A number of excursions are booked to come off next week from Pictou to Cardigan, Souris, Montague, and other points in this province. The Guardian's attention has been drawn to this in connection with the fact that smallpox is prevalent in Pictou and in view of this it would seem that oversight should be taken of these excursions, by which all possible danger of infection may be avoided. The very towns at which the excursion steamer plans to call have out a small percentage of their population vaccinated and the danger becomes the more apparent when this is considered.

Why Not Have Rich, Red, Healthy Blood?

Doesn't your very existence depend wholly on the condition of your blood? Can't you understand that as your very life blood courses through the veins, that health and strength depend entirely on the blood.

Ruddy cheeks, that elastic step, youthful vigor and the ambition for greater things are marks of good health. With every heart beat your blood is either doing good or harm.—if it is not overthrowing disease, it is a boding place for germs and sooner or later the very disease germs that would have been expelled by good blood are shortening your very existence.

If your stomach is not strong, why continuously taking pre-digested foods? Why not get at the root, cure the trouble—take "Nulife" (Red Blood Tablets). The very air you breath will not help you if the trouble is in the blood.

Look at the matter from a sound, sensible standpoint. You know well enough that when the blood is rich it feeds your entire system—nourishes and rebuilds wasted tissues, strengthens and stimulates.

Look at the matter from the opposite side. Don't you understand, that when the blood is poor, the effect on the system is disastrous—what should show healthy satisfaction is transformed to an ultimate breeding place for disease germs and unless timely checked by some reliable remedy it shakes out your very life.

Nulife (Red Blood Tablets) is a remedy that enriches the blood by increasing the corpusels and with every heart-throb it carries its healing, strengthening properties throughout your system—and when taken in time will give to your cheeks the ruddy glow of health that is sought after by everybody.

There's only one best blood medicine and it's "Nulife" (Red Blood Tablets). It's a cure for any disease arising from poor or impure blood. A pale and sallow complexion, a general muscular weakening, depression of spirits, lack of ambition, anaemia, cholorosis or green sickness, palpitation of the heart and shortness of breath on slight exertion as well as dozens of other diseases that arise from a poor state of the blood, and people should not be slow to heed nature's warning—take "Nulife" (Red Blood Tablets).

For sale by all druggists and general stores in the Province. If your druggists cannot supply it send direct to Johnson and Johnson, Charlottetown, Wholesale Distributors.

Price 50c a box—6 boxes mailed postage prepaid for $2.50.

PAUL GILMORE IN THE MUMMY AND THE HUMMING BIRD

IMPORTANT TO YOU

By way of introduction, let us tell you that Paul Gilmore is one of the most popular stars of the States. The play in which he will be introduced to us is the one that made him a star, "The Mummy and the Humming Bird," and was played originally in London by Sir Charles Wyndham with great success. It is a society Comedy Drama and has held popular favour ever since it was first produced, having been played continuously ever since. It is to Mr. Gilmore what "Rip Van Winkle" was to Joseph Jefferson, what "Faust" was to Lewis Morrison; what "Monte Cristo" is to James O'Neil, and will live as long as Mr. Gilmore lives.

Miss French, who is featured with Mr. Gilmore, needs no introduction to our theatre goers. She will be remembered as having appeared as leading support to Robert B. Mantell during his last visit to this part of the country.

EXTRACTS FROM ST. JOHN PAPERS.

Paul Gilmore heartily received. Greeted by bumper house. Splendidly presented. Audience very appreciative. Every act was heartily applauded, and at the end of the third act, Mr. Gilmore was called before the curtain for a speech. Every possible advantage was taken by Mr. Gilmore and his Company of the opportunities allowed them, etc —Standard.

Fine performance. Delighted audience. Paul Gilmore talented actor. Much praise for Miss French. The play is an English Comedy-drama, with numerous advantages for the capable Company to display their ability. The costumes of the ladies were a source of much admiration, etc. —Telegraph.

If Mr. Gilmore, Miss French and Company receive proper support and encouragement during their engagement here they will return in other New York successes.

Mon. and Tues. July 25 and 26—"The Mummy and the Humming Bird."

Wed. and Thur., July 27 and 28—"The Wolf."

Prices 35, 50, 75—4 rows at 1.00. Carriages at 11 No free list.
