TRINITY UNITED CHURCH

The worship services of Trinity United Church were led by Rev. L. E. G. Davies of Trinity United Church, Summerside, who exchanged pulpits with Rev. Hugh Huggins for this Sunday.

THE BAPTIST CHURCH

On the first Sunday in June, Children's Day was observed, with a large Junior Choir giving leadership to the music as well as rendering two anthems, 'Thine Precious Love' and 'Madest Earth and Heaven'.

Province of Quebec

Reference was made to the excellent record of the Young Workers' League, who with 45 members had earned 38 certificates, five of these for perfect attendance for a period of thirty weeks.

Province of Ontario

Heavy rainfalls have retarded farm operations, and seeding, not yet completed, is two weeks late. Early-sown grains have germinated satisfactorily.

DEPARTED GLORY

BRISBANE, Australia. (CP) — Days when Redbank, location now of a military camp, was a thriving commercial centre, were recalled by the discovery of a 70-year-old diary.

CONFEDERATION LIFE INSURANCE

PPOLICE COURT — At the Police Court on Saturday morning one drunk was released. Seven operators of motor vehicles were charged with non-payment of license. Their cases were adjourned.

JUVENILE COURT

At a session of the Juvenile Court on Saturday morning, three boys charged with stealing and other minor offences were committed to the care of their parents for a trial period of six months. Another lad charged with stealing was ordered into custody for a week pending the hearing of his case.

Miss Dorothy Keefe has arrived

in town recuperating from an illness in the Ambrose Hospital. Miss Keefe is a graduate nurse of that hospital and will spend the summer with her parents Mr. and Mrs. G. R. Keefe, Richmond Street.

CROP REPORT

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the services. The morning section of each local situation and are in touch with crop conditions in all sections of the districts mentioned.

General

Seeding operations are nearing completion in the Prairie Provinces. Early-sown wheat is well advanced and is of even growth. Moderate to heavy rains have been beneficial in some areas but in the central, east-central and northern districts of Saskatchewan where moisture reserves are low, early and generous rains are needed to accelerate germination of late-sown wheat.

Prairie Provinces

ALBERTA — Wheat seeding is practically completed and the sowing of coarse grains is well advanced. Late seeding is being overcome by good growing weather and early sown wheat is well above the ground. Moisture conditions are present are satisfactory throughout the province, but hot, drying winds in the northeastern section have depleted reserves and rain will be required. Pasture and sugar beets are satisfactory. Saskatchewan — Seeding operations are nearing completion in most districts early-sown grain is showing good, even growth. Present moisture conditions are satisfactory in the south-western section, but in other districts, particularly the northeastern area, early heavy rains are required to assist germination of late-sown grains. Grass-hoppers are hatching in large numbers in the southwestern district, but measures are being taken to control them. Seeding of wheat and coarse grains is virtually finished. Germination has been satisfactory and early-sown grain is showing well above the ground. Moisture conditions, except in the northwestern district, are adequate for the present, but good general rains will be required through the season to ensure a continuance of good growth.

Province of Quebec

EASTERN TOWNSHIPS & OTTAWA VALLEY — The season on the land has been delayed. Seeding on high lands is under way but in many sections low-lying fields are still too wet to work. The soil is in good condition with ample moisture and, given favourable weather, growth should be rapid. Pastures are making good progress; there is little evidence of winter kill. Apple trees are coming into blossom and appear to have wintered well. Lower St. Lawrence and John District — Unfavourable weather conditions have delayed farm work and the season generally is two weeks later than average. With higher temperatures now prevailing, seeding should shortly be general. Pastures appear to be in good condition but wintering of stock is needed. Fruit trees wintered well and prospects are favourable, although adverse weather conditions have retarded blossom development. Tobacco plants are well advanced and transplanting will be general in a few days. The acreage planted in flax, cured and burley tobacco is expected to be reduced by 33-1/3 per cent and 12-1/2 per cent respectively.

Province of British Columbia

Favourable weather has continued throughout the province and heavy rains in the interior have been beneficial to crops. Seeding in the Fraser Valley was delayed by rains but is now approximately 90 per cent completed. Growth generally is satisfactory with damage from late frosts negligible. Hay is expected to yield good crops; the first cutting of alfalfa has commenced in some districts. Tomatoes and potatoes are making satisfactory growth on slightly increased acreage; other vegetables are doing well. A heavy bloom and set indicates a good tree fruit crop in the interior while in the lower Fraser Valley a light crop is anticipated due to a poor bloom set. The berry season is one of the earliest on record. A heavy crop of strawberries is expected; ripe berries are already moving in volume. Increased tonnage in loganberries is anticipated. Pasture is plentiful with ample water for present irrigation purposes, but the reserve is below normal.

FINANCE

By Frederick Gardner Associated Press Financial Writer

NEW YORK, June 2 (AP) — Hesitancy returned to the stock market Saturday after a week devoted mainly to calming war-shaken speculative nerves.

Transfers of 273,446 were the smallest for any Saturday since Jan. 20. They compared with 554,330 a week ago. The Associated Press average of 60 stocks was off 1.1 of a point at 38.5, but of a week it showed a net gain of 4 of a point. It was the first weekly advance in five weeks.

Canadian issues were sluggish. Dealers Seagrams added 1-8 and some Mines 1-4. On the curb, few Canadian stocks were dealt in. Brazilian Traction dipped 1-4 while Canadian Marconi and Imperial Oil held unchanged.

Among the day's losers were U. S. Steel, Bethlehem, United Aircraft, Douglas Aircraft, Lockheed, General American Smelting, Sears Roebuck, Montgomery Ward, Great Northern, Texas Corp., Union Carbide and Westinghouse.

General Motors and Chrysler edged up minor fractions. Ahead small amount were American Telephone, Western Union, Santa Fe, Sperry and Goodyear.

The market had the benefit of forecasts of a brisk increase in next week's steel mill operations.

Market At A Glance

(By The Canadian Press) Toronto — Industrial and gold stocks higher; other groups lower.

NEW YORK — Stocks closed lower. Winnipeg — Wheat 1-1-4 cents higher.

NEW YORK — Rubber higher; cotton lower.

GRAIN

CHICAGO, June 2 (AP) — Prices on the wheat market here Saturday finished 1-4-5-8 cent higher. July 2-31 7-8, September 22 1-4-1-8. Corn closed 1-8-3-8 up, July 61 1-2, September 60 7-8. Oats un-

changed to 1-4 up; Rye 1-4-1 cent higher and 5-4 higher.

Confused European news, reports of renewed vigor on the war along the Somme and of possible entry of Italy kept traders alert but encouraged little activity.

WINNIPEG, June 2 (CP) — Independent strength encouraged by light offerings and moderate export buying boosted wheat futures prices more than two cents during Saturday's short session on Winnipeg grain exchange.

Conditions reacted somewhat from their highs, however, and closed 1-2 higher, with July wheat at 75 1-2 and October at 77 7-8 cents a bushel.

Wheat prices at Buenos Aires scored gains ranging from 1-4 to 5-8 cents.

TORONTO, June 2 (CP) — Showing slightly more strength than weakness, the Toronto stock market nevertheless put on a sluggish performance in the final session of the week. Only 95,000 shares changed hands, index gains of .74 and .39 were posted by the industrials and the golds respectively while the base metal shares lost .69 and the western oils .18.

In the cheaper goods, Bankfield, Malartic Gold Fields, Naybob, and Siscoe traded in sizeable volume at better prices.

A firm tone ruled the senior golds and the close was up a few cents for East Malartic, Hard Rock, Pickle Creek, Sylvanite, Teck Hughes and Wright Hargreaves. A few secondary issues, including Aunor, Bralorne, Central Patricia, Little Long Lac, MacLeod-Cockshutt and Pioneer, weakened narrowly.

The price tone improved for the utility, liquor, textile and food stocks and the steels, papers and senior oils showed little net change. Most of the adjustments were in small fractions. Canada Packers, Moore Corporation, Shawinigan and Walkers common advanced a point while losses of a point or more came through for Canadian Locomotive, Consumers Gas, Dominion Bank, Dominion Foundries and DeHavilland.

West western oils appeared in the 7 cents, Calgary and Edmonton lost 3 and Poothills 2. A broken lot of Royalite traded at 20, unchanged.

NOTICE

All motor vehicles operating on the highways of Prince Edward Island must be registered immediately. The police are authorized to make a check up and any one operating without a license will be dealt with as the law directs.

Organizer of Fascist Unity Party Arrested in Toronto Raids

Adrian Arcand, head of the National Unity Party in Canada, was arrested May 30, by R.C.M.P., following the arrest of his associates in the alleged Fascist organization.

He is seen here haranguing members at a Montreal meeting.

though no swastikas were seized, as in Montreal raids, anti-Semitic literature and anti-British imperialist documents were taken by police. In Montreal, where police have made 20 raids, these leaders were photographed earlier as they met at party headquarters.

'FUEHRER' ARRESTED

As the R.C.M.P. acted swiftly to round up allegedly subversive elements in Canada, Joseph Farr, national organizer of the National Unity party, was taken into custody. He is shown giving the Nazi salute at a party meeting.

BRISBANE, Australia. (CP) — Days when Redbank, location now of a military camp, was a thriving commercial centre, were recalled by the discovery of a 70-year-old diary. The 144 town was a cotton, meat, and coal centre in the 60s and 70s.

Pamphlets, documents, badges, and National Party uniforms were allegedly seized by R.C.M.P. and city police, May 29, in Toronto raids, which resulted in the arrest of Joseph Farr and John M. Lorimer. Arrests were made under the Defence of Canada regulations, Al-
