**FATHER'S DAY**  
JUNE 15th

**The Top Gift For Dad**  
Is a HAT!

A new Hat for DAD brings new pride and pleasure to the whole family.

You surprise "HIM" with a sparkling gift package—a miniature hat and a beautiful gift certificate—He surprises "You" when he comes back from Moore & McLeod Ltd. with a new hat that's tops for style and comfort. That's the biggest thrill for DAD—getting the right hat—"shaded" right for his complexion—"shaped" right for his face—"styled" right for his special personality—DAD always did go for a successful appearance—and he'll go for the hats shown at MOORE & McLEOD LTD.

**TO ATTEND MARIAN CONGRESS:** Rev. J. A. Sullivan, Vice-Rector of Saint Dunstan's University and Rev. J. W. McCordle, Chancellor of the Diocese left Tuesday for Toronto. On return they will attend the Marian Congress to be held in Ottawa next week.

**MISS MARGARET SCOTT** - Funeral services were held at Nunan and Thompson's funeral parlors at 2.30 pm, Wednesday, June 4, for Miss Margaret Steveson Scott of 6187 Granville Street, a resident of this city for the past thirty years. Miss Scott was the daughter of the late Rev. William Scott, who was the pastor of several Presbyterian churches in the province of Quebec and Prince Edward Island, and Mrs. Scott, who was born in St. Sylvester, Que., and loved to Vancouver from Charlottetown, P.E.I. in August, 1917. She is survived by one brother, Walter M. Scott, Winnipeg, Man., and two nieces, Mrs. G. E. Lightheart and Miss Winnifred Cairns, Vancouver. Interment was in the family plot, Mountain View cemetery. - Vancouver Daily Province.

**P.W.C. YEAR BOOK** - The Prince of Wales College Book, 1946-47, has just been issued containing a wealth of information about the students and activities of the College term. It carries a helpful preface by the principal, Dr. G.D. Steel and gives biographical details of all the graduates together with individual pictures and a large number of group pictures representing all the College classes and organizations. Sports and other activities are fully reviewed. The book, which runs to over 120 pages makes a fine souvenir for all students and others interested, and will doubtless be in great demand.

**GOOLF CLUB Weekly Dance** tonight. Tickets on sale main entrance. Price 75 cents each.

**Personals**

Mrs. John Black of Woburn, Mass., arrived in the City Saturday night to be with her aunt, Mrs. Annie McMahon, who is seriously ill at the Sacred Heart Home here.

Misses Dorothy and Eleanor Duffy and Miss Phyllis Prunty, were visitors to Moncton, N. B., last week end.

Mrs. Wilbur McCarville, Kinkora, returned home recently after spending the winter months in Milton, Mass.

Misses Doreen Ross, Phyllis Russell and Sally MacDonald, all of Charlottetown, were week end visitors to Amherst, N. S. While there they were the guests of Miss Dorothy Estabrooks.

When Beets Are Young, Their Tops Are Tender, and Rich in Vitamins

Beets give a heavy yield for the space they take in the home garden.

FOR THE BEST IN MEN'S WEAR

**BEST BEETS AS BIG AS GOLF BALLS**

When Beets Are Young, Their Tops Are Tender, and Rich in Vitamins

Beets give a heavy yield for the space they take in the home garden.

den; and can be harvested all summer long and served in many delicious ways.

The height of their quality is reached when they are as big as a golf ball; so several sowings at intervals are advisable to keep new crops coming to be harvested in their prime.

If you have trouble growing beets, it may be your soil needs lime. They are among the first vegetables to show bad effects from acid soil. It causes stunted growth, small roots, and too much red and yellow coloring in their leaves.

If your beets showed these symptoms last summer, be sure to spread lime or limestone screenings over your garden this spring.

Beets also suffer from crowding, after their roots have begun to swell. They always require thinning out, because each seed is really a cluster of seeds, and too many plants will always grow, too close together, no matter how thinly the seeds are sown.

Germination does not average as high as many other seeds, the federal standard being 65 per cent. It is usually advisable to sow seeds an inch apart. Let them grow until the tops are four or five inches tall, and the roots have made small globes; then thin them so that the plants stand four inches apart. The discarded should be cooked, tops and roots together.
