON THE DOLLAR) PAR \$10.00. The stock was started at \$1 per share, and has advanced steadily to \$3. Next advance will likely be to \$5, and we expect that it will be quoted at par—\$10—in the Spring, based on ore actually blocked out. Less than 1000 shares will be sold at the present figure of three dollars.

Applications for Stock Should be Addressed to Alfred Bennett & Co., Fiscal Agents, 16 PRINCE STREET, HALIFAX, N. S. Agents Wanted in Each Locality. Write for Prospectus.
