

The Truly Magical Effects of
DIAMOND DYES
Astonish and Delight all Women.

The reputation of the P. C. Corsets is so well and widely known to-day that they require no further comment. The first 75c. or \$1.00 Corset you require try a P. C. and you will wear no other make. They are made by the Parisian Corset Co. of Quebec, who manufacture the finest corsets in the Dominion P. S.—Try a pair of our Natura Form, Belfast Corset, sold at \$2.00 per pair, it has no equal. apl. 6md

Diamond Dyes are home favorites in every part of the civilized world for coloring silks, all wool goods and cotton and mixed fabrics. Diamond Dyes have long ago established a perfect record for sure and faithful work. Every color of the Diamond Dyes produces a shade that is marked as full, clear and rich, equalling the colors produced by the best European professional dyers. Ladies will do well to bear in mind that there are special Diamond Dyes prepared for dyeing silk and all-wool materials, and specially prepared colors are made for the dyeing of cotton and mixed goods. Carefully shun all dyes that pretend to color all-wool, silk and cotton and union goods with the same dye; such dyes are always failures. Our Direction Book and Card of 48 Colors should be in the hands of every woman who desires success in the work of home dyeing. Sent free to any address by Wells & Richardson Co., Montreal, P. Q.

Mr. G. O. ARCHIBALD'S CASE.

Didn't Walk for 5 Months.
Doctors said Locomotor Ataxia.

Milburn's Heart and Nerve Pills Cure a Disease hitherto regarded as incurable.

The case of Mr. G. O. Archibald, of Hopewell Cape, N.B., (a cut of whom appears below), is one of the severest and most intractable that has ever been

reported from the eastern provinces, and his cure by Milburn's Heart and Nerve Pills the more remarkable from the fact that he was given up as incurable by worthy and respected physicians. The disease, Locomotor Ataxia, with which Mr. Archibald was afflicted is considered the most obstinate and incurable disease of the nervous system known. When once it starts it gradually but surely progresses, paralyzing the lower extremities and rendering its victim helpless and hopeless, enduring the indescribable agony of seeing himself die by inches. That Milburn's Heart and Nerve Pills can cure thoroughly and completely a disease of such severity ought to encourage those whose disorders are not so serious to try this remedy. The following is Mr. Archibald's letter:

Messrs. T. Milburn & Co.—"I can assure you that my case was a very severe one, and had it not been for the use of Milburn's Heart and Nerve Pills I do not believe I would be alive to-day. I do not know, exactly what was the cause of the disease, but it gradually affected my legs, until I was unable to walk hardly any for five months.

"I was under the care of Dr. Morse, of Melrose, who said I had Locomotor Ataxia, and gave me up as incurable.

"Dr. Solomon, a well-known physician of Boston, told me that nothing could be done for me. Every one who came to visit me thought I never could get better.

"I saw Milburn's Heart and Nerve Pills advertised and thought I would try them anyway, as they gave me some hope of helping me (anything I knew of).

"If you had seen me when I started taking those wonderful pills—now able to get out of my room, and saw me now, working hard every day, you wouldn't know me.

"I am agent for P. O. Vickroy, of Augusta, Maine, and have sold 300 subscribers in 80 days and won a fifty dollar prize.

"Nothing else in the world saved me but those pills, and I do not think they have an equal anywhere.

"The seven boxes I took have restored me the full use of my legs and given me strength and energy and better health than I have enjoyed in a long time."

G. O. ARCHIBALD.
Hopewell Cape, N. B.

In addition to the statement by Mr. Archibald, we have the endorsement of two well-known merchants of Hopewell Cape, N. B., viz.: Messrs. J. E. Dickson and F. J. Brewster, who certify to the genuineness and accuracy of the facts as given above.

Milburn's Heart and Nerve Pills are 50c. a box, or 3 for \$1.25, at all druggists, or sent by mail. T. Milburn & Co., Toronto, Ont.

FERTILIZER FACTS

The value of all Fertilizers consist in the amount of soluble Phos. Acid, Nitrogen, and Potash they contain, and the brand which shows the greatest value in these is the one to buy, on the same principle that milk testing 4 per cent. butter fat is more valuable than 3 per cent milk. ENGLISH MANURES costing the same price, contain 20 per cent. to 25 per cent. more Phos. Acid, Nitrogen and Potash than any other complete Fertilizer on the market.

Or in other words the Plant Food contained in a ton of other Fertilizer costing, say \$35, can be purchased from us for about \$28. All fertilizers are sold under a guaranteed analysis enabling any who may, to verify the above, and the superior quality of these Manures is being shown by actual test year after year by the really wonderful results produced wherever used.
