W. C. last Friday evening on a visit to her home.—Miss Jennie Squarebriggs has returned to her home in Mill River after spending the summer at the home of Mrs. Chester Simpson.—A very enjoyable evening was spent at the home of C. McNutt & Son. His old friends are glad to see him back again. A rather amusing incident (and one on "the boys") took place in Malpeque last week. One of Malpeque's most popular and well known couples decided to spend an evening at "The manse." Somehow "the boys" got wind of it, and, (too ready to jump at conclusions) armed themselves with horns, tin cans and other instruments of noise and proceeded to let the people wake up to the fact that there was something doing in Malpeque. Owing to the Rev. Gentleman being away at the time it was sometime before the boys found out their mistake and "hushed" their noise. The next time they will "look before they leap," and it is not likely that the same mistake will occur again.
