way to their objective of \$5,000 to be collected in three days.

A short sing song led by Mr. T. W. Bentley with Miss Burns at the piano was held after which the minutes of the last annual meeting were read and adopted.

An enjoyable cornet solo was given by Mr. Ward accompanied by Misses Burns and Teed.

Opening prayer was led by Mr. Davis.

The following directors report was then read by Dr. Clark. "Our seventy sixth year of continuous operation, which has just past and which we are celebrating here tonight," he said, "has been a critical year with us as well as with many other organizations, yet I feel we have weathered the times quite as well as we had expected. There are many encouraging factors which have entered into our work this year which will be brought before you in this report.

"The four main objects on which the whole effort of the Young Men's Christian Association is centered are: To build a sound body, a wholesome mind; to create and maintain the right social attitude, and to build christian character. Continuing Dr. Clark said: "The report of the Physical Department showed that the attendance in the gymnasium had been well up to last year.

"The bowling alleys department, under the chairmanship of Mr. N. D. MacLean, has enjoyed marked success and while the receipts did not come up to last year, nevertheless they were most satisfactory.

"Educational work was, as usual, mostly confined to lectures to the general membership, the student body, the Y's Men's Club and H-Y Club. There has been no change in the policy of the Y. M. C. A. with regard to religious work, which remains the backbone of the whole movement. At all times we are seeking to instill into the lives of our boys and young men the idea that all our four fold program is religious work, and that we desire to permeate everything that goes on in our building with that high ideal which Jesus taught of christian character building. We recognize that the Church and Sunday Schools are the medium of religious instruction.

"We have felt that the church's co-operation has continued and expanded, and our Association is feeling more and more the whole hearted support that is given by the ministers and their congregations."

Sunday evening services for young people have been held continually from Nov. 1st to the last of May, with a short break at New Years.

Boys' work program has been an active one, but limited space and small staff does not permit a large program for boys in the building. Some features of our boys program are: Weekly hikes or outings, (weather permitting.) Regular gymnasium periods twice a week. Monthly suppers or socials, Sunday morning meetings or Bible Class; summer camps and outings to Canoe Cove.

Y. M. C. A. camps at Canoe Cove were described in the report, last year's camps having had a total attendance of 220. The high school club, known as the "H-Y" Club, has been active and thriving. The Y's Men's Club organization formed over seven years ago for the promotion of service ideals in the Y. M. C. A. and community has had the most successful year of its history, Dr. Clark reported.

Noted Horses Stabled At The Halifax Track

HALIFAX, May 10 — Two fine stables of trotters and pacers are now quartered at the Exhibition track—more than ever before at this season of the year. They include a splendid array of speed and well-bred equines, and are going through their early training, being jogged daily, in preparation for the coming season's racing.

H. T. Fulton, of Stewiacke, who has done so much for the breeding and turf interests of the Province, has brought to Halifax a stable of four horses. They are in charge of Johnny Conroy, who is not only popular, but is in the front rank of drivers and trainers in the Province. The centre of interest in the stable is the big gelding Darkey Grant. 2.02 1-4, who will race on Maritime tracks this season for the first time. The Grattan horse raced on the Grand Circuit in 1929, winning five straight races, never losing a heat, and taking a mark of 2.02 1-4 at Lexington. Last season on the half-mile tracks he drew eleventh position in the \$3,000 stake at Sturbridge and won in 2.04 3-4. He won the \$2,500 stake at Middletown, N. Y., in 2.05, 2.06 and 2.07 1-4; the \$2,000 stake at Malone, N. Y., in 2.05 1-4, 2.04 1-4, and 2.06 1-2; \$1,000

the boys. We hope that our Association during the coming years may give more and better service in christian work for our Lord and Master. It is the desire and purpose of the Young Men's Christian Association to work with and for the churches of Charlottetown.

"We ask for God's divine leadership and blessing for without Him we can do nothing. We pray that the influence of the Charlottetown Young Men's Christian Association may increase, and that it may continue to lead many young men and boys to know and to acknowledge Jesus Christ as their Lord and Saviour."

The adoption of the report was moved by Mr. W. M. Rowe and seconded by Mr. T. E. McNutt who extended an invitation for the holding of "Y" sing songs in St. Peter's Cathedral. Dr. C. C. Archibald then reported for the nominating committee as follows: Zion Church, J. M. MacFadyen; St. Paul's, W. V. Purdie and William Warren; Baptist, Dr. Clark; United, E. E. Clawson. It was moved by Mr. Cleaver McLean, seconded by Mr. N. D. McLean and carried that the Secretary cast one ballot for the election of these directors.

The president then called in Mr. Davis, who addressed the meeting. Mr. Davis told those present there was reason for thanksgiving that during these hard times the Y. M. C. A. was able to continue such valuable work. He commended the officers of the last organization and Mr. Pendleton in particular for their efforts.

He related that the Y. M. C. A. was founded in 1844 by George Williams, a young man 23 years of age, of London, England. It has grown until now it has spread to 86 countries with a property valuation of \$100,000,000.

The striking point in the organization has been its adaptability. The speaker compared it to a troop of cavalry in an army, being mobile and able to forge ahead and occupy advanced positions. Times are changing, but the fundamental purposes of the "Y" remain unchanged. The Y. M. C. A. is a "world wide fellowship." Through fellowship the "Y" builds up christian character rather than through preaching or teaching.

The speaker went on to tell of a case in Moosejaw where despite very bad times with nearly every second merchant under liquidation the "Y" in their annual canvass exceeded their objective of \$5,000. He believed the "Y" in Charlottetown has the goodwill of the community behind it.

He pointed out to workers the satisfaction to be derived from being tied up to something worthwhile, a "Y" to be working to extend the Kingdom of God to the young men of the community.

Monthly Session P. E. I. Presbytery

The regular quarterly session of the Presbytery of Prince Edward Island met in Zion Church yesterday morning and afternoon, there being a good attendance. Among other matters dealt with was a call to Belfast Church to Rev. D. L. Griffith, who had been supplying the congregation for the past two months. The call was largely signed and was supported by a number of commissioners from the congregation. It was sustained as a regular Gospel call and on being presented to Mr. Griffiths was accepted by him. The date of induction has been set for June 14 at 7:30 p. m.

At the afternoon session a good deal of time was spent discussing the home mission situation, dealing principally with the rearrangement of mission fields and sections of certain congregations.

It was announced that Dr. F. Scott MacKenzie, principal of the Presbyterian College, Montreal, is planning a tour of the congregations of the Island in July. The full itinerary will be published later. Mr. V. E. Orsborn was reappointed to the New London congregation for a period of six months. Rev. M. E. Genge, D. D., was also reappointed to Marshfield, Mount Stewart and Highfield pastoral charge for a period of two months.

The next quarterly meeting will be held at Malpeque on the third Tuesday of July.

"Now, hurry up and get into bed Dorothy!" said her mother. "I'm going to take the light away." "Oh, mummy, can't you take the dark away instead?" said Dorothy.

No dates have yet been fixed for racing. These, however, will be announced later.

Amazing as it may seem, out of 3,380,000 entries received from all over Canada in the Turret Cigarette Hockey Contest, Mr. P. A. Gillis of Moncton, N.B., gained the distinction of entering the only perfect estimate. The accompanying photograph shows the presentation of the \$5,000.00 first prize being made to Mr. Gillis.
