**\*INSTITUTE MEETING.**—The Red Point Women's Institute met at the home of Miss Leah Ching on the evening of Feb. 13 with a good attendance of members. The Secretary reported the sum of \$40.50 which had been collected in the District and forwarded to Mayor Brown Secretary of Halifax Relief Fund—Thirty pairs of socks are now ready to be sent, making a total of 60 pairs. Letters were read by the President from the grateful boys overseas, who were the recipients of the Institute well filled Xmas boxes. The programme for the evening was as follows: Paper "Importance of Literature in our Lives" read by Mrs. G. J. Stewart. Poem entitled "The Change and Rest" by Minnie Rose. Reading "The Minister's Cat" by F. A. Yates. Meeting was brought to a close by singing the National Anthem. The members are especially requested to attend the next meeting on March 14th which will be held in the school room unless otherwise provided for.

**\*HOCKEY MATCH.**—A very pleasant game of Hockey was played in the St. Peter's rink last Friday night, February 8th, between the Montague and St. Peter's hockey teams. The game ended in a score of 6-2 in favor of the latter. The game being played according to all rules and regulations of first class hockey and the friendly feeling of the players towards one another made it a very interesting game. It showed the true spirit and ethics of the St. Peter's boys. The night following, the Montague team played a game in the Morell Rink, which ended in favor of Morell. The score being 8-1. As the game was played on an outdoor rink it was a great war, mingled with the wild cries of East Africa. The game didn't even seem to hold to the old island rule, "half the road or a wheel" but was changed to "all the road or a crashed skull." But through it all the boys enjoyed every bit of it and returned to their homes with three rousing good cheers for St. Peter's and Africa. The game didn't even seem to for St. Peter's and a dozen or so for Morell.

**Why Chilly Weather Brings Rheumatism**

Says skin pores are closed and uric acid remains in blood.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions, it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity.

In damp and chilly weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

**\*SCHOOL EXAMINATION.**—The semi-annual examination of Gowan Bay School was held on the afternoon of January 30th. Quite a large number of parents and friends were present for the occasion. The school was tastefully decorated with spruce and flowers. The pupils with the exception of a few detained by illness were in attendance. They were examined in the various branches by their teacher assisted by others present. The prompt and ready manner in which the pupils answered the different questions gave evidence of Miss Campbell's able and energetic ability as an instructor of the youth. After the examination the pupils rendered a short but pleasing program of songs, recitations, dancing and violin music. Then the pupils were treated to candy and cake. During the evening remarks were passed by some of those present in which they expressed themselves well pleased in the high standing of the scholars and congratulated the teacher for the successful work she had accomplished. The National Anthem was then sung and the examination was brought to a close.

**\*SELKIRK.**—Despite the bad weather and roads Mr. Hugh McDonald, the obliging mail carrier between Selkirk and St. Margaret's is making his regular trips. Mr. Ronald P. McInnis of Selkirk spent the week end at Bear River. On Friday last a number of young people of Selkirk were invited to a dance at the home of Allan MacAdam, Bear River, but owing to the thick snow storm one guest had the misfortune of getting off the track and had to return by the North Shore Road making the distance about two and a half miles longer. He arrived at Selkirk in the evening of the 10th. Mr. William Kelly, Morell, spent the later part of the week at Selkirk, buying cattle. Mr. R. C. McPhee and his sister Lillie, of St. Margaret's spent Sunday at Selkirk, the guest of Mr. Michael McInnis. Miss Mary Wilson and her sister Minnie spent Monday last at St. Charles, the guest of Mr. John Gallant. Armidale school is progressing favorably under the skillful management of Miss Laura MacAdam. Mr. Hughie Daley intends leaving for Nova Scotia in the near future. Mr. Harris Daley is busy trapping this season. Mr. Roy Beaton is engaged in training his young trotter, which shows excellent speed. Great credit is given to the roadmaster, Mr. Beaton, for keeping the winter roads in good repair; also great credit is given to the carrier, Mr. J. Kennedy, for the prompt delivering of mail, considering the stormy weather. "Billie" Martin paid a short visit to St. Margaret's, the guest of B. Reynolds. Mr. John McLean spent Sunday in Glen Martin, the guest of Angus Nicholson. Miss Mamie McLean, Glen Martin, spent the week-end here. Mr. Archie M. Nicholson is busy hauling his year's wood from Caledonia.
