J. H. McQUAID, formerly manager of the Sydney Branch of the Merchants Bank of Prince Edward Island, has been transferred to the Canadian Bank of Commerce at Antigonish, N. S. Some time ago Mr. McQuaid was located in this city.

CORRESPONDENTS are respectfully asked when sending communications to the Guardian to condense same as much as possible. In news items if all the facts are given that will be ample—and the item will if authentic be published without delay.

A VERY happy event took place at the home of Donald and Mrs. McNevin, New Haven, on June 27th, when their daughter Miss Catherine was united in marriage to Harry M. Smith, of Quincy, Mass. The nuptial knot was tied by the Rev. D. Price, in the presence of the immediate relations and friends. The bride was attended by Miss Ada McDougall of Argyle Shore while H. McNevin, brother of the bride ably supported the groom. The bride was the recipient of numerous and costly presents, amongst them being a handsome cheque from her brother Mr. McNevin. The groom's present to the bride was a valuable gold watch and chain. Mr. and Mrs. Smith will reside in Quincy.

THE death of Jean Alexandra, the little daughter of J. H. and Mrs. Brooks, formerly of Victoria, occurred at Calgary, Alberta, on the 3rd inst. in circumstances which makes the loss of their only child a sad bereavement for the parents. Mr. and Mrs. Brooks and the little girl who was only 4 years and 7 months old, went from this Province to the west about three months ago, and much sympathy will be felt that the father and mother have had to sustain such an affecting loss at the outset of their life in their adopted home. The little one contracted the measles, and although all available medical skill was procured and good nurses had the case in charge, complication ensued and the young life was lost. The regard of their neighbors in Calgary was testified for Mr. and Mrs. Brooks by the many beautiful flowers sent to express their sympathy.

THE traffic to Vernon River Bridge by train and boat this season is very large. The transferring of freight intended for outjourning business and forming sections from boat to train causes quite a commotion on the wharf. To an uninterested business man, the necessity of a new bridge is apparent, as the old one has outlived its usefulness, and like many a human being after a long life of strenuous exertion its members are scarcely able to keep the bridge from dissolution. It is to be hoped that the Government will continue to build permanent works, and as soon as necessary arrangements can be made, place a new and modern steel bridge on Vernon River and thereby accommodate one of the best farming and business centres on the Island. With the river properly dredged and new steel bridge erected Vernon River Bridge would have facilities for taking its place as a leading business centre, as its farmers, merchants and professional men are second to none on the Island.

THE work of the Summer School at Sydney, C. B., is progressing very favorably. Large enrollment, enthusiastic classes, admirable opportunities for nature study, all combine to make this one of the best seasons of the school. Nova Scotia, New Brunswick, Prince Edward Island, the ancient colony of Newfoundland, and the Republic to the south have all contributed to the membership of the school. Members are being added each day. The lecture by Dr. Bailey, of the University of New Brunswick, Fredericton, was one of exceptional interest. His subject was The Human Telephone or Our Brains and What They Contain. The comparison between our brains and a telephone system was complete. Central station, individual lines of communication, etc. were taken to illustrate, nerve centres, nerves, etc. By the aid of elaborate drawings the entire nerve system, was illustrated and explained. The opening lecture of the Summer School Course was replete with information clearly and agreeably given.

Effervescent Fruit Salt—Our own make—Nothing like it for disordered stomach and impure blood. Gives a clear complexion and insures good health. Only 25c per bottle—A. W. Reddin Pharm-B-Sunnyside.

OWING to the large number of other public attractions taking place during the month of July, the demonstration of the Sons of Temperance which was to have been held in Victoria Park, Charlottetown on July 19th has been indefinitely postponed.

ENSON and Mrs. Squarbriggs, Capt and Mrs. Forsay, and Prof. Hawley will render a special musical and vocal program at the Salvation Army Barracks, on Great Geor. Street, on Thursday night. In addition to this a little child will be given away. Ice cream at the close.

AN American writing to a friend says "From Tea Hill, I obtained one of the most exquisite views I ever saw, but when I reached Vernon River Bridge I was in ecstasies." This is the spot which you can go to, and return with St. James' Sunday School on Monday next for 25c.

THE right kind of a boy can secure a position with rapid promotion, if he applies at this office at once.

Mrs. Dr. Lodge will be at home on Tuesday and Friday afternoons at her home on Sydney Street—first door from Weymouth.

Do not forget the excursion up West River tomorrow—Thursday when St. Paul's Church Sunday School picnic will be held. City of London makes two trips one at 9.30 a. m. the other at 3 p. m. Tea will be served on the grounds for visitors. Boat tickets 15c for adults; 10c for children. All will be welcomed.

DELEGATES expecting to attend the session of Grand Lodge I. O. G. T. at Montague on the 12th and 13th July will be pleased to learn that Bro. Sydney Purdy, G. Treas. of Nova Scotia will be present this year and will contribute much to the interest of the session. The opening of the Montague Branch will afford an opportunity to Good Templars of attending Grand Lodge and at the same time taking a trip over the new line. Tickets to Cardigan or Montague will be issued at one first-class fare on July 11th and 12th good for return up to and on July 14th. Agents are instructed to explain fully to delegates the train arrangements to Montague. A public meeting will be held at 8 o'clock on July 12th, to which all are invited. A good program is being prepared and addresses will be given by the leading workers and by visitors from abroad.

THE weed meeting held on Saturday afternoon in Souris was well attended. The speaker, Prof. Lochead and Mr. Clark first indicated the weeds brought in, described their habits of growth, and the best means of combating the noxious ones. Many important questions came up regarding our present agricultural conditions. The members of the institute took part frequently in the discussion, showing that they were very much interested. They made good use of the opportunity afforded of getting information first hand on the problems that have been troubling them. Monday July 9th Mr. Clark will be at Kingsboro with Mr. Drummond to speak on weeds. Profs. Ross and Lochead will speak at the weed meeting at Tracadie Monday. This arrangement was necessary because Mr. Anderson could not stay longer on the Island. Tuesday, however, Prof. Lochead and Mr. Clark will continue their series of weed meetings by speaking at Middleton on Wednesday a weed meeting will be held at Tryon, and on Thursday they will speak at Tyne Valley.

REDUCED A HARD SWELLING.  
Mr. Gus E. Groux, writing from Pembroke, tells how he was injured in a lumber camp. "A heavy log rolled against my leg and I was laid up with stiffness and a hard swelling. When I applied Polson's Nervine I got relief. A few rubbings with this good liniment cured me." In the bush, Nervine is indispensable. It cures neuralgia, colds, rheumatism and internal disorders. No person can afford to be without Nervine for all internal and external pain. Large bottles 25c. at all dealers.

Judgment was reserved for one week. A. J. B. Mellish appeared for the prosecution and W. A. O. Morson, K. C. for the defence.

THE semi-annual examination of the Centre Line School, Bridgetown, took place on Thursday, June 28th, in the presence of a number of the rate-payers and visitors. There was a good attendance of pupils present. They were examined by their teacher Miss Alleen Laird, and showed by their ready answers, careful training. After the examination a number of the pupils gave some good recitations. Then the whole school, together with the visitors, were liberally treated to candy by Mr. John McLeod. The trustees after a few remarks of commendation to the school, expressed their regret at the teacher's resignation, and the pleasant event came to a close.
