—POOR TRAVELLING.—The heavy rain of Sunday night has left the roads in very poor condition and travelling on the ice is also very heavy and stushy. —H.

—COUNTY COURT.—In the Prince County Court held at Summerside yesterday a man from Elmisdale was fined \$200 and costs for having intoxicating liquor in his possession. The case was brought by Inspector Barbour.

—CRYSTALS BENEFIT.—There was a tremendous turnout for the Crystal benefit in the Capitol Theatre last evening. The principal feature was a magnificent film entitled Flowing Gold by Rex Beach. This was supplemented by several numbers introducing the local talent of the town in musical numbers. The affair was a splendid success and adds a substantial sum to the treasury of the Crystal Hockey Club.

—WEDDING BELLS.—A delightful shower was tendered Miss Florence E. Kneay of Summerside in Epworth Hall last Friday evening by the members of the Methodist Choir, Sunday School teachers and friends of the bride-to-be. About forty persons in all being present. Miss Kneay's marriage to Mr. Arthur H. Corney took place at 1.30 p. m. on Monday, at the Summerside Methodist Parsonage, Rev. F. E. Boothroyd officiating. The happy couple were attended by Miss Lillian Reedy and Mr. Charles Earl Corney. They afterwards left on a wedding trip to the mainland. They have the best wishes of a host of friends.

—CAPE TRAVERSE.—Mr. Frank Campbell, telegraph operator of Daudette, Minn., is spending his vacation at his home in Cape Traverse. His many friends are giving him a hearty welcome.—Mr. Rae Cadman has returned to his home in Bayfield, N. B., after spending a few days with his friend Mr. Frank Campbell.—Miss Helen Clark, City, is visiting in Cape Traverse, the guest of her cousin, Miss Marion Clarke.—Miss Vera, Bernard, teacher at Searletown, spent the week end with Miss Sara Linkletter.—Mr. Bruce Campbell, Augustine Cove, is a frequent visitor to Cape Traverse.—Miss Helen Campbell and Mr. Arthur Clarke, students of P. W. C. spent Sunday at their homes in Cape Traverse.—Miss Jean Atfleck, Bedouque, spent the week end with Miss Hilda Howant.

—PRETTY WEDDING.—At the home of the bride, North Bedouque, at 1 o'clock on Wednesday, February 11th inst., Daisy Muriel, youngest daughter of Mrs. Allan Fraser, became the bride of Leslie Lyle Gardner, formerly of Let 16 and now of Wetsaskin, Alberta. The ceremony was performed by Rev. D. K. Ross, B. A. The bride and groom were unattended. An interested group of relatives witnessed the ceremony including Mrs. Lea and Mrs. Inman, sisters of the bride and Arthur Gardner, cousin of the groom, another friend of the family who was present at the marriage was Mrs. D. B. McDonald a near friend and neighbour of the Fraser family. The bride is the youngest of a family of seven girls and one boy, all of whom are now married. The bride and groom left North Bedouque for Freetown under the good care of Arthur Gardner, who saw them on board the afternoon train for Charlottetown. After a three weeks' visit to different parts of the East they will proceed to Alberta where they will reside. The bride will be greatly missed here, not only in the home circle but in the community where she was a general favourite. The Guardian wishes both Mr. and Mrs. Gardner every success.

—CITIZENS SERVICE.—The citizens of Summerside have become accustomed to such superior service in all the departments of public service that, perhaps they do not realize what exceptional service is being rendered them. It would take a complete issue of the Guardian and more to tell all the good things we know about Summerside, however, just now we want to compliment the members of the staff of the telephone office at Summerside. Whether the rates are excessive or not is beyond the power of the members of the Summerside office, but when it comes to service there is no place in the Maritimes where they excel the Summerside office. For instance yesterday afternoon we asked for 123 which is the Railway Ticket Agent's Office; it was after 4 o'clock and we could not get them although the operator tried several times and we were without the information we desired and it was very important to us. Imagine our surprise and pleasure being accustomed to the formal and desultory service of other cities when we were called back and supplied with the information we were seeking from the operator who received our first call. This is a personal service and credit to the Summerside office of the Prince Edward Island Telephone System of the Eastern Telephone and Telegraph System. We have heard complaints in many other towns and cities in the Maritimes, but we consider it a privilege to pay tribute to such service as the Summerside operators render.

—DON'T FORGET the big Auction sale at Kensington, Saturday 21st See ad in to-morrow's paper. 484-2-18-11.

—POLICE COURT.—The adjourned case of a young man from the country, charged with forgery, was given a further hearing at the police court on Saturday, a number of witnesses were examined but no evidence of a convicting nature was obtained and the case was further adjourned till Thursday next, the prisoner being allowed his freedom to appear on his own recognizance. A number of cases under the prohibition act, on information of Chief Inspector Barbour, are being tried at the police court today, (Monday), much interest is being taken as all the defendants are town citizens. —H.

—WEDDING BELLS.—A very pretty marriage was solemnized on Monday at the Methodist parsonage Summerside, where Rev. Mr. Boothroyd united in the bonds of matrimony Mr. Arthur Corney to Miss Florence Kneay of Summerside, both of whom are well and favorably known. The groom, a returned man, has been in business here since the close of the war and is known as a reliable, upright young man. The popularity of the bride may be judged by the number of valuable and useful gifts presented to her at a miscellaneous shower held on her behalf at Epworth Hall on Friday evening last. The Guardian offers congratulations with a long and happy life. Mr. and Mrs. Corney will reside in Summerside. —H.

—MISS DOROTHY WYATT, Summerside has left for a visit to Toronto.

—MRS. FRED BELL, Carleton was among the visitors to Summerside on Saturday.

—MRS. J. A. PIDGEON and Frank Pidgeon, French River, were in town on Saturday.

—MRS. J. SHELTON SHARP BIDE, and Wilfred Tanton, M. L. A. Alberton were inward passengers, recently to town. —H.

—MR. CREEL MACARTHUR, M. L. A., accompanied by his daughters, Miss Adelaide and Constance, left yesterday morning to visit in St. John and Montreal.

—MR. GEORGE McMAHON, well known to the public as station master at Kensington for many years now superannuated was among the visitors to Summerside this week.

—SKI COSTUMES WRINKLE ST. MORITZ, Feb. 17.—The wrinkle in skiing costumes here is to have them all wrinkles. The rather part of these garments are loose trousers tied at the ankle and wrinkling like an elephant's hind legs. The Countess of Norfolk, formerly Miss Jessica Brown, of Zingfeld's Pollas, has been a faithful exponent this season of the ski-wrinkles.

—TIGHT SKIRTS PLEATED NICE, Feb. 17.—Skirts now worn here are apparently as tight as they possibly can be. Somewhere concealed at sides or front are tiny pleats of fluting which become apparent only when the wearer walks. These are of contrasting color and so a black frock sometimes reveals a flash of scarlet and a white dress, one of cyllamen.

—CHECKERS POPULAR There seems to be quite a revival of the old time game of checkers in Montague this winter and competition is keen as to who rules the roost in this brainy and very fascinating game. A number of years ago Montague had strong aggregation of almost professional checker players, the people however gradually lost interest in the game, other sports replacing it until this winter, when it is experiencing quite a revival. It is understood after a little more practice a challenge will be sent to any who wish to take it up. Of course it will mean that the championship of Kings Country will be at stake. The recognized champion checker player of New Perth happened to be in Montague a few days ago played a game with one of our Montague players. The result was that our New Perth friend returned home more humiliated than exalted, as a checker school may be started in Montague shortly, it would be well for the New Perth players, to take advantage of it, so they will be able to boast of a champion worthy of the name. Of course this is not the only game in which Montague has shown its superiority over New Perth, even in the simple and less complicated game of "auction" another of our New Perth friends who shows very little knowledge of the game has on more than one occasion gone down to defeat.

—PALESTINE IS CATERING TO TOURIST BUSINESS JERUSALEM, Feb. 17.—The year 1924 has witnessed a revival in the summer tourist traffic in Palestine, states a recent report in the Commercial Bulletin, and it is expected that the winter tourist season will be a record. An official report for October shows that 4,327 travelers in transit, tourists and pilgrims entered the country during that month. This does not include the Jewish immigrants, whose number during October fell below the monthly quota of 2,000. In order to cope with the large number of tourists, many of them Jewish, expected in 1925, a non-commercial Jewish information bureau is being opened in the centre of Jerusalem to give information about tours, hotels and antiquities.

—HIS FINISH. Movie director—You are desperate because she has rejected you. Go jump into the lake. Young actor—But I can't swim. Director—Oh, that's all right. You don't appear in the later scenes, anyway.

—OUR SERVICE to the eyeglass wearing public is as efficient as knowledge and equipment can produce. Our methods of examining the eyesight are thorough and painstaking. We fit no glasses to diseased eyes or eyes that are in need of medical attention. Such cases are always referred to Medical Specialists. Our reputation is your safeguard. I have recently equipped my office with "The DeZeng Diagnostic Unit." This instrument is absolutely the very latest on the market for "Eye Examination."

Salesman For Skin Cream Learns How To Clear Up Pimply Complexion

Mr. Cliff Miska, of 595 Ninth Avenue, Astoria, L. I., writes: "I was a salesman of creams for healing pimples, blemishes, etc., but when my face broke out with blotches, pimples, and blackheads I tried one salve after another with no permanent results. I found it as impossible to sell skin cream as a bald headed man finds selling hair and I felt like a new person tonic. Finally I decided I all around. Now I know what would have to get at the to do when I have a pimply cause—the blood. I was skin, you bet." This old re-amazed to find that within a liable remedy treats such common days after taking Carter's complaints in a safe way. It has Little Liver Pills, my skin been used all over the world took on a new healthful look, for 67 years, 25c at all good blenishes started to disappear drug stores.

Raisin Loaf Cake recipe: 1/2 cup softened butter, 2 eggs, 1 1/2 cups brown sugar, 1/2 cup milk, 2 cups sifted flour, 1 teaspoon cinnamon, 2 level teaspoons baking powder, 1 cup Sun-Maid Seedless Raisins. Sift all dry ingredients into a measuring bowl, add softened butter and remaining ingredients and beat all together for about 5 minutes. Bake in a greased bread tin about 1 hour in a moderate oven.

This RAISIN LOAF CAKE has a special goodness

The ingredients are simple and inexpensive. But this easy loaf cake is unusually delicious.

The secret? Simply Sun-Maid Raisins. They add a rich and fruity goodness, a delicacy of flavor that will win your family. Prove it for yourself with the recipe above.

To all your foods Sun-Maid Raisins bring this same tempting deliciousness. For Sun-Maids are finer Raisins. They are made from the tenderest and sweetest grapes—choice raisins, large, plump, juicy and full of flavor. They come to you in sanitary packages so thoroughly cleaned and sterilized that they do not require washing before use.

Always look for the Sun-Maid girl on the package—an insignia of quality the world over. Then you'll be sure of the choicest raisins at no greater cost.

Plump, tender raisins packed as economically as possible in 4-pound bags by the Sun-Maid Raisin Growers. Now on sale

Swarms of Seals Upset British Coast Fisheries

NEVIN, Eng., Feb. 17.—A plague of seals along the South Carnarvon shire coast recently put the fishermen temporarily out of business and caused the government ministry of fisheries much annoyance. The seals ate the fish nearly as fast as the fishermen could catch them, for a time and often tore empty nets to pieces as if they were bent on showing their dislike at finding their "dinner buckets" empty.

On one occasion the seals swarmed into the fishermen's favorite haunts in such numbers that the sunboat H. M. S. Doon was dispatched to Carnarvon Bay and, with the aid of residents along the coast

who brought out their hunting pieces, 15 seals were killed in one drive, but even this did not put an end to the pest. Another time, Lord Wavertree and a party of friends who were playing golf, saw a drove of seals sunning themselves on the rocks and, abandoning golf sticks for rifles, killed five one day and six the next.

It has been established that the seals have a breeding place in caves near Nevin, and the government is considering what steps to take to rid the coast of the nuisance. The seals of this colony are known as the common seal and the gray seal, which have inhabited various parts of the British coasts for many generations, but not in such numbers, ordinarily, as to cause such an inconvenience to fishermen. The fur of these specimens has no particular value commercially.
