—J. S. TAYLOR, Optometrist, Charlottetown, will be at his Alberton office this Saturday, May 1st. 4-28-2i.

—PROHIBITION CASE—Before Magistrate W. E. Darby in Summerside on Saturday morning evidence was taken in a case under the prohibition act of a man charged with keeping extract for sale. The case was then adjourned for argument. D. O. Stewart acted for the Crown and W. H. Noonan for the defence.—S.

—INTERESTING PHOTO GROUP —One of the most interesting photo groups in the Summerside Honor Roll Gallery was that of the sons of Gabe Gallant. The entire family of boys enlisted very soon after the outbreak of the war and are now serving in His Majesty's forces. Three of the boys are in active service overseas and the others are now completing their training in Canada. The youngest of the family (Earl) enlisted when he was only sixteen and is one of those who are now in England while another son, Philip, who was also included in the photo group is a member of the Reserve Army. This is a remarkably fine record and one of which Mr. and Mrs. Gallant and the citizens of Summerside may well point with pride, and they have justly earned the right for a prominent position on the Gallery of Honor. Those on active service overseas are: Privates, Edward, Henry and Earle, while those serving in Canada are L. Cpl. Joseph, Sgt. Fred, and Cpl. Callis—S

—THE LADIES AID United Church, Kensington, will hold a pantry sale and bazaar in J. L. Davison's Store Saturday afternoon and evening, May 1st. 4-28-2i.

—500 POUNDS PREPARED — Slightly more than 500 pounds of finished product was prepared at the Summerside dehydration plant yesterday. The output was only a small fraction of the plant's capacity and it was expected that it would be doubled today and increased daily until the plant was running at full speed. The dehydrated potatoes yesterday were packaged and made ready for shipment. The plant has a capacity of four tons of finished products daily, representing approximately 30 tons of raw potatoes. About 20 persons were employed yesterday but the number will be increased as the plant gets into production. The first potatoes were put into the machines on Tuesday.—S.

—PRETTY WEDDING —United Church, Stellarton, N. S., was the scene of a happy event Saturday, April 14th at 1.30 p.m. when Miss Marion Christine Whitehead, Halifax, on the staff of the superintendent's department of the Royal Bank of Canada, was united in marriage to Mr. T. D. MacDonald, now Flying Officer in the R.C.A.F., Newfoundland, by Rev. Mr. MacLennan of Stellarton. Miss Whitehead is the daughter of Mrs. Emily Whitehead and the late Major Whitehead, formerly of Clinton, P. E. I. The groom is the son of Mr. and Mrs. Harry MacDonald, Stellarton. In civilian life he is a lawyer and attached to the Attorney General's department at Halifax. Following the ceremony the happy couple left for Montreal and Quebec City, where they will be the guests of a sister of the groom in Montreal and brother of the bride, Mr. W. Roy Whitehead in Quebec City.

## Honorary Members Of Sorority Are Named Here

It was announced last night by Mrs. Melita O'Hara, official travel counsellor of Beta Sigma Phi that Mrs. B. W. LePage, wife of the Lieutenant Governor of the Province has been named an honorary member of Alpha Chapter of Beta Sigma Phi, large international organization of young business, professional and married women.

Mrs. LePage is active in all artistic, musical and war effort organizations in this city.

Mrs. Keith S. Rogers, wife of Lt.-Col. Rogers, has been appointed Educational Director of the group to act in an advisory capacity. Mrs. Rogers is president of the Canadian Authors Society here, past president of the Women's Music Club and vice-president and membership chairman of the community concert association and is active in artistic and musical circles.

The installation of Alpha Chapter will take place tomorrow evening at the Charlottetown Hotel. The honorary and active members will be formally initiated by Mrs. O'Hara at an impressive candlelight ceremony. A banquet will follow, marking the 12th anniversary of the founding of Beta Sigma Phi which will be celebrated by all 30,000 members throughout Canada, the United States and Hawaii.

The same program will be followed, and as Charlottetown members join this large organization, greetings will be exchanged by chapters from coast to coast throughout the two nations.

The roster for membership in Alpha's charter founder group closes today and Rushing Season for new members will not be until October and on vote of a membership committee.

The organization's war effort has been outstanding and Alpha members will be in touch with the facilities of other chapters. An emergency fund was set up last year in case of blitz or other disasters to assist members and Alpha Chapter will be in line for such a fund in case of an accident.

## Crowded War Loan Meeting At Murray River

At the War Loan meeting in Murray River last evening every seat was taken up and quite a number were standing at the entrance to the hall. From all indications it certainly appeared as if Murray River and vicinity will do its full share in this present campaign.

Owing to illness in his family Mr. Lester Johnson the campaign organiser of the district was unable to be present and the Rev. Mr. Picketts acted in his place and also made an eloquent appeal to the people in a splendid address. He outlined as well the types of bonds and terms of purchase that can be arranged and urged the citizens to be ready for the canvasser when he calls or to go direct to his or her banker to purchase his bonds and arrange terms of payment. Mr. Picketts also referred to the fact that in the last loan campaign the total expenses of the entire campaign were only one percent. He also referred to the very outstanding movie entitled "All These Things" which was shown just previous to his speech.

Mr. B. Graham Rogers of the Travel Bureau was then called upon by Mr. Picketts and he outlined the purpose of these meetings which is to enable as many citizens as possible to get together in a community meeting to hear the details of the present War Loan Campaign and to see the pictures especially prepared for the National War Finance Committee of Canada in order to show us just what a mechanized war is and the tremendous cost involved in life, material goods and money. Mr. Rogers expressed regret that Mr Johnson was unable to be present and the hope that Mrs. Johnson, who is quite ill, would soon be recovered to good health.

The movie entitled "One Day of War" which depicts actual scenes taken on the Russian Front was then shown. The meeting Thursday night is at Rustico.

## Dual Personality Theme Of New Dr. Gillespie Drama

—A romance, a strange case of dual personality, and thrills and mystery in a great hospital go into M-G-M's "Calling Dr. Gillespie," a gripping dual personality mystery now showing at the Capitol Theatre. Its thrills and mystery are blended with many moments of hilarity as well as a tender love story.

The story deals with the discovery by Dr. Gillespie, played by Lionel Barrymore and Dr. Gerneide, portrayed by Phillip Dorn of symptoms of a strange dementia in Roy Tedwell, young socialite depicted by Philip Brown. His wealthy parents and "society doctor" scorn their warnings, until the youth develops "spells" during which he becomes a homicidal maniac. He finally invades the hospital intent on killing the older doctor, who is saved in a surprise climax.

Dramatic highlights are the heroine's discovery of her lover's mad phases; his attack on two automobile salesmen, and the masquerade by which he entered the hospital intent on slaying the doctor who was trying to save his life. Harold S. Bucquet directed.

LORD BADEN-POWELL MEMORIAL FUND

This is another reminder about the fund in memory of our founder and to ask all members of the Guide movement in the province to read again the notice in the Guide column of Tuesday April 27th. Instead of having each member of the movement (which includes Brownies and Guide Association members as well as Guides) contribute one war savings stamp it was decided to ask each member to give the equivalent of one stamp (25 cents). The proceeds will go towards buying victory bonds, thus helping the war effort as well as keeping in memory our great founder. The fund is to be closed May 1st. Will all the members of our Guide family in Prince Edward Island please make a special effort to give this small sum for a great cause. Contributions may be sent to Mrs. Sadler or Miss Duchemin or to your captain or Brown Owl.

## Teachers To Employ Full Time Secretary

A resolution advocating the appointment of a full-time secretary to look after the business of the Federation was passed by a standing vote of the majority of teachers attending the annual P.E.I. Teachers' Federation convention yesterday morning.

Providing the opposition to the measure were a number of Charlottetown and Summerside teachers but they were overruled by a majority of numerically superior groups from the rural sections of the province.

A central office to be in charge of the secretary, will be set up under the new arrangement. Although the resolution was adopted today, there was no indication as to when the new official would take over. At present Mr. Reginald MacDonald of Bedford fills the position of general secretary as a part-time paid official.

Just what remuneration there would be attached to the position of full-time secretary was not determined but provisions were made for an increase of about $2300 in the membership fees. Of course, the setting up and maintenance of an office would have to be provided for out of this amount.

The resolution favored the appointment of a full-time secretary to do the necessary field work for the teachers of the province while a second resolution provided for an increase in teachers' fees to the Federation to agree with the proposed schedule. An amendment to the latter asking that a flat rate of $3 be the increase was defeated.

A third resolution adopted provided the age limit of beginning pupils in rural schools be raised from six to seven years.

Mr. David Lidstone of Summerside was the chairman of the Resolutions Committee.

Preceding the passing of resolutions addresses were given by Mr. Reginald MacDonald, general secretary of the Teachers' Federation Mr. P. W. Turner, provincial sales manager of the National War Finance Committee and Mr. R. S. McBeath, provincial salvage organizer for the province.

Mr. MacDonald advocated the establishment of a central office and appointment of a full-time official to look after the business of the P. E. I. Teachers' Federation and "to help further our own cause and the cause of educational progress in our province."

Mr. Turner appealed to the teachers to support the Fourth Victory Loan and continue throughout the year to boost the sale of war savings stamps.

Mr. McBeath thanked the teachers for the splendid co-operation given in the salvage campaign during the year and solicited their continued assistance.

President's address continued from yesterday's issue:

### Changes In Personnel

Your recording secretary, Francis O'Keefe, has departed from the teaching ranks to resume his studies at St. Dunstan's University. In his place was appointed Mr. Heath McQuarrie of Summerside. Both have been fine workers in your interests. Immediately following the Convention, your Secretary Treasurer, Miss Jacqueline Macdonald became ill. She was indisposed for several months and Mildred Crosby was appointed to fill the vacancy caused when Miss Macdonald resigned. By Miss Macdonald's resignation we have lost one of our stalwarts, one who has at all times given her very best. We are indeed sorry to have lost her from our executive. However, it is with much pleasure that I say that Miss Macdonald has now completely recovered. Miss Crosby has proven herself quite capable and a worthy successor to a worthy predecessor.

Your president, as a member of the Advisory Board of Education, attended a meeting whereby we appealed on behalf of first class teachers with 25 years service. The board ruled at that time that teachers of first class who had been of that class for 25 years, should receive an additional $50 yearly. Consideration had previously been given to second class teachers with similar years of service. At this meeting also, I tried to ascertain what is expected for a Superior Class of License. I refer to those of us already in the teaching service without the decoration "Superior". I have yet to find out the complete answer as have many others who visited the Superintendent personally on their own behalf.

Last summer 3 delegates from this Province attended C.T.F. Convention at Toronto. They were: Miss Agnes Murnaghan, Mr. Millar MacFayden and your President. Sessions began on Monday evening Aug. 10 and lasted till Saturday afternoon Aug. 15. The main theme of the Convention was Federal Aid to Education. It was the opinion of the meeting that the provinces if left to their own resources, cannot furnish the necessary education. It was felt that with other positions offering more enticing wages, the calibre of teacher would not be easy to keep high. A committee was formed to consider the question carefully and make representation to Ottawa in the immediate future. The days of Convention were busy ones. There is no compulsion on you to attend all. However, when one considers that he or she is representing a body of teachers from an entire province, your sense of duty will prevail.

At the past convention, your representatives attended 100% and while by no means leading the pack, interested themselves in all proceedings and gleaned from the same much valuable information.

Education Week was carried successfully in November and will be reported under the Report of Education Week.

We have arranged for this evening's meeting to have Dr. Fletcher Peacock, Director of Education in New Brunswick. We know Dr. Peacock will have a message of interest for us all.

In conclusion, may I welcome you one and all to these sessions. Interest yourself in the doings of the Convention and be ready to do your part if called upon. We have a worthwhile job to do. Let us do it in a worthwhile manner. Any problems you have this is your opportunity to present them.

May I in closing thank you all for your cooperation, particularly the members of the Executive. We trust and pray that when Convention time comes around next year the world will be at peace—that it will be a world where brotherly love shall exist—where true charity shall abound in all its glory—a wish dear to the hearts of each and every one.

## 200 TEACHERS

(Continued from Page 1)

The teachers' exchange system in practise in Saskatchewan has tended to give the pupils a more cosmopolitan view of education.

Before the war there was an exchange of teachers between Saskatchewan and Australia, England, Scotland and the other provinces of Canada.

The teachers of Saskatchewan are granted 20 days' sick leave each year with pay. If these are not taken up after ten years teaching, 200 days or the equivalent of one teaching year has accumulated to the teachers' credit. That teacher is given a year's leave of absence with 75 per cent of salary paid, provided the time is spent at a university.

Speaking of educational theories F.O. Alexander advised the teachers to steer that middle path which avoids extreme ideas. He disapproved of the stern methods of repression of bygone years when teachers sat at their desks with a birch rod and pupils feared to ask questions, and also the more recent trend of educationists who believe that no child is supposed to learn anything unless he wants to. This latter theory has had very harmful results, which are apparent in the air force today, the flying Officer states, where boys come in who never did as they were told before and were never used to being corrected.

Dr. Murphy, the next speaker, congratulated the teachers on their enthusiastic and interesting convention. He regretted that the compensation was so small for this "noblest of all professions".

He emphasized the value of debates as a means of improving oral expression.

Dr. Murphy referred to his own teaching days in the public schools and the problems they had in those days. He recognized several in the gathering who were former pupils of his.

Dr. Steel also expressed his pleasure at being present and hoped that the day would soon come when the teachers would receive more adequate remuneration so that they would not have to take up their time with discussions on salary but could devote their conventions to improvements in teaching methods.

He emphasised the importance of having the elementary grades taught in separate school rooms from the higher grades. The beginning grades are the most important, he stated, for it is in these grades the foundation is laid.
