IN MEMORIAM MRS. STEPHEN J. MCAULAY The people of Souris Parish learned with a feeling of sadness that death had removed from their midst a much beloved and greatly respected member in the person of Mary Ellen, wife of Stephen J. McAulay of Souris. She passed peacefully away on the morning of April 11th. The deceased who was in her 54th year was a woman of inestimable character and was greatly beloved by her neighbours and all who had the pleasure of her acquaintance. Although an invalid for a number of years she guided her family with love and Christ an example and their loss will be deeply felt by her devoted husband and family to whom she was ever the good counselor and mother. She bore her sufferings with the fortitude of one who knows of the reward hereafter.

That Body of Hours By James W. Barber, M.D. GASTRO-ENTEROLOGY, COLIC IN CHILDREN A few years ago when an infant had an attack of gas (flatulence) and colic very little was thought or done about it, except perhaps to give a little "peppermint water", and sometimes, unfortunately, some paragon or laudanum. To-day the mother visits a child's specialist—and asks what change in diet must be made in the diet to prevent the gas symptoms. The modern mother knows that when there is vomiting, pain, belching of gas, constipation or diarrhoea there is something "wrong" with the diet.
