he symbol of *Healthful Cleanliness*

Clean-up Week May 17th to May 22nd

Use Old Dutch and Clean-up Week will be a complete success, and with less work too.

Untiringly Old Dutch carries on its crusade for *healthful cleanliness*. It stands for health, it safeguards your family, it makes your kitchen, bathroom—the entire home—spick and span, wholesome and sanitary.

Laboratory tests prove that surfaces cleaned with Old Dutch are wholesome and hygienically clean, because Old Dutch erases all dirt and invisible impurities.

There's nothing else like Old Dutch. It is composed of a natural detergent; free from harsh, scratchy grit, acid and caustic. To the eye a fine powder—the microscope shows that its particles are flaky and flat shaped. They work like thousands of tiny erasers, removing all uncleanliness without scratching.

As healthful cleanliness is the safeguard to health, so Old Dutch is your safeguard to *healthful cleanliness*.

Dizzy Spells
Come from Constipation

Your doctor will tell you that nine times out of ten dizziness and headaches mean that your body is being poisoned by constipation. Nujol prevents them by removing the cause.

Constipation is dangerous for anybody. Nujol is safe for everybody. It does not affect the stomach, and is not absorbed by the body. Medical authorities approve Nujol because it is so safe, so gentle and so natural in its action.

Nujol makes up for a deficiency of natural lubricant in the intestines. It softens the waste matter and thus permits thorough and regular bowel movements without griping.

Nujol can be taken for any length of time without ill effects. Unlike laxatives, it does not form a habit, and can be discontinued at any time.

Ask your druggist for Nujol.

SECOND STEAMER ON ROUTE—The Halifax Herald says:—Mr. W. A. Shaw, manager of Newfoundland-Canada Traders, Ltd., Halifax, announces the placing of a second steamer on the route between Boston, Halifax, Summerside, Charlottetown, St. Pierre and St. John's, the Magnhild which is now under charter to the company for twelve months and at present en route to St. Pierre and St. John's from Saint John, N. B., and Halifax via the two island ports, having left Charlottetown on Friday. This will give Charlottetown and Summerside freight connection by water with Boston, something the two Island ports have not enjoyed for some time, or rather since the Plant Line withdrew ten years ago or longer. Commonwealth Pier in East Boston where the trans-Atlantic liners dock, will berth the Magnhild, and her first sailing from there will be on May 22nd. It is planned to maintain regular sailings from Boston from that date on. The steamer Homestead is the second boat the company has operating. She is now south from Halifax making the rounds of West India ports, having left Havana a few days ago for Jamaica, and from there goes to Porto Rico and up to Boston, making the next sailing from the latter port to the same ports covered by the Magnhild.

::An Oil of Merit.—Dr. Thomas' Eclectric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

Use Minard's Liniment in the stables.

Labor's Manifesto

LONDON, May 17.—The Labor party in a manifesto relating to recent events says:

"For the purpose of checking unconstitutional governments and acting as a defensive weapon in the industrial battle of labor, the general strike has its place, but the emancipation of the people from capitalism and the re-establishment of Socialism must be achieved primarily by a political organization."

Dogs Now Eligible Tenants

VIENNA, May 17.—Admission of dogs has brought joy to the hearts of the future tenants of 25,000 model apartments built and owned by Vienna. But a feeling of bitterness remains with others who were on the waiting list, for they had their pets put to death to avoid risk of losing the first apartment that might become vacant.

TREE-TOP STORIES

A GIFT

MARJORIE came and stood beside Mother's chair. Mother looked up, smiling, and then she smiled more deeply.

"The Fairies have been here, I see," she said. "Go and look in the mirror."

Marjorie ran over to Mother's dressing table. There, on the tip-end of her small nose, were five tiny specks of gold!

"O! I know!" she excaimed. "The Fairies gave me these when I smelled the daisies today. I thought I heard them laughing."

When supper time came, Marjorie washed all of her face but the end of her nose with the five tiny gold-specks on it.

FAMOUS FEET
..how they're kept free from corns..

FLORENCE O'DENISHAWN'S *Famous Dancing Feet*

"Keeping fit, to a dancer, means first of all keeping the feet in trim. Tight ballet shoes and strenuous dancing are apt to irritate the tender cuticle of the toes." So writes the well-known dancer, Florence O'Denishawn.

"Blue-jay is an indispensable friend. It keeps corns and calluses away."

And what a delightful way to end a corn! A cool and velvety cushion fits over the corn and stops the pain at once. Usually one plaster conquers the corn in 48 hours. But, if obstinate, a second plaster vanquishes the most stubborn offender. At all drug stores.
