

"Seal Brand" means a certain, definite blend of high-grade coffee—uniform in quality and always delicious.

Don't take any chances—always insist on having "SEAL BRAND" COFFEE.

1/2, 1 and 2 pound tins. Whole—ground—pulverized—also fine ground for Percolators. Never sold in bulk.

CHASE & SANBORN, MONTREAL.

Every Barrel, Just Like Every Other Barrel

One reason why the Pies and Cake, Bread and Rolls always turn out right when you use

BEAVER FLOUR

is because the flour is always the same. It is milled from blended wheat, Ontario fall wheat, strengthened with western spring wheat. Being blended in exact proportions, Beaver Flour is always the same in strength and quality; and always gives the same results, no matter what or when you bake.

It will be a change for the better when you change from western wheat flour to Beaver Flour, milled from blended wheat.

The Central Guardian

IT PAYS to buy in this Province.

CHURCH OF SCOTLAND.—Rev. Ewen McDougall will preach Sabbath 20th at Kinross at 10.30 Millview at 1.30 and Birch Hill at 6.30.

THE CHAPERONS for the Soiree, in aid of the Belgian Relief Fund: Mrs. (Dr.) Conroy, Mrs. Eden, Mrs. Dalton, Mrs. (Dr.) Jenkins and Mrs. Lyons. 496

SOLDIER COMING HOME TO-NIGHT.—Miss Daisy Douse received a telegram last night from her nephew, Trumptr, Karl Fletcher informing her that he will arrive tonight via Summerside. He enlisted with the Eleventh Howitzer Ammunition Column under Major McKinnon and has been in France for several months. He visit home on furlough will be only a short one.

ISLANDERS AT DALHOUSIE.—The Dalhousie University Pass Lists in the Faculty of Arts and Sciences have been published. There are fewer Island students than usual this year, the war having materially affected the attendance. Fulton Ansell, of St. Peter's, passes in English III and English IV, Philosophy VI and VII. Ernest Parker Duchemin (whose father, Mr. H. P. Duchemin is a native of Charlottetown) makes an excellent showing, taking first class in Philosophy, Latin, English, History and Geology.

SPECIAL NOTICE, CANADIAN GOVERNMENT RAILWAYS.—Commencing today, Thursday 10th inst., a special passenger train will leave Charlottetown at 5.30 a. m. daily, Sunday excepted, for Tignish and return. This train will connect with steamer at Summerside morning and evening, and will leave Summerside or Tignish at 9.45 a. m., and returning leave Tignish at 3.00 p. m. This service will remain until Summer timetable comes into force on the 1st instant. District Passenger Agents' Office, Charlottetown, 423.5, 10M41 day 9th, 1917.

SHIPPING NOTE.—Steamship Beverly, 1414 gross tons, 1012 net, built 885, has been purchased by David W. Simpson of Boston formerly of this province and sold to Newfoundland merchants and is now under the British flag. During the month of April this vessel was thoroughly repaired at New York and put in first class condition. She is now on her way to Boston and will load general cargo for St. John's Nfld. Providing there is sufficient freight and encouragement given, this steamer without doubt will continue to run between Boston, St. John's, and New York.

A FRIENDLY BOWLING MATCH.—The first of a series of Bowling matches to be played between the different Catholic Societies was bowled last evening on the League of the Cross Alleys when the A. O. H. and L. of C. met in a friendly combat. Three games were played the A. O. H. winning one and the L. of C. two making the "League" the victors of the evening. The games were closely contested there being but little difference between the scores in any of the games. The highest individual score was made by James Thistle, of the A. O. H. No doubt when the A. O. H. men get accustomed to the alleys, they will make it even more interesting for their opponents.

INTERESTING TO BREEDERS.—A short time ago the Department of Agriculture in co-operation with a number of breeders in the Hillsborough district joined a Community Breeders' Club. Since the time of organization the interest of the community has been following the movement of this new organization. This is the first of its kind in the Maritime provinces. It is expected that in a short time the club will have a membership of full pledged Ayrshire and Holstein breeders. Already, several of the members have intimated their intention to purchase some pure bred breeding stock, which should be of valuable consequences to the breeders within at least a ten miles radius of the centre. Many questions that will be of value to interested parties will be discussed at the regular meeting of the institute next Thursday evening. Everyone is invited to attend.

A QUEER FISH.—In a tubful of salt water in the window of A. Aiyward's store on Lower Queen St., is to be seen a rare denizen of the deep. It is a live fish, about fourteen inches long and five or six inches in breadth. It is surrounded by a high fleshy sort of fin about an inch in thickness at the extreme top. It weighs about 25 pounds. The body of the fish appears to be quite flat underneath and gradually narrows in towards the back giving it a pronounced triangular appearance. Underneath the body it is provided with a sucker with which it is able to attach itself self securely against a rock or any projection for safety. Yesterday, at intervals, it securely attached itself to the side of the tub, and held on with a wonderfully powerful grip. The boys have nicknamed the stranger the "U-23." It was caught off Connelly's Wharf in a herring net, which had been set out by Mr. William DeCoste, and is some species of ground fish. It was three hours out of the water after being caught and was almost dead, when some one got some sea water and revived it. How long it can live in a common tub of water is a question. (Since the above was written, Mr. L. W. Watson, who is a considerable expert on such matters stated that he had seen the strange fish. He pronounces it a "lump fish,"—the "Cyclops Lumpus." It lives principally on jelly fish and is more often found in European waters than on this side. The fish has since died.)

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Big Horse of *Chas. H. Little*

MOUNT ALLISON CLOSING.—The closing exercises of Mount Allison College take place May 18th to 23rd.

RELATIVES OF THE BOYS OVER SEAS.—The Ladies Auxiliary and daughters of the Empire invite the mothers, wives, sisters and lady friends of the men and boys overseas to meet Capt. Best of the Y. M. C. A. staff in France at the Hearst Memorial Hall tomorrow, Wednesday, afternoon at four o'clock. Capt. Best will give a short address.

MAYFIELD.—The question of temperance came again before the people of Mayfield on the evening of the seventh inst. Under the auspices of the Northern Branch of the Temperance Alliance. The president Mr. Adam Brown presided in his usual firm and courteous manner. Too much credit cannot be given to the Mayfield choir for the rendering of the choruses "Vote for Prohibition, and Temperance Bells Readings by Misses, Leta McCoubrey, Ella Tombs, Kathleen Wyand, Mrs. (Dr.) W. B. Piper, and Mr. Roy Tombs were well received. Special mention should be made of the solos "The Home Bells are Ringing," by Miss Jennie Brown, and Mary of Argyle," by Mrs. (Rev.) John Sterling. The address of the evening was given by the Rev. J. Hayter. It was exceedingly optimistic, and the speaker thought that if every Christian in the land would do his duty, the battle would be won in less than a year. Some practical remarks were also made by Mr. Geo. Brown, Mrs. W. Bulman and Mrs. Allan Wyand who presided. The interesting meeting was brought to a close by the singing of the National Anthem.

IN MEMORIAM

REV. E. F. GOFF
Mr. R. C. Goff yesterday received the sad news that his brother, Rev. E. F. Goff of Clarendon, Cal., passed away on Sunday morning after an operation. The late Mr. Goff was 68 years of age and was the oldest son of the late Mr. John Goff of Woodville Mills, this province. He leaves to mourn his widow, formerly Miss Lottie Wright, daughter of the late Mr. Jesse Wright, Bedouque; also his aged mother residing in California, and five brothers and three sisters, namely, Louis, W. and Dr. H. Neville Goff, in San Diego, W. P. in Montana, R. C. in Charlottetown and George E. on the homestead, Woodville Mills; Mrs. Charles Strangman, Montreal; Mrs. Arthur Jenks, Berkeley, Cal. and Mrs. (Dr.) J. A. McKinnon, Seattle, Wash.

- F. J. J. 25
- Rev. D. J. G. McDonald 1.00
- A. Bennett McDonald 1.00
- Mrs. John H. Bryant, Emmore 50
- Harry L. Bryant, Emmore 50
- Douglas McEachern, Emmore 50
- Havelock Bryant, Emmore 50
- William Coles, North Milton 1.00

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitution, its cure requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting in the work of the system. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio Sold by all Druggists, 75c.

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine to Take—Makes Pure Blood

Dry, moist, scaly, tetter, pimples, boils, and other eruptions come from humors, which may be either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and improves the digestion and assimilation.

Get Hood's Sarsaparilla from your druggist. It may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the root of diseases, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing else can take its place.

Gunner Lorne Farquharson, of the Ives' Point Battery, Halifax, is spending a short furlough at his home here.

Premier Mathieson leaves this morning for Ottawa. He will be accompanied by Col. Jenkins who has to interview the Minister of Militia in connection with military matters in the province.

FAME IN A FEW WORDS

Authors Who Are Now Known Only by a Single Work or Passage.

Philip James Bailey wrote "Festus" when he was twenty-three and lived to be eighty-six without adding appreciably to his early laurels. His "Festus" was compared by enthusiastic admirers to the works of Shakespeare and Goethe. No one reads "Festus" now, but its memory survives in one familiar quotation, a one-time favorite for use in autograph albums:

We live in deeds, not years; In thoughts, not breaths; We should count time by heart throbs; He most lives Who thinks most, feels the noblest, acts the best.

Bailey is very far from being the only author to live in men's minds by virtue of a single line, stanza or

passage. It is a narrow margin by which to escape oblivion, but it serves. Thus, it is not the writer: himself that is remembered, but as long as some spark from his brain still glimmers he is not totally dead. It may be a line from a song. "Meet me by moonlight alone," and "Don't you remember, sweet Alice, Ben Bolt?" are repeated as catchwords by thousands who never heard of J. Augustus Wade or Thomas Dunn English. Very often, however, the lines that survive are of high literary value.

Theodore O'Hara, soldier of fortune, wrote:

On fame's eternal camping ground Their silent tents are spread, And glory guards with solemn round The bivouac of the dead.

By these four lines he won for himself admission to the eternal camping ground of poetry.

William Knox, a Scottish versifier, (1789-1825), owes his fragmentary survival not so much to any great poetic merit in his mortuary couplets as to

the indorsement of Abraham Lincoln, who loved to repeat: Oh, why should the spirit of mortal be proud? Like a fast flitting meteor, a fast flying cloud, A flash of the lightning, a break of the wave, He passes from life to rest in the grave. —Philadelphia Ledger.

It WILL be a Success WHY?

BECAUSE--It has secured as Master Shipbuilder Robie McLeod, of Liverpool!

BECAUSE--It has engaged an experienced Timber Man and Mill Man.

All of Which Means **Tusket Shipbuilding Co., Ltd.**

TUSKET, N. S. CAPITAL \$75,000 Divided into 75,000 Shares of \$1.00 each par value No Bonds No Preferred Stock Louis N. Fuller, President Geo. W. Edens, Sec.-Treas. Robie McLeod - Master Shipbuilder

This Company has been organized for the purpose of acquiring ship yards at Tusket and for the building of Wooden Ships. I own and offer the unsold balance of:—

25,000 shares only at 80c per share

Shares will be allotted in order received. Application to list the Shares on the Boston Curb Exchange at \$1.00 per share will be made. I will stake the success of this Company on my past record of three successful Companies during the last four years namely: **The Logan Tanneries, The Eastern Steel, Co., and the Truro Steel Co.,** all three of which I organized and financed.

I estimate that this Company can earn in one year 50 p. c. on its present capital by building two ships a year, in which event 27 p. c. goes to the Government in war taxes and 23 p. c. to the Company.

If the Company can earn 23 p. c. net yearly the stock should eventually sell at \$4 per share. In three months after listing at \$5 per share, Truro Steel sold at \$25 per share.

I PREDICT THAT TUSKET SHIPBUILDING CO., LTD, IF LISTED WILL, ON ITS FUTURE PROSPECTS, SELL AT A PREMIUM. Make all applications for stock and all remittances payable to me. Orders wire I will receive the same consideration as those by letter.

LOUIS N. FULLER 163 Hollis St. Halifax, N. S.
