WET OR DRY BATTERY STORAGE?

A Battery that has been in use a full season or longer has given a large part of the service it was designed to give. As a precaution against trouble next season, we recommend

DRY STORAGE

for the winter months. Your battery will be taken down, thoroughly cleaned and treated, carefully stored, and in the spring re-assembled with new separators, fresh acid and re-charged. Such a thorough going over as this insures that your battery will be in perfect shape for next season's work. The cost is very little more than for wet storage, and will save several times the extra cost in avoiding loss of time and repair bills next summer.

Come "Where Service Reigns" and talk it over.

Soft, Velvety Skin

Sudden changes are taking place in weather conditions at this season. It is a time when the skin needs extra care and protection.

Our Velvet Skin Lotion

will keep the skin free from annoying roughness and irritation. It should be used before and after exposure to the sun and wind. Pleasant to use because it is neither greasy nor sticky and is readily absorbed.

Try it once, and you will always want to use it.

Price only 40c per bottle.

REPORT OF MILITARY SERVICE DEPARTMENT NINE MONTHS JANUARY 1.—SEMPTEMBER 30, 1912.

The Annual Meeting in January having decided that the balance of our Military Funds should be devoted to the service of returned men in hospitals and sanitariums and that other activities being conducted by the Military department should be discontinued, the following relates to our hospitalservice only.

During the period under review there has been an average of approximately 5,000 returned men in hospitals and sanitariums throughout Canada. These are now confined to twenty-seven institutions conducted by the Department of Soldiers Civil Re-Establishment and other hospitals where they are sent for special medical or surgical treatment. They are now distributed as follows:

Maritime Provinces	576
Manitoba and Saskatchewan	70
Ontario and Quebec	2784
Alberta and British Columbia	874
	4925

The number of institutions at which these men are located has not been greatly reduced during the last six months, but Fredericton, New Brunswick; Davisville Toronto; Convalescing Home, Ottawa, have been closed out and the patients transferred to other centres. Military patients are now divided into three general divisions Tuberculor Mental and General Disabilities. While cured discharges are continually being made from these three divisions there is a considerable number of new men coming into the hospitals for treatment whose health has broken down as a result of their war experience. It is not, then likely that the net number requiring treatment will greatly diminish during the next year.

The Y. M. C. A. service to these men has been promoted through

(a) Secretaries stationed in each of the large hospitals where the service to be rendered justified the full time of a secretary.

(b) Secretaries each covering a number of smaller hospitals in a given community.

(c) Sending of supplies and equipment from headquarters and periodical visits of supervising secretaries to isolated hospitals.

We have at the present time throughout the Dominion the equivalent of the full time of fifteen and a half secretaries devoted directly to the hospital work and the time of three secretaries in an administrative and supervisory relationship.

In a number of instances local Young Men's Christian Associations have related themselves to this hospital work and are co-operating with the National Council in our service.

While the best service rendered by our hospital secretaries is that of the helpful influence of their Christian personalities as they move among these unfortunate men; rendering services to hundreds of ways which cannot be tabulated; co-operating with the hospital authorities and other organizations and individuals interested in the patient's welfare, the following brief statement of activities will give some indication of the extent of our services.

(a) A continuous supply of writing material has been provided for all these institutions.

(b) Large quantities of books and magazines have been provided.

(c) Through the generous co-operation of motion picture film exchange, over 2,000 individual movie shows have been provided in the hospitals during this period the Y. M. C. A. providing, in most cases, entire mechanical equipment and covering all expenses in connection therewith. These shows were seen by groups of from several hundred in number to a half dozen bedridden patients in a hospital ward.

(d) Through the co-operation of groups of loyal women workers and of entertainers and artists over two hundred concerts, entertainments, socials and dances have been provided in the hospitals during this period, the Y. M. C. A. assuming any financial obligation.

(e) The promotion of outings automobile rides, attendance at concerts and shows in churches and theatres, sports gatherings football, hockey, baseball games and movies have been important items in our service.

(f) We have given direction to and provided equipment for athletics and games to the extent of the patients' ability to participate and enjoy.

(g) In co-operation with Christian ministers, religious services have been regularly conducted in most hospitals.

(h) The Y. M. C. A. has expended during the period under review the sum of $63,000 in connection with its service to men in hospitals and sanitariums.

It is our belief that at no time since the outbreak of the war has the need of the individual soldier for service the Y. M. C. A. can render been greater than in those unfortunate men, who, three years after cessation of hostilities, are confined to hospitals or sanitariums, often far removed from home and loved ones. It has been the aim of the Young Men's Christian Associations in a sympathetic and helpful way to keep these men in touch with the outside world and assist in every way their recovery and return to normal life.

W. C. REAN,
Chief Supervisor.

IN MEMORIAM

MRS. K. H. McGUINN

The friends and acquaintances of Mrs. K. H. McGuinn, formerly Miss Lulu Laird, of Cavendish, P. E. I., were shocked and saddened by the news of her unexpected death at the Good Samaritan hospital in Portland, Oct. 9th says the White Salmon, Wash. Enterprise.

The body was taken to Vancouver, B.C. and interment made in the beautiful Ocean View Cemetery on the banks of the Frazer river, overlooking the ocean.

Mrs. McGuinn, who before her marriage was Lula McNeil Laird, was born 28 years ago at Cavendish, Prince Edward Island. Here she lived her early years, with the exception of her absence at school and business college, until 1910 when with her family she moved to Vancouver, B.C. In 1913 she was married to K. H. McGuinn, who with two children, Myrtle, aged six and Charles 3, survive her.

Since her marriage she has lived in the different coast towns until December 1917, when she came with her husband to White Salmon, which has since been her home.

Mrs. McGuinn was a devoted wife and mother, with a passionate love for flowers and music was gifted with a pleasant voice and had been a member of several church choirs in different churches in the towns in which she had made her home.

She was an active church worker, was in charge of a Sunday School class in the Congregational church and a member of the Woman's Club and Guild and social organizations of the town.

Funeral services were conducted by Rev. Frizella, of Vancouver Heights Presbyterian church, Oct. 13th.

A few simple hymns were sung, the reading the 23 Psalm and a short but cheering and comforting sermon concluded the services at the church.

The floral tributes sent by friends, and relatives from Portland, Vancouver and the East, together with those from the many friends and organizations from White Salmon made a veritable bower of beauty of the chapel and were a fitting testimony of the love and esteem in which she was held by all who knew her.

Her husband, children and family have the sincere sympathy of the entire community.

POPE'S ALLOCUTION— Pope Benedict, in his allocution delivered at Monday's secret consistory, dealt with the subject of disarmament, expressing pleasure at the calling of the Washington conference.
