

This your head to the left?

Then there's no use trying. It's too late! Nothing in the world can make hair grow on a bald scalp that has been smooth and shiny for years. It's too late! No use trying now!

Or is this yours to the right?

Good. Only look out for dandruff! It leads straight to baldness. But there's use trying now, for Ayer's Hair Vigor cures dandruff, keeps the scalp clean and healthy, and checks falling hair.

English Macaroons
 Owing to a mistake of the shipper we were sent about ten times as many of Huntley & Palmer's MACAROONS and TROUBADOUR BISCUITS as we ordered. In order to reduce our stock of them quickly we have decided to offer them for a short time only at a Discount of 25 per cent less than regular prices.
 This is a genuine bargain as Huntley & Palmer's Biscuits are known the world over for their good qualities.
Beer & Goff.

THE GUARDIAN LOCAL NEWS

ADVERTISERS are again reminded that all "changes" should be in this office no later than one p. m. to insure insertion in following issue.

The P. E. I. Farmer says:—Ada Mac (2,18) is receiving regular work, and, barring accident, the horse that wins from her will receive a mark in the 2.10 list next season.

ANY persons, (ladies or gentlemen,) desiring to see the Guardian's big Web Perfecting Press in operation should call at business offices, any Wednesday at twelve o'clock, or Saturday at one o'clock sharp.

THE Guardian hastens to correct its inadvertence in Monday's issue to the effect that the firing party for the burial of the late Vernon Lowe was selected from No. 2 Co., C. A., as it was really from No. 3 Co. of which the deceased was a member. It is only fair that credit should be given to whom it is due.

Ralph Rose, the first "perfect man physically" ever at the University of Michigan, has earned his hour of glory. On the anthropometric chart he gets the "100" mark for all his measurements. He is the bright, consummate flower of symmetry, and muscularity. Height, six feet three; weight, 246 pounds; chest, expanded, 47.6 inches; right arm, up, fifteen inches; right arm, down, fourteen inches; right forearm 12.6 inches but we shan't give a detailed catalogue of his perfections. To be nineteen years old and physically "perfect" is a big lump of good fortune; and we hope that Ralph's intellectuals will be so exercised as to match that perfection.—Exchange.

The Prince Edward Island association in Boston is the leading organization composed of Prince Edward Islanders and their descendants in the United States, and its social functions have become very popular. This year the fifth annual ball will be held in Paul Revere Hall, Mechanics building next Monday evening, Feb. 28. A first-class concert will be given from 8 to 9. The officers for the year are: Chas. J. McLean, pres.; Charles W. Connors, vice pres.; Michael Walsh, treas.; Aeneas J. McLean, fin. sec.; Miss Margaret Comp bell, cor. sec.; Miss Mary Fitzsimmons, cor. sec.; Edward McAuley, sergeant-at-arms; Miss Elizabeth Dean, guard. The newly elected president, and his committee will hold, as usual, an informal reception before the concert, one of the reasons why these annual reunions are so popular. The committee of arrangements for the ball follows: Pres. Charles J. McLean, chairman; Michael Walsh, Chas. W. Connors, Edward McAuley, Matthey Doyle, James Camisley, A. J. McLean, John C. McDonald, Miss Elizabeth Dean, Miss Margaret Campbell, Miss Carrie McLean, Miss Mamie Steele, Miss Lizzie A. Gillis, Andrew McArthur and Francis Sullivan.

THE Digby N. S. Courier says:—Engine No. 10, with driver Chas. Ritchie and fireman Wm. Ritchie and conductor Alfred Frizel, who had with him brakeman Arthur Taylor and another assistant, left Annapolis about five o'clock last night with snow plow attached to clear the road to Yarmouth. About 6.10 last night No. 10 went through the Digby yard at full speed, leaving part of her cab in the street near the Columbia House. A few minutes afterwards driver Ritchie walked into the station asking the railway men if they had seen his engine go by. In the meantime fireman Ritchie had moved forward and amidst escaping steam and hot water, managed to bring the big locomotive to a standstill quarter of a mile west of the Digby station. He had with him in the tender brakeman Taylor, both of whom narrowly escaped death. It appears that the snow plow left the track near Gilpin's crossing and turned around on its side enabling the engine to proceed without leaving the rails, at the same time throwing driver Ritchie out the cab window and, having his hand on the throttle at the time, probably caught the same with his clothes and pulled it wide open, this giving extra speed. His feet were caught in the debris and he was dragged several car lengths. Finally he got clear and crawled through a snow bank to the fence with an injured foot, and, anxious to give warning about his runaway engine, managed to walk half a mile to the Digby station. When the fireman returned another engine was sent out to tow back No. 10, the right side of which was badly damaged. The chief train despatcher then cancelled everything for the night, and the passengers on the west-bound express were sent to the hotels.

People who have used our "Compound Syrup of Hypophosphites" tell us there is no better preparation sold for keeping the system in good healthy condition. Its merits are well known—it has stood the test. Keep yourself good and strong and your nerves well toned by using this Only 75c bottle—A. W. Reddin, Phm. B., Central Drugstore.

The Dominion Cattle Breeders' Association, in annual session have endorsed the idea of consolidating the dominion stock records, and passed a resolution calling on the government to carefully regulate the importation of pure bred stock.

At the Police Court yesterday Francis Gornley was arraigned for larceny of turkeys from the warehouse of George H. Toombs. A number of witnesses were heard but nothing was brought out to connect him with the theft and the case was dismissed. Gornley however was fined \$5 or 30 days on the charge of being drunk and disorderly.

When ladies undertake anything it is sure to be a success. This was none the less true when the lady employees of James Paton & Co. tendered an oyster supper to the firm's winning hockey team, proprietors and clerks on Friday evening last at Armour's restaurant. A most enjoyable evening was spent and all voted it one of the best of their lives.

POPE MILLS lost a horse yesterday morning under rather peculiar circumstances. While driving out St. Peter Road Mr. Mills turned the horse off the track to meet two teams. As the animal came on the track again it staggered almost falling into one of the sleighs and in five minutes had choke 1 to death. The horse had a short time previously been injured internally and it is supposed that a rush of blood hastened its death.

SOME of the scenes among the snow drifts in the country beggar description. Mr. Carey, a farmer about three miles from Hunter River, has a tunnel from his back door to the barn through the snow drifts about 60 feet long. This had to be dug in order to save the stock and poultry. Near Kensington, it is said there is an orchard covered by about fifteen feet of snow and the trees have to be shovelled out in order to save them. Another house along the road was snowed up to the top of the roof and had the appearance of the first flat having dropped into the cellar.

"Now I Know the Joy of Health,"
 I am Brimming Over With Vitality—Appetite is Good—
 I Sleep Well—I Feel Happy.

FERROZONE
 Made me Feel Like New.

One of the earliest settlers in the town of Toronto, Ont., is Mr. John W. McNichol. Everybody knows him; knows how poor his health was for years. "I was so completely fagged out I couldn't do any hard work."
 "In the morning I was tired—my limbs ached all over."
 "I simply didn't have any sleep."
 "Sleepless!—Yes, nervous and unhappy."
 "I traced up at once after taking Ferrozone. It put new life and vitality into my body. My nerves are strong, I eat heartily, I sleep well. Now I know the joy of health."
JOHN W. McNICHOL

Won't you take Ferrozone too? It's really a marvellous tonic, some people say there is almost witchery in the way it builds you up. It's concentrated nourishment—just what Ferrozone is—just on chocolate coated tablet to take three times a day. No other medicine in the world restores so quickly.

TO MAKE BEET SUGAR.

PETERBORO, Feb. 9.—The Peterboro Col. Storage and Provisions Co. has decided to go into the manufacturing of beet sugar. Those shareholders who object to the move will have the opportunity to withdraw their stock. The company has shareholders throughout the whole Midland district, some of whom opposed the sugar beet proposal.

LA GRIPPE COMING AGAIN.
 The doctors believe another epidemic of Grippe is here, and already many are suffering. The medical men are not afraid of Grippe, they are afraid of Catarrh. Catarrh is introduced, and claim that no one will ever catch this disease who inhales the fragrant, healing vapor of Catarrh. Catarrh kills the Grippe germ and prevents its spreading through the system. "Last winter I had an attack of Grippe," writes C. P. Macinnion of St. John's. "I bought Catarrh and got relief in short time. I found Catarrh a better medicine than anything else and was cured by using it." Catarrh prevents and cures Grippe, colds and catarrh. Two months' treatment \$1.00; trial size 25c.

Toilet paper.—Large packages of superior paper at 5 cents per package, 6 for 25 cents.—Geo. E. Hughes, Apothecaries Hall. 15 d 11

Final Notice.—All overdue accounts not paid at once will be given to the Court for collection. Weeks & Co's., Queen St. 11d 11.
