Old Dutch Cleanser
Chases Dirt

Economize

Use Old Dutch Cleanser for all kinds of cleaning and scouring:

- Graniteware
- Tinware
- Aluminum
- Earthenware
- Enamelled Sinks
- Bath Tubs
- Linoleum
- Oilcloth
- Woodwork
- Tiled Walls
- Refrigerators
- Nickel Fittings

Old Dutch saves time, labor and money.

WINDOWS SMASHED— There was a period of excitement on Saturday night about ten o'clock when an intoxicated soldier smashed both windows in the fortune telling establishment of the gypsies in the Newson Block on Richmond Street. The plate glass in these windows is fully a half inch thick and the first window to go was smashed by a blow from the man's fist, which resulted also in his arm being badly cut. The second window was smashed in by a blow from his foot. An immense crowd gathered and hung around the place for an hour or more waiting to see what next would happen. Friends of the man who had committed this act of vandalism in the meantime removed him from the scene and no arrests were made.

SUCCESSFUL CONCERT.—A most enjoyable concert and social was held in the Town Hall Georgetown, on Friday evening last, under the auspices of the Women's Institute. The programme which consisted of piano solos by Misses Virginia Byrne and Hilda Barnes, vocal solos by Mrs. Barnes, and Miss Renton of Georgetown, Miss Edith Gordon, Roseneath, and Miss Laura Wightman of Lower Montague and readings by Miss Skinner and Mrs. MacLaren, was excellent throughout, while the pantomime put on by a number of the young people was exceedingly well acted. Miss Eileen Gibbett, in Scotch costume danced the Highland Fling to the music of the bagpipes played by Mr. D. D. McDonald, both dance and music being very heartily applauded. After the concert was ended the ladies served tea and sold candy, all the proceeds to be devoted to the work the Institute is doing in the planting of trees on the streets, improvement of school premises etc.

WEDDING ANNIVERSARY.—A number of the immediate friends of Mr. and Mrs. Parnell McMahon of Emerald, called at their home on Monday evening last to extend their friendly greetings on the tenth anniversary of their marriage. They were warmly welcomed and entertained by the host and hostess and a few hours were very enjoyably spent. Instrumental music was supplied by Mr. P. Deighan and the vocal selections by Mr. W. Lawless of Norboro added much to the pleasure of the occasion. A congratulatory address was read by Mr. W. Smith of Newton and suitable gifts were presented, for all of which the visitors were heartily thanked by Mr. McMahon in a few well chosen words. After doing justice to the bountiful supply of delicacies spread so elaborately before them by Mrs. McMahon the gathering dispersed thankful for the generosity extended and trusting that all might be spared to attend the golden anniversary.

PLEASANT CELEBRATION.—A very pleasant evening was spent at the home of Stanford and Mrs. Glover of Norboro on Friday evening last when their many friends, called on them to extend their heartiest greetings and to wish the happy young couple many joyous, prosperous years of wedded life. The bride was assisted in receiving the guests by the groom's sisters, Mrs. Doughart and Mrs. H. Reeves. A very sociable time was spent interspersed with music. Mr. and Mrs. Glover were then presented with a beautiful buffet and address as a token of the high esteem with which the young couple are regarded in the community and also as an expression of good wishes towards them. One feature of the evening, which is worthy of very special mention was the heavily laden table which fairly groaned beneath the bountiful good eatables which were prepared by the hostess and partaken of with great delight by all. After more social intercourse and many nice selections of music the people dispersed to their homes hoping to spend many more social evenings with the popular young bride and groom.

The death occurred in this city on Saturday afternoon of Mr. Frederick Rice, a most highly respected citizen. Mr. Rice had been ill for some four months and bore his suffering, which was intense at times, with exemplary christian patience. He leaves to mourn his loss a devoted widow, daughter-in-law and two sons to cherish the memory of a loving husband and father. His funeral takes place this afternoon at 2.30 from his late residence, corner Kent and Hillsboro Streets, Rev. A. C. Field and Rev. C. R. Freeman officiating.

Great regret was felt in Murray Harbor and surrounding districts on Saturday when it became known that Vivian, the second daughter of Hon. A. P. Prowse had passed away. Vivian, who was in her twentieth year, had been a victim of the Spanish influenza and lung trouble supervening carried her off. Vivian was a bright cheerful girl on the threshold of what bade fair to be a promising career. After graduating from Charlottetown Business College, Vivian became private secretary to her father and was popular with the large business circle with which she came daily in contact. She is survived by her father and mother, two sisters and six brothers, this being the first break in the family. The sympathy of the Guardian and the community generally goes out to the bereaved parents in the sad loss they have sustained.

BANQUET AT YORK.—The members of Excelsior Farmers Institute, York held their annual banquet on Friday night. The hall was packed and the banquet was one of the most successful in the history of the Institute. Mr. Peter Brodie, the President, gave an admirable address describing mainly the Stock Breeders' Association which he attended in Toronto as representative of the swine breeders of this province. Mr. Brodie also emphasized the need of co-operation among the farmers. Rev. Mr. Wilson, of Covehead, in his address declared that too many farmers' sons were being educated away from the farms, and he made a strong appeal for more agricultural education in this province. Mr. J. H. Gill, Charlottetown, formerly of York, concisely set forth the value of co-operation among farmers and made fitting reference to his pleasant memories of his sojourn in York. The remainder comprised solos by E. Saunders, Chas. Earle, of Charlottetown, Geo. Bearisto an Ira Carr, of Covehead, J. A. Moore, Hazelbrook, and a reading by Miss Crawford, of York, all very highly appreciated. Encores were the order of the evening, and Mr. Chas. Earle gave five selections in his usual superb style. Between 200 and 300 people sat down to supper provided by the ladies of York, and other districts within the sphere of the Institute. Needless to say the repast was fully up to the high standard of previous years. It was about one a.m. when the proceedings were brought to a close. Among those in attendance were a number of returned soldiers, chiefly of York and vicinity, namely, Geo. Brown and Wm. Vessey, of York, Fenwick Crockett, Wm. Watts and Alfred Watts, Pleasant Grave. All these men had been in France and severely wounded.

A very interesting function took place in the City Council chamber on Saturday afternoon when the formal presentation of the bronze medal of the Royal Canadian Humane Society was awarded to Master Vivian McQuaid of this city for his heroic rescue of William Monteith from drowning last autumn.

This lad who is only fifteen years of age is the son of Mr. Peter McQuaid, Charlottetown, Mechanical Superintendent of the P. E. Island Railway.

Mayor Wright presided at the gathering and a considerable number of friends of the plucky lad were present. The Mayor in a few suitable words explained the object of the gathering, after which he called on Mr. G. S. Inman, K. C., who announced that this was the seventh medal of the Royal Canadian Humane Society to be presented in P. E. Island, and referred to the previous instances. Mr. Inman, who was chiefly instrumental in bringing to the notice of the Society the heroic action of this lad gave some particulars regarding the Society and the matter of placing the facts before the Board of Governors.

The Mayor then explained the manner in which young McQuaid had made the rescue of the lad Monteith. The latter in October last, was fishing at Pownal Wharf when in some way he over-balanced and fell into the water. A number of other boys were present and some started up the wharf looking for help. Young McQuaid noticing the commotion ran to the scene and without any hesitation plunged over the wharf and succeeded in getting hold of Monteith just as he was going down for the third time. He swam with him to the edge of the wharf and both were lifted out of the water to safety. The

Mayor emphasized the great advantages it is to a boy to know how to swim.

He thought that the action of Master McQuaid was an inspiration to any boy and regretted that the room was not filled with boys. He warmly congratulated Master McQuaid upon his plucky action and then called upon his sister, Miss Agnes McQuaid, who was present to pin the medal to her brother's breast, which she did amid applause.

Rev. Dr. Fullerton was next called on and paid a warm tribute to the bravery of this lad. It was easy he said to risk one's life with a multitude looking on, much easier than in the case where this boy acted. Every swimmer knows he is putting his life in danger when he tries to rescue a drowning person as they would both go to the bottom should the drowning one get the wrong grip on the rescuer. The action of this lad, said Dr. Fullerton, was a splendid tribute to his presence of mind and his heroism. He pointed out the necessity of all boys and girls being able to swim and thought the city and School Board with our splendid surroundings might easily inaugurate instructional swimming during the summer months.

Dr. Fullerton said he thought that the bravery of this lad should be drawn to the attention of the Carnegie Institute and to this the Mayor stated that the matter would be attended by Mr. Inman and himself.

His Worship in a few remarks mentioned the fact that Bathing houses were being erected at the East and West ends of the town for both sexes and that the city would be very glad to reserve certain hours for the benefit of the school children, if the teachers or others were pre-

pared to undertake the training. Mr. McQuaid, father of the boy, called upon to say a few words, heartily thanked all for the interest taken in the case but especially Mr. G. S. Inman whose efforts resulted in the awarding of this medal. Coun. Smith also spoke briefly. He said he had known the boy all his

life and that he was not only a brave, but also a good boy and was well worthy of the honor conferred. This brought the affair to a close, when all present shook hands with Master McQuaid, complimenting him upon the distinction he had won.

It appears that this was not the only time that Master McQuaid had

rescued others. Several years ago he saved a boy named Arthur Gormley who was caught in a quicksand at Connolly's wharf, and rescued another boy named Laurier McMullan who had fallen over the Marine wharf, —an excellent record and showing indeed the advantage of being a good swimmer.

THE WELCOME TO OUR BOYS

will be vociferous and enthusiastic but no warmer than the welcome back to the Canadian breakfast table of

Shredded Wheat

the favorite whole wheat breakfast cereal. Of course you couldn't get all the Shredded Wheat you wanted during the war. We paid a heavy toll for doing a restricted business—but we paid it gladly. The war is over. It is the same Shredded Wheat you have always eaten—clean, pure, wholesome and nutritious. For any meal with milk or cream

MADE IN CANADA

AVOID COUGHS and COUGHERS!
Coughing Spreads Disease SINCE 1870

SHILOH
30 DROPS STOPS COUGHS
HALF THIS FOR CHILDREN

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2 1/2 ounces of Pinex (50 cents worth) in a 16-oz. bottle; then fill up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Do You Know

That we operate the only Lens Grinding Plant on P. E. Island?

That we employ a skilled Surface Grinder, and are daily grinding from the rough glass—the most complicated kinds of lenses?

Those are facts, which mean a good deal to the Glass wearing public, doing away with the annoying delays caused by sending away for special lenses.

Send your glasses in by mail, you'll get them back promptly and in perfect condition.

Call in and look over our plant.

The Always Dependable Flour

Good Bread and Pastry Always

QUEEN CITY FLOUR has the delicacy, the sweet flavor of Ontario Wheat, and the good mixing quality that makes delightful pastry. For bread it contains the exact amount of gluten required to ensure splendid big loaves that rise right up out of the pans. The famous Queen City blend does not vary, because its uniformity is maintained by constant testing of wheat samples in our laboratories.

QUEEN CITY FLOUR

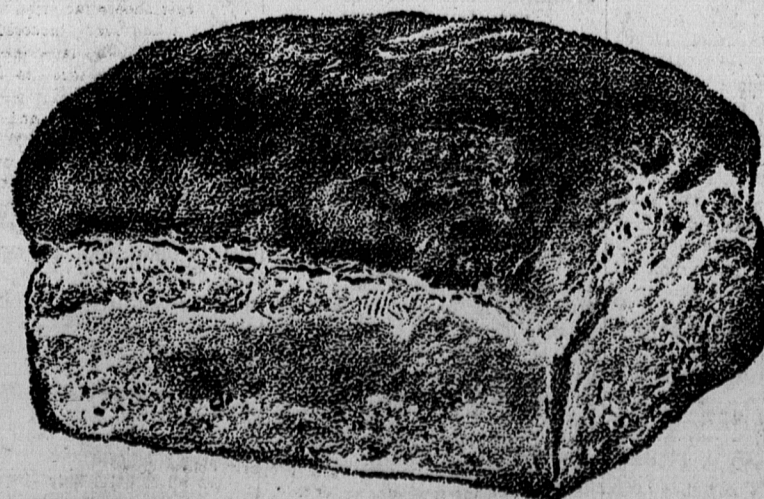

(Milled according to Government Standard)

is a reliable flour for both pastry and bread. Our chemists, trained at the Ontario Agricultural College, make certain that Queen City Flour is never stronger one time and weaker another time, as is the case with ordinary blended flours.

Think of what this means to you. It saves expensive shortening. It saves puzzling disappointments in your baking, for, once you are acquainted with Queen City Flour, you always know what it will do for you. Try it.

Made in Most Modern Mills

Queen City Flour represents the perfected results of half a century of milling experience. It is made in mills equipped with every modern advantage that can make for better flour.

The Campbell Flour Mills Co. Limited
West Toronto, Ont.

Canada Food Board License Nos. 6, 7 and 8.

Dealers can procure Campbell's Flours from

TURNER & CO., Charlottetown, P. F. I.
