**PROGRESSIVE.**—St. Mary's School is making good progress under the capable management of Mr. Zachariah Buote. Although the weather has not been all that might be expected the attendance is reported, is very good. It is worthy of note that, notwithstanding the fact that Mr. Buote has to walk about two and a half miles to, and from school every day, and that this has been one of the severest winters for some years, so far he has only lost one day, and that was the day of the worst storm we had for some time, and on which even the schools

**GOOD LECTURE.**—The lecture delivered last Thursday night, in St. Ann's Church, by Father Walker, of Rollo Bay, was instructive as well as interesting and was enjoyed by a very attentive and appreciative audience. The subject of the lecture was Joan of Arc. It was needless to add any details as a good account of a lecture in Souris on the same subject, and by the same lecturer, has appeared in a recent issue of the Guardian. It is sufficient to say that each one who heard it felt better for having heard it, and many expressed the hope that although this is the first, it might not be the last time that they would hear Father Walker lecturing.—Z.

**POLICE COURT.**—At the Police Court yesterday morning the case against Geo. A. B. McDonald, charged with a first offence against the prohibition Act, was resumed. At a previous hearing Lewis Wood swore that he had bought a bottle of whisky in the "Two Macs" Drug store, none of the clerks whom he did not now having sold it to him. His statement was that he bought the liquor on St. Valentine's Day, Feb. 14th and paid 60 cents for it. Yesterday morning the defendant and his staff gave evidence. His Honour, having heard Counsel on both sides, reserved judgment till this morning. No other prohibition cases were returned to the 20th inst. One "drunk" Daniel Stewart, was fined \$5 or 20 days.

**WEDDING BELLS.**—A quiet wedding was solemnized at the Robertson manse on Wednesday evening, March 4, says the Edmonton Journal, when Miss Catherine Grant, daughter of Mr. William Grant of Murray River, P. Flint, Thirty-seventh street, and has lived in Edmonton for some time.

**NEW BRIDGE MEETING.**—A large and enthusiastic meeting was held in Annandale School-room on Wednesday evening, March 11th, to further discuss matters pertaining to the building of a bridge on the Grand River. Mr. John Howlett was appointed chairman and Mr. Roy Howlett Secretary. Among the speakers of the evening were Messrs. G. E. Saville, Robert Howlett, A. D. McDonald, Durell and Mr. J. M. Morrow, who argued very strongly in favor of having a bridge built on the Grand River in the most suitable location and where it would accommodate the most people. Mr. G. E. Saville at the conclusion of a few remarks moved the following resolution which was seconded by Mr. A. D. McDonald of Durell and carried unanimously by the meeting, viz., Whereas all the people living between the East Point and Georgetown in this Province would be benefited if Grand River were bridged at Annandale of Poplar Point. Therefore resolved that this meeting ask the Provincial Government to have a survey made at both places and take such steps as may be necessary to have a bridge built at whichever place is most convenient and at the

**WEDNESDAY**

**CAUGHT IN STORM.**—A letter received yesterday by Mr. Charles Cuming, Chief Engineer of the Northumberland, from his son Charles, who holds a similar position on the Standard Oil Tank Steamer, City of Everett, tells of a severe storm in which the steamer was caught in the voyage from New York to Tampico, Mexico. So badly was the steamer strained by the heavy seas that the fuel tank was torn away from its fastenings, tearing out all the oil heater pipes, smashing the heaters and doing considerable other damage. The home port was communicated with by wireless and the steamer was ordered to Jacksonville, Florida, for repairs. She was at this port at time of writing.

A very sad accident occurred near Kensington Station Monday evening when Mr. David Walker, an aged citizen of New Annan, was driving into Kensington. Mr. Walker, who was a lover of horseflesh and an experienced driver waited until the train going east had passed on its way before proceeding along that perilous piece of road which runs parallel with the railway line just outside Kensington but had apparently not noticed or known that a second train, which was the one delayed at Miscouche was coming and his horse, a spirited beast, as far as can be learned bolted throwing Mr. Walker against a post, severely cutting his leg and bruising his side. The accident was viewed by many on the train at Kensington but to the one known of its seriousness until Charlottetown was reached. When the runaway was noticed help was quickly given and the spirited horse caught, but not before the aged gentleman had been thrown to the ground where he was found and tenderly cared for. Medical aid was given by Dr. Alex. McNeill of Summerside and the injured man was taken to his home in New Annan but the shock proved too severe and his spirit passed away during the evening. The deceased gentleman, who was 82 years of age, was very active for his years and enjoyed good health. He was highly esteemed by his neighbors and friends and his sudden and sad demise after his long and useful life came as a severe shock to all. Besides his grief-stricken wife he leaves to mourn the loss of a devoted father, three children, Harry David and Etta all settled around him, and the following brothers and sisters all of whom have reached an advanced age viz.—Mrs. Elijah Schurman of Miscouche who last Sunday celebrated her 92nd birthday; Mrs. (Rev.) Hugh Brown, Summerside, N. Y., 86 years of age, Thomas J. of Kensington, aged about 76 and a younger brother William now in Vancouver. To these bereaved ones is extended the sincerest sympathy of all. Mrs. George Brown of Margate and Mr. Wm. J. Walker niece and nephew of the deceased who were in Charlottetown when the accident occurred have gone home to attend the funeral which takes place today Wednesday at one o'clock to the Peoples Cemetery at Summerside.

earliest moment and further resolved that a copy of this resolution be sent to each of our representatives in the Provincial Legislature, the Hon. John A. Matheson and Mr. Temple W. McDonald and to two of the Charlottetown Daily papers for publication. The following motion was made by Mr. J. M. Morrow seconded by Mr. Robert Howlett and carried unanimously, viz. That a committee of five be appointed to request the local government to make a survey of the Grand River between Annandale and Morrison's Beach as well as at Poplar Point for the purpose of ascertaining which is the most suitable location for the building of a bridge. The above mentioned committee was duly appointed as follows, viz. Messrs. Douglas McDonald, E. McFarlane, P. P. Morrison, J. M. Morrow, and John Howlett. Mr. P. Morrison who was the last speaker of the evening in the course of his remarks expressed himself as highly in favor of the building of a bridge on the Grand River but he said, he was speaking for himself and he believed the people of Launching as a whole when he said that a bridge on the Grand River between Annandale and Morrison's beach, would be of far more benefit to the people of Launching than a bridge at Poplar Point. After which meeting adjourned. Roy Howlett, Secretary.

William Arnold Murray is the name given to the child in the holy ceremony. Rev. A. McLeod, a former pastor of The Mount Stewart Presbyterian Church preached very acceptably on Sunday last taking as his text the words: "The Kingdom of God is not in word but in power." In a lucid and forceful style characteristic of the speaker, he clearly pointed out the essential work of the pulpit, showing the futility of mere oratorical effort, or florid utterances, not accompanied by the power of the Holy Spirit.—L.

**GREY FOR CHARLOTTETOWN.**—The rumor that has been current around the city for the past few days that the Earl Grey would likely try for this port some time this week has been confirmed by Capt. Taylor, Marine Agent, who has informed the Guardian that if the weather is fine on Friday the Grey will try for Charlottetown. The Minto will continue on the Georgetown-Pictou route.

At Fort Augustus on Monday, March 9th inst., the death occurred, of Mr. Philip Duffy, who was one of the oldest residents in that community.

He had attained the age of ninety-four (94) years. Deceased was always a man of strong vigor, and during his long life was seldom ill, a few years ago he was seized with a paralytic stroke, from which he never fully recovered, but was able to go around as usual until a few weeks ago, he was confined to his bed, where he gradually grew weaker, and on Monday morning his spirit passed away.

He was always a devout Catholic, and during his illness, was attended to by his pastor the Rev. Father Allen McDonald.

He lived with his son Patrick on the old homestead, which is one of the best in that section of the country, and from which his remains were borne on Wednesday morning, March 11th, to the church nearby, where a solemn High Mass of Requiem was sung by the Rev. A. J. McDonald, P. P. Thence it was conveyed to the adjoining cemetery and interred.

He leaves to mourn three sons, Patrick on the old homestead, Jas. P. at East Royalty and George in the United States, also four daughters Mrs. P. Heron, St. Augustus; Mrs. M. Cumiskey, Charlottetown; and Mrs. Jns. Aylward, and Mrs. D. A. McAvoy of Lynn Mass.

His wife predeceased him some years. To those remaining we tender our sincere sympathy. May his soul rest in peace.

**SPEEDY PROSPECTS.**—That there is an abundance of speed in and around Granville, was amply shown by the number of speedy turn-outs on the ice Monday evening last. Charles McLeod had his Kalol

trotter out and there appears to be no bottom to his speed limit and people are wondering just how fast he can step. Then for speed size and beauty, John McKay's Baron Ideal, is probably unsurpassed among the island's best and it is rumored around that he will be shown in the

horse fair where the chances are very favorable for him carrying away the red colours. Besides the above there are a number of promising 2 1/2 year olds, and Thomas Fallind has a handsome gated trotter which for speed is certainly cock of the roost.—X.
