—GIRL GUIDES DOING GOOD WORK — The Girl Guides of Summerside are doing a splendid service in making a house to house canvass to find out who is willing to entertain the soldiers who will be in Summerside on Christmas and New Years Day. It is expected there will be 200 men in Summerside during the holiday season. The boys would appreciate the hospitality of the citizens. Besides the hospitality of private individuals, a social function or dance would

no doubt go over big with the young people if it could be arranged. The main thing is to make the boys feel at home and also give them an opportunity of meeting friends of their own age. Friendly games of hockey with a town team or basketball fixtures; cutting or any of the winter sports should be made available for the armen and other members of His Majesty's Forces and would be an excellent way for them to get acquainted with the young people. The boys will be here for several weeks and the impressions they take away with them when they leave will go a long way to boost the town. —S.
