

Is This Your Case?

A good many people suffer with backache every morning. They think they have pain in a cramped position, or else have caught a little cold.

More than likely it's due to their kidneys—may not be serious at all, except as it tends to become chronic—then serious.

Nyal's Stone Root Compound benefits the kidneys, helps then cleanse the blood from poisonous uric acid and does away with that backache quickly—Nyal's Kidney Pills are good too. 25c box.

How to Make Your Hair Beautiful

Ten Minutes' Home Treatment Works Wonders. Stops Falling Hair, Itching Scalp and Dandruff and Makes the Hair Soft, Brilliant, Lustrous and Fluffy.

Better than all the so-called "hair tonics" in the world is a simple old fashioned home recipe consisting of plain Bay Rum, Lavona (de composee), and a little Menthol Crystals. These three mixed at home in a few minutes, work wonders, with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and 1 dr. Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in an 8 oz. bottle. Then add the Lavona, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again, rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning for a few days' use and you cannot find a single loose or straggling hair. They will be locked on your scalp as tight as a vise. Dandruff will disappear and itching cease. In ten days you will find fine downy new hairs sprouting up all over your scalp and this new hair will grow with wonderful rapidity. Any druggist can sell you the above. The prescription is very inexpensive and we know of nothing so effective and certain in its result.

U. S. TORPEDO BOAT STRUCK BY TORPEDO.

NEW PORT, R. I., May 19—The torpedo boat Vesuvius was struck by one of its own torpedoes late today and was beached on Fogg Island, Narragansett Bay, when the lives of those on board seemed imperilled by the waters which rushed in through a two foot hole astern. Late tonight the Vesuvius worked herself out of the beach, and proceeded to the torpedo station, under her own steam.

CHURCH LEAGUE.

An enthusiastic meeting was held in the Y. M. C. A. Parlors Monday night for the purpose of organizing baseball teams for Zion Church.

Mr. W. T. Huggan presided. After the usual routine business the following committee was appointed to carry on the work of organization, Robert Nelson, Hollis Rowe and Russell Bell.

The growth of Baseball as Canada's popular Summer sport is illustrated by the fact that seventeen years ago today the Toronto franchise was offered for sale for \$5,000. Moreover, there was no rush of buyers at that figure. Just how much money it would take to buy the Maple Leaf franchise now can't be known, for the present owners appear to be satisfied with their investment. Despite the poor showing of the International League Champions in the early part of the season, some 17,000 fans turned out to welcome them home. Back in 1896, when the Toronto franchise was going for \$5,000, Jack Dunn, the present Baltimore manager, was pitching for the Leafs. While Joe Kelly, now manager of the Toronto team, was one of Ned Horton's famous Baltimore Birds, then playing the National League circuit.

There is no pleasure yet discovered that can give to man the healthful and exhilarating delight caused by the combination of good weather, good roads, an easy riding, light running wagon, and a smart stylish roadster.

IN MEMORIAM

MISS MARJORIE H. REDDIN

The heartfelt sympathy of the citizens of Charlottetown goes out to Mr. and Mrs. D. O'M. Reddin in the death of their daughter, Miss Marjorie Helen, which occurred at her home, Brighton Lodge, early yesterday morning, at the age of seventeen. In delicate health for some years, loving ones watched over her with untiring efforts to stay the hand of death, but all in vain, and she peacefully passed away speaking words of comfort to the watching ones. Although at rest the loving deeds and kindly actions of Miss Marjorie live after her, in the home which so recently mourned the death of another beautiful daughter, and among other friends who loved her well. The Guardian joins in extending to Mr. and Mrs. Reddin and the two brothers, Ivan, now in Calgary, and Edwin O'Mara, Mining Engineer in Butte, Montana, sincere sympathy in their present deep sorrow.

FOX NEWS

\$100.00 FOR A CAT.—Several litters of foxes near Kensington are being brought up by a cat. A few days ago a well-known rancher had given up all hopes of any increase in his pens and had decided to investigate. To his surprise he found one litter apparently a few days old and in his excitement or terror of the mother fox not bringing them to maturity, after being disturbed, he gathered them up and carefully placed them in his home. His trouble had only begun as he had no freshened cat and did not know of any in the neighborhood. He travelled many a weary mile and the news soon spread. At last one was located and quicker than one can write the story, the price asked for this particular cat, reached the six ciphers. The owner of the cat at first demanded one quarter interest in the litter, and it was not before other freshened cats had been located that he accepted the nice figure of \$100.00.

Weather Not To Blame

It's Your Condition. "This weather simply takes the life right out of me, I can hardly drag one foot after the other," said a run-down, tired-out, woman, the other day. We want to say to every such person in this vicinity. Don't blame the weather, it's your condition. You need a strengthening tonic and the very best we know is Vinol which is a combination of the two most world-famous tonics namely, the medicinal, curative elements of cod liver oil and tonic iron, for the blood. A case has just come to our attention from Vineland, N. J., Mrs. Allen T. Godfrey says: "I never fail to say a good word for Vinol, for it restored my strength and vigor after I had been in a badly run-down condition for several months. Every one who is broken in health ought to know that Vinol will build them up and make them strong." Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. E. A. Foster, Central Druggery, Charlottetown, P. E. I.

A Constant Change In Body's Tissues

"Our bodies," says Huxley, "may be likened to an eddy in the river, which retains its shape for a while, though every instant each particle of water is changing."

The tissues of the body, composed of millions of tiny cells, are being constantly broken down and wasted away by the process of life, and especially by overwork, worry and disease.

In order to reconstruct these wasted tissues there are necessary such elements as iron, sulphur, magnesium, potassium, etc., and when these are not supplied in sufficient quantities in the food we eat it is necessary to aid nature by the use of some restorative preparation.
