**TRIBUTE TO ISLAND TEACHER** — The Educational Review, official organ of the New Brunswick Teachers' Association and the Prince Edward Island Teachers' Federation, says: "Teachers in all parts of New Brunswick will be both glad and sorry to learn that Professor Lloyd W. Shaw is leaving New Brunswick and Mount Allison University to become head of the Normal Training Department of Prince of Wales College, Prince Edward Island—sorry because his departure is a distinct loss to New Brunswick; glad because we know that Professor Shaw's heart is in his native province of Prince Edward Island and he would rather work there than anywhere else. We rejoice that such an outstanding educationist is to remain in the Maritimes, and that his voice will still be heard, sometimes—often, we hope—in New Brunswick."

**BRIDAL SHOWER** — Mrs. J. A. Arsenault and Miss Marion McLellan, R.N., were joint hostesses at a bridal shower given in honour of Miss Elizabeth McNeill, on Friday evening at Mrs. Arsenault's lovely home on Summer Street, Summerside. The guests were received in the drawing room, which was artistically decorated with flowers. After the guest of honour had been ushered into the room to the strains of the "Wedding March," a basket daintily trimmed in pink and white was brought in. Its contents were opened by Miss McLellan, assisted by Miss Yvonne Arsenault. Many lovely gifts were found concealed amid the dainty wrappers. After all had been passed around and admired, Miss McNeill made a gracious speech, expressing her thanks in a very charming manner. Some musical numbers were given by some of the guests, after which ice cream and cake were served. Assisting the hostess with serving was Miss Celenese Arsenault. Hearty congratulations were extended to the bride-to-be as the guests took their leave.—S.

Gordon, Manager of the Bank of Nova Scotia here for the past fifteen years, received word this week that he has been granted one year's leave of absence, dating from October 31st, following which time he will go on the retired list. Mr. Gordon was due for superannuation this fall, and the granting of leave of absence for such a long period comes as a welcome surprise and it is a distinct mark of appreciation of his many years of valuable service to the Bank. **Scout News and Notices**

Scout Camps Are Safe

Another summer has added a record of safe camping for Boy Scouts. With some 15,000 under canvas for varying periods, not a single serious accident was reported.

**Former Premier To Head Scout Camp**

Count Paul Teleki, former Prime Minister of Hungary, and a member of the League of Nations, will be Camp Chief of the great world gathering of Boy Scouts near Budapest next summer.

**Boy Scouts in Other Lands**

There are 5,127 Boy Scouts in Burma, 143 in North Borneo, 821 in British Guiana, 5,885 in Ceylon, 2,197 on the Gold Coast, 7,700 in Malaya, 2,658 in Nigeria, 983 in the Sudan, 1,649 in Uganda.

**Scouting Would Ensure Peace**

"If every man were a Boy Scout there would be no need for international peace conferences," said Mr. Justice J. B. M. Baxter, former Premier of New Brunswick, in a radio broadcast in connection with Saint John's big Scout Apple Day.

**Low Cost Camping**

Suggestions from Scout Headquarters for the holding this summer of low-cost "economy" camps, to ensure that no boys were denied outings, brought a splendid response from Scout leaders. As a result approximately the same number of Scouts camped as last year, some 15,000.

**Scouts At Economic Conference**

Boy Scouts played a useful part at the recent Imperial Economic Conference at Ottawa. They acted as special guides and ushers at the Parliament Buildings, and Rideau Hall, as guards of honour for the Governor-General and in other capacities at the various official functions. A number were requisitioned as confidential messengers by different delegations.

**World Meet of Scouts to be Held**

The world economic situation will not prevent the holding in Hungary next year of the 4th World Boy Scout Jamboree, according to Dr. de Molnar, Hungarian Scout Commissioner, in Ottawa recently. Applications for camping space have had to be restricted in the case of Great Britain, France and a number of other countries.

**Western Scouts At Ottawa Conference**

The valuable educational experience of Scout service at the recent Imperial Economic Conference was not confined to Ottawa Scouts. First opportunity was given outside boys, and in response 4 Scouts came from Alberta, 7 from Saskatchewan, 2 from Quebec and 13 from outside Ontario points. The Scouts of the Capital were used as a reserve.

**Scout Leaders Amongst Economic Conference Delegates**

Three members of delegations attending the Imperial Economic Conference at Ottawa visited Boy Scout headquarters, bringing greetings as members of the Scout Movement. They were F. M. S.

**Afternoon Session**

Prof. L. W. Shaw was first speaker at afternoon session and in the course of his remarks gave the teachers some hints in teaching of writing. Miss Violet McCannell then read a very helpful paper on teaching of Geography in which she stressed the importance of dramatization in Geography. Some discussion followed her remarks.

**Superintendent H. H. Shaw** spoke of many things which are of benefit in school work, i.e., course of studies, beautification of school grounds, preservation of registers, as a record of past work, school libraries, etc., and asked teachers not to neglect teaching facts concerning League of Nations.

Question Box Committee was then called upon and many interesting questions were answered by different persons.

The following are the resolutions:

- Resolved that a vote of thanks be extended to Queen Square School Board and to Mr. Leo MacDonald for use of building.
- Resolved that a vote of thanks be extended to Miss Violet McCannell for her excellent paper on teaching of Geography.
- Resolved that enrolment take place at door in future conventions to avoid confusion.

**RELIGIOUS SERVICES**

**TRINITY UNITED CHURCH**

"Come unto me all ye that labor". This is not only a beautiful motto but a thrilling invitation upon which all should ponder at this Labor Day season. The problem of Capital and Labor is one of long standing. It has engaged the attention of the world's leaders over a lengthy period of years and the proper solution has not yet been found. It is generally admitted that the present system, is ineffective in many respects but it is difficult to define the remedy. Rev. Dr. Ramsay in his sermon Sunday morning stated that it was the duty of the Christian Church to bring our minds and hearts to bear on the subject for the question of Labor is closely related to the Kingdom of God and no solution will be lasting that does not recognize the principles of the Kingdom of God. Dr. Ramsay's text was "Bear ye one another's burdens and so fulfill the law of Christ". Gal. 6.2. How many sorrows of humanity would melt away if this precept of the Master of men were universally observed. In the course of an able address Dr. Ramsay laid down the following principles.

- 1—That Eternal Justice is on his Throne and any programme that disregards the rights of man must fall since God is against it.
- 2—That a man is a man, not merely a hand. The human values are of greatest importance. To use the strength of a man or his intelligence and skill and to disregard the rest of him, his health, his heart, his home is to court defeat. For the ruler of humanity is the brother who insists that brotherhood is essential.

1—That service is the great watchword for industry, and trade also. The leading light for humanity comes from the face of Him who said: "I came not to be ministered unto but to minister."

4—That selfishness is defeat and ruin as war is defeat and ruin and the only way out is the opposite path.

5—That outer conditions are not enough. Man shall not live by bread alone.

6—A better system is not possible without greater stress on the faithfulness intelligence resource of the individual. Will the present moral and intellectual condition of the average man support a greater responsibility than at present.

The attendance at Sunday School was 148. It was announced that next Sunday the regular afternoon session of the School would be resumed and it is anticipated that the attendance will rapidly increase until it again reaches normal. In view of the re-opening of the Public Schools this week and the resumption of regular Sunday School activities, Dr. Ramsay preached a most appropriate sermon at the evening service from the text "Feed my lambs." John 21:15 in which he referred to the duties of parents and paid a fitting tribute to the faithful services of the teachers in the Sunday School and also in our Day Schools.

The service of praise for the day included solos by Messrs Harvey MacPherson and James Calder which were greatly appreciated.

The Sacrament of the Lord's Supper will be observed next Sunday morning. Preparatory service tomorrow, Wednesday evening in Hertz Hall.

Because they know that healthy kidneys remove from the blood the waste matter formed by the ever-changing human body as it decays and rebuilds itself. But if the kidneys fail—the system is poisoned and illness surely follows. As a health safeguard—as a wise precaution—flush your kidneys regularly every three weeks with Dodd's Kidney Pills—for over three generations the favorite kidney tonic and remedy—non-habit forming—free from drugs.
