CHURCHILL ACCORDED OVATION

Former Chancellor of The Exchequer Delivers Eloquent Address at Toronto Gathering.

(Special to The Guardian)
TORONTO, Aug. 16—A rousing ovation was accorded Rt. Hon. Winston Churchill, when he appeared as guest of honor at the luncheon held by the Canadian Club, Empire Club and Board of Trade at the Royal York today.

"Mr. Winston Churchill, the gentleman of superb courage," remarked H. E. Eayrs, president of the Empire Club, introducing Mr. Churchill.

"He is with Ramsay MacDonald, Stanley Baldwin, L. C. M. Amery and that great ambassador of the British Empire, the Prince of Wales, in his quality of discussing imperial relations," Mr. Eayrs stated.

"He has held most of the portfolios in the British cabinet and is possibly reserving the premiership for a later date in his career. Most important of all, his qualities, in my opinion, is his superb courage."

John A. Tully, president of the Toronto board of trade, in moving the vote of thanks of the Canadian service clubs for the honor done them by the distinguished guest, stated that no statesman in the British Empire appeals more to Canadians than the Right Hon. Winston Churchill.

"We not only admire him as a great servant of the empire but also as one who sees eye with Canadians," he continued and stressed the importance of co-operation between the units of the empire in general and between England and Canada in particular.

A. W. Scripture, president of the Canadian clubs, presided at the luncheon, which was attended by 1,650 guests. Both banquet and concert halls were utilized and were decorated with flags and flowers. The radio gave members of the Rotary Club at their weekly luncheon in the hotel an opportunity to participate in the event indirectly. The vast audience rose en masse to cheer Mr. Churchill when he began to speak.

ANNOUNCEMENTS, MEETINGS, ETC. COMING EVENTS,

"Hardy's Mills, York, are closed until further notice. 7306-8-15-21."

"Good meals served during Exhibition Week on the grounds. 7364."

"Patronize the Hospital luncheon under the grand stand during Exhibition and save going into town. 7364."

"Members of Institute wanting binder twice list at once. W. D. Ross, Secretary. 7359-8-17-11."

"Just arrived car of Shingles, quality guaranteed. Walter S. Weeks, Fredericton. 7330-8-16-21."

"Come to the ice cream festival and dance in Orwell Hall, Monday, Aug. 19. 7354-8-17-11."

"Buying hogs and lambs at Emerald Tuesday forenoon, Aug. 20th. Everett Haslam. 7349-8-17-21."

"Dr. Cliff, M. D.—Start now home prevention cure. Purdy Station, Westchester Co., N. Y., U. S. A. 5233-8-7-to Sept. 12 pd."

"Club hogs and lambs weighing 90 to 100 pounds taken at Souris Wednesday forenoon, Aug. 21st. Book at once. 7357-8-17-41."

"Mr. M. Nash, District Poultry Promoter, will hold Poultry Culling Demonstrations at Afton, Aug. 17th. 10 a. m. Wellington Murphy, 2 B. m. Reuben Betts. 7347-8-17-11."

"Don't fail to see Joe Morrissee, New York City, Novelty Dancer and near Walter Burdette sing at 'The Carnival of Kitty', C. M. B. A. Hall, Vernon River, Monday, August 19th. 7323-8-16-31."

Shipments Of Berries To U. S. Are Increased

YARMOUTH, August 16—The blueberry industry which has always been a considerable asset to Nova Scotia, is said to be rapidly growing to be one of the lucrative businesses of the province and that if the ratio of increase of the last few years be continued for a few more the value of the blueberry to Nova Scotia will be in very large figures.

During the first week of August, 1928, 1310 crates of blueberries were shipped from Yarmouth and this year during the corresponding week, 4251 crates were shipped, an increase of nearly three thousand crates. At an average price of five dollars a crate, which is a fair estimate, an additional sum of close to fifteen thousand dollars was put in circulation in the province during the week.

of the vital nerve centres of the speak. British Empire," he began. "Here is the centre of the United Empire Loyalists, here too are many people who cherish an affinity with Ulster."

"I have had my ups and downs with Ulster," said Mr. Churchill, with a smile. "In the years before the war I had a quarrel with Ulster, but I have been forgiven," (laughter), "and now I am on good terms with my Ulster friends," and he added that the memory of his father made it fitting that he should have Ulster goodwill.

"I am going to speak to you today upon some subjects of general interest, to patriotic British citizens in every part of His Majesty's dominions. But let me begin by repeating what I said at Montreal. Do not form too gloomy an opinion of the strength and prosperity of the mother country, (hear, hear). "You know what the English people are, how they always criticize themselves, turn on the dark side of their affairs, and so from time to time are able to make improvements, correct errors and abuses in their way of carrying on. But it is absolutely necessary that on this side of the Atlantic Ocean there should be no misconception of the giant strength of Britain. (Applause and cheers). We have enormous difficulties; we have immense and intricate problems, but we have financed our obligations and driven through our problems and when I come here to talk to this great boyant expanding city of Canada, I wish to present myself before you as a citizen of a country which old as she is, developed as she is, established as she has been for many generations, is growing steadily in wealth, in power, in knowledge and in strength. (Applause)."

"The first great interest of the British Empire," Mr. Churchill went on, "was peace. Britain has all the territory she required and coveted the possessions of no one. The British Empire has enough resources to occupy all the skill and enterprise of her people for generations and centuries to come. Peace was not in danger at the present time and President Hoover was quite right in saying that the prospects for peace were better than they had been for 50 years."

"That is peace, I mean," Mr. Churchill explained. "Between the great civilized nations of the world, I do not know what disturbances may occur in the barbarous parts of the world where the Bolsheviks come in contact with other nations. But as far as the great civilized powers are concerned I believe the foundations of peace are stronger than they have been in our lifetime."

On the other hand the speaker warned that subversive propaganda of the central government was freely open, those that were in the control of the central government as to our own. We swept the seas of the slave trade. We used our influence for peace during the whole of the nineteenth century and when the twentieth century dawned it was the British navy that was the sure shield of freedom and civilization. It was the British navy that enabled the great republic of the United States to bring its influence to bear upon the final phase of the war. (Applause). We made our ports

SERIOUS ACCIDENT AT ALBERTON

A very serious accident occurred in Alberton on Thursday afternoon about 2 o'clock when Waldo Matthews, the fourteen year old son of Mr. and Mrs. Emerson Matthews, was knocked down by a car driven by Mr. Hedley Enman. The lad was crossing the street on his bicycle to enter an alley way when the car struck the machine pitching the boy some distance away, on his head. Mr. Enman did not see the lad, until too late to avoid the accident, but he did all that was possible and stopped the car as quickly as he could.

The boy was unconscious when picked up by Mr. Enman, who carried him to the house of Mr. A. C. Green and telephoned for Dr. Keefe who is visiting in Alberton. Dr. Champion of O'Leary was also called in, his parents, who were attending the stampede at Summerside, were telephoned for when the lad's injuries were found to be of a grave nature. They were located on the grounds within a few minutes and left at once for Alberton by motor driven by Mr. Llewellyn Rogers, of Summerside and were at their son's bedside within an hour.

They found the boy still unconscious, suffering from a very severe scalp wound and a broken collar bone. His condition for a time was very critical and is still grave but at a late hour last night there was a little improvement and some hopes were entertained of his recovery. The accident appears to have been quite unavoidable and is deeply regretted.

HONOR LIEUT. COL. BLAIR

OTTAWA, Aug. 16.—The Government and people of Canada yesterday honored Lieut. Col. R. M. Blair, Commanding officer of the seventy second Seaforth Highlanders and winner of the King's prize at Blesley. When the Prime Minister, Rt. Hon. W. L. Mackenzie King, presented him with a piece of silver plate, suitably inscribed. The presentation took place at the Canadian Club luncheon at which Rt. Hon. Winston Churchill was the speaker.

Mr. Churchill's presence, declared Mr. Mackenzie King lent an added interest and pride to the moment, since he had been most immediately identified with true marksmanship in the part he had played in the affairs of the Empire and of the world. At Blesley had been assembled 1400 of the Empire's greatest shots. In that series of competition the Canadian's had done their part nobly. This year they had excelled themselves. As a team they had won the Kalopore cup and the City of London Competition, while Colonel Blair had done what no man had ever done before in the sixty years of Blesley history—he had won the King's prize, the highest symbol of Empire marksmanship and also the Grand Aggregate. He congratulated Colonel Blair as the Empire's best shot and on behalf of Canada extended his thanks and good wishes. He had brought distinction not only to himself but to his native land among the countries that comprise the British Commonwealth of Nations.

The greatest miracle that I know of is my conscience. And if God has been able to work that one, there are none of which He is not capable.—Vincent.

open, those that were in the control of the central government as to our own. We swept the seas of the slave trade. WILL GIVE CENTENNIAL ADDRESS ATUIGG

REV. J. A. GORDON, D. D.

Preaching at Uigg Church to-morrow will be Rev. J. A. Gordon, D.D., now of Montreal, a distinguished son of Prince Edward Island in the Baptist Ministry, who has had a long and constructive career in the service of the Church. Rev. Dr. Gordon was born at Uigg on June 24, 1844, and has returned to his native community to take a leading part on the occasion of the 100th anniversary of the founding of the Baptist congregation there. He is the father of Mr. J. P. Gordon of this city.

Rev. Dr. Gordon was educated in

CENTENARY OF HISTORIC SETTLEMENT

Memorable Event Will Be Celebrated At Uigg Today And Tomorrow.

The hundredth anniversary of the settlement of Uigg, which is being celebrated today by a picnic and tomorrow by a memorial service in the Baptist Church at Uigg, recalls the many prominent names associated with the history of this progressive section of the Province and of the inspiring record which the Baptist congregation there has achieved in the course of the past century.

The following interesting sketch of the Baptist congregation is taken from Rev. William H. Warren's account of the Baptists in "Past and Present in Prince Edward Island". In the fertile and picturesque regions of Uigg and Belfast the Scotch Baptists had at an early date made some considerable progress under the wise leadership of John Fraser and John McDonald. Valuable accessions to their number came from Scotland in 1829. Among these was Samuel McLeod, an industrious, genial and devout man. He resided for some time at Belfast and gave his attention to teaching school and preaching the doctrines of salvation. Removing subsequently to Uigg, he supported his family by farming, but continued in evangelistic work. At the earnest solicitation of his brethren, he was ordained as a gospel minister in the year 1838, and the locality in which he resided, together with Belfast, became the field of his pastoral labors. The people were accustomed to assemble at private houses or in the open air for worship until the year 1853, when a suitable meeting house was erected. Many excellent men have gone forth from this part of the Island to fill useful positions in various parts of the world. Rev. J. A. Gordon, D.D., of Montreal, and Rev. D. G. McDonald, of the Canadian Northwest, went out from this church to their broader spheres of activity. For many years the church in this section of the Island was united in pastoral support with Alexandria. A number of faithful men labored in this region and large accessions were made from time to time to the membership of the different branches. Rev. F. A. Kildson, who was ordained as a missionary in 1867, did useful work not only in this field, but in many other sections of the Province. It was his privilege to welcome a very large number of converts into the family of believers, among whom was J. B. McDonald, M.D., who afterward became a zealous preacher of the everlasting gospel.

The children of Rev. Samuel McLeod, referred to in the above sketch, none of whom are now living, were: Malcolm; who settled on his father's homestead; Norman, who settled in Uigg nearby and who died last summer at an advanced age; Dr. James McLeod and Mr. D. G. McLeod, prominent citizens of Charlottetown; Mrs. William McLeod, Dundas, and Miss Mary McLeod.

The late Hon. D. A. McKinnon, former Lieutenant Governor of the Province, was a native of Uigg, as were also the late Hon. James J. Fletcher and C. P. Fletcher.

John D. McDonald Heads Oddfellows

SYDNEY, N. S., Aug. 16—John D. McDonald, Pictou, was elected grand master of the Maritimes and Newfoundland at the closing session of the 72nd grand lodge, I. O. O. F., here tonight.

Other grand officers are: Victor L. Kyles, Glace Bay, deputy master; W. H. Munro, Kentville, warden; J. J. McKinnon, Charlottetown, secretary; James M. Donovan, Halifax, treasurer; J. McKinnon and Dr. W. V. Goodwin, Pugwash, representatives; James H. Howell, St. John's, marshal; Rev. A. G. Pentz, Weymouth, chaplain; W. R. Sanderson, West Saint John, herald.

It was decided to approach primary lodges through the district with a view to raising during the next year \$75,000 as a nucleus for a proposed \$200,000 endowment fund for the Oddfellows' home at Pictou.

Judgments In "Amla" Case Favor Plaintiffs

In the Admiralty Court, Prince Edward Island division, yesterday morning, judgment was delivered by Mr. Justice Stewart, on four actions directed against the ship "Amla," owned and operated by the International Fresh Fish Corporation, Georgeown, P. E. I. In the case of William Patrick Burke and others vs. the "Amla," the following sums were awarded the plaintiffs:—Captain Burke, \$117.75, Lemuel Winchester, engineer, \$210, John Skerry, cook, \$125, Edward Smith and James McCabe, firemen, \$140 each, Peter Partridge, mate, \$125, Daniel Jarvis and Lorne Flood, seamen, \$120 each. These sums were awarded the plaintiffs as wages for preparing the "Amla" for sea.

Judgments were also delivered for \$631.24 to Bruce Stewart & Co., \$97.05 to Stanley Shaw and Peardon, \$104.27 to Moore and McLeod Ltd., with costs in each case.

The "Amla" was seized about two months ago by action of the captain and crew. She was being fitted out for the collecting of fish on the north coast of the Island between Souris and Alberton, for which the International Fresh Fish Corporation had entered a contract with the Federal Government.

Revision Of Tariff Schedules

(Special to The Guardian)
OTTAWA, Aug. 16—Preparations for a complete revision of the iron and steel schedules of the Canada customs tariff are under way and the proposals, it is understood, will be ready for the next budget. W. H. Moore, chairman of the Tariff Board, has returned to Ottawa, after having travelled since July 2nd, over 8,000 miles on personal visits to iron and steel plants in Eastern Canada. Officers of the Board assisted by departmental experts have made similar visits to other plants, while a number of well-known Canadian economists have been delving into the subject.

BABY CLINICS IN MONTREAL

(Canadian Press.)
MONTREAL, August 16.—Twenty-three baby clinics are being opened in Montreal with a view to preventing infant mortality as far as possible. The plan of campaign in behalf of the lives of Montreal's infant population is the result of recommendations made by Dr. S. Boucher, Director of the Department of Health here, and has the hearty approval of Archbishop Gauthier and the co-operation of the parish priests. Arrangements have been made to hold the clinics in 23 parishes of the city.

The parish priests have been requested to invite the mothers of families to visit the clinics, to supply a list of births to facilitate the finding of these families, and to contribute to the success of the project in any other way that is in their power. The city is furnishing the equipment for each clinic, making a grant for the rental and maintenance of the building's paying an indemnity to the physician in charge of the clinic, and supplying a trained nurse.

MOTORIST SENTENCED

BELLEVILLE, Aug. 16—John Burns of Buffalo was sentenced today to serve three months in the County Jail by Magistrate Casement of Tweed, for causing the wreck of a freight train at the Tweed Canadian Pacific Railway station on July 29, resulting in the death of a brakeman, A. R. Brown of Bonar Law. Magistrate Casement remarked that the evidence of the engineer, H. Parsons, showed that he took every precaution to warn motorists of the approach of the train.

"The responsibility of crossing railway tracks is entirely up to the drivers of motor cars," he said, "and in this instance I find that the accused was guilty of gross negligence. All the evidence tends to show that a clear view was obtainable for 500 yards from a point 114 feet west from the north side of the tracks."

HOPES FOR PEACEFUL SETTLEMENT

China Will Abide By Spirit of Renunciation of War Pact.

(Special to The Guardian)
LONDON, Aug. 16—Reuter dispatches from Nanking state that the Nationalist Government has instructed the Chinese Minister at Washington to notify the Kellogg pact signatories that Russia has begun an offensive along the Manchurian border. The Nationalist Government at the same time instructed the Minister to state that China, while resisting invasion would abide by the spirit of the renunciation of war pact and still hoped to arrive at a settlement of the Chinese eastern railway controversy by peaceful means.

The Reuter dispatches quoted Foreign Minister Wang as denying there was any disagreement between the Nanking Government and Mukden and stating that Chang Hsueh Liang, Governor of Manchuria, was following the instructions of the Nationalist Government. "China remains firm," he said. "The Russian associate managers of the Chinese Eastern Railway cannot be reinstated before the opening of negotiations."

Board Of Grain Commissioners

OTTAWA, Aug. 16.—The Canadian Board of Grain Commissioners will be:—E. B. Ramsay, chairman, Professor Duncan A. MacGibbon and Hon. C. M. Hamilton. This announcement was made here tonight by Hon. James Malcolm Minister of Trade and Commerce. Recently the three men who composed the Board, Leslie H. Boyd, K. C. James Robinson and Matthew Snow resigned after many years service. The announcement with a great deal of interest, particularly by those connected in any way with the Grain Trade.

E. B. Ramsay is General Manager of the Canadian Wheat Pool with headquarters at Winnipeg and is a former banker. "He is highly regarded in the west for his financial and selling ability." Prof. Duncan A. MacGibbon, Professor of Political Economy of the University of Alberta, is an outstanding economist in Western Canada and has a comprehensive understanding of western conditions. Hon. Charles MacGill Hamilton, former Minister of Agriculture for the Province of Saskatchewan, is a practical Agriculturalist. All three are outstanding business men familiar with the grain trade and representative of the three Prairie Provinces.

WILL DISCUSS EMIGRATION

OTTAWA, Aug. 16—Immigration to Canada from the British Isles is expected to be the chief topic at a conference early next week with Rt. Hon. J. H. Thomas, Minister of Unemployment, in the British Government who will land at Quebec tomorrow. The meeting is likely to be held Monday in the offices of Hon. Robert Forke Minister of Immigration, and several members of the Dominion Government will take part. Most of the cabinet ministers are out of the city this week, but will be back by Monday. Premier MacKenzie King is here and Hon. J. A. Robb, who is on a motor trip to the United States will be back early Monday. Hon. Robt. Forke has been at his farm near Brandon but will reach Ottawa tomorrow. Hon. Peter Heenan is expected from the Maritimes tonight, and Hon. James Macleod will have returned from his home in Kinrossville. Mr. Thomas will be entertained at Government house. On Tuesday he will go to Montreal remaining there until Saturday when he will leave for St. John to address the Trades and Labor Congress of Canada.
