THE OLD FORT AT MAFEKING

A city business man, who gets to work at nine in the morning, takes an hour for lunch and leaves for home at four or five in the afternoon. Little undereats and the hardships of the life of the farmer, who starts to work at break of day and frequently works on into the night by lantern-light.

A man to endure the hardships of a farmer's life, must be robust physically at the outset, and if he would live a long life, always keep a watchful eye upon his health. He should remember that it is the apparently trifling disorders that eventually make the big diseases. It does not do for a hard working man to neglect bilious attacks or spells of indigestion. If he does, he will soon find himself flat on his back with malaria or crippled with rheumatism. Dr. Pierce's Golden Medical Discovery is the best of all medicines for hard working men and women. It makes the appetite keen and hearty, the digestion perfect, the liver active, the blood pure and rich with the life-giving elements of the food, and the nerves strong and steady. It builds firm muscles and solid flesh. It is the greatest of all blood-makers and purifiers. It cures malaria, troubles and rheumatism. It is an unfailing cure for biliousness and indigestion. An honest dealer will not try to substitute some inferior preparation for the sake of a little additional profit.

"I was a sufferer for four years with malarial fever and chills," writes Robert Williams, of Iowa, Barber Co. "Four bottles of Dr. Pierce's Golden Medical Discovery cured me and I now weigh one hundred instead of 130, my old weight."

Costiveness, constipation and torpidity of the liver are surely speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little Pellet is a gentle laxative, and two a mild cathartic. They never gripe. They stimulate and strengthen the jaded organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that are "just as good."
