Will Stake Peace On Firm Stand

LONDON, Sept. 22 (CP) — Foreign Secretary Bevin stated unmistakably today that the Western Allies intend to stake peace on an unyielding stand in Berlin.

Addressing a packed and hushed house of Commons, Bevin declared the Russians are people "from whom you cannot buy peace" with concessions.

"Berlin stands out now as the symbol of resistance—a sort of salient."

To save that salient Britain and the United States will boost the "air lift" of food and fuel into the blockaded German capital, with most of the increased winter burden falling on the United States.

The three Western Powers are not only "in absolute agreement as to the policy of the lift and of defending ourselves in Berlin, but in the policy we shall jointly pursue if it fails."

"I am not saying by that that we are committed to war," Bevin said.

"We have not reached that stage yet."

Bevin also said Britain stands alongside the United States in full support of the proposals of the late Count Folke Bernadotte for settlement of the Palestine question. He said the Bernadotte recommendations "have the wholehearted and unqualified support of His Majesty's Government."

Answering a question, the Foreign Secretary said his statement "does not involve the recognition"

Arabs Ambush Convoy, Kill Yank And Three Jews

By JAMES M. LONG
TEL AVIV, Sept. 22 (AP) — Arabs ambushed a United Nations-sponsored convoy today and killed an American technician and three Jews, Israeli army authorities announced.

The convoy, carrying the white flags of the United Nations truce, was attacked near the pumping station while en route from Tel Aviv to Jerusalem.

The American was identified by United Nations headquarters as John Locke Lewis of Philadelphia.

The Jewish dead included a woman and the commander of the convoy. None of the victims was connected with the United Nations.

Oairo was the scene of other mid-east violence. At least nine persons were killed and 12 wounded when a blast rocked the Jewish quarters. Rioting flared after the explosion.

In the convoy were a white United Nations jeep, two private cars, six trucks and one gasoline tanker.

United Nations officials said the convoy was being led by French Col. Dumonceau, a senior United Nations observer in the Latrun area.

Jewish witnesses who hid in a ditch 20 minutes before escaping back to Tel Aviv with most of the convoy told this story:

The Arabs opened fire with rifles and a light machine-gun as soon as the white jeep carrying the French colonel had passed.

Meanwhile in Haifa reliable sources said the Israeli Government placed a heavy police guard around the acting United Nations mediator, Count Folke Bernadotte in Jerusalem. The Israeli Government charged the Stern gang with the crime,

cars, six trucks and one gasoline tanker.
