# Policy Announced at Rousing Meeting

## Magnificent Ovation Tendered Conservative Party Leader At Opening Meeting Of Campaign

Largely Attended Meeting At Capitol Theatre Hears Fighting Speeches From Hon. J. D. Stewart And Charlottetown Candidates—Mr. Stewart Stresses Importance Of Pressing Implementation Of Duncan Report, Honest Enforcement Of Prohibition Law, Old Age Pensions And Other Matters Of Vital Interest To Electors In Coming Campaign.

"To my mind the question of paramount importance in this election is the question of our revenue. The time has come when the Government of this Province should not be permitted any longer to play hide-and-seek and blind-man's-bluff with this matter. We should get our claims implemented without any further delay, because for want of that money our public services are suffering, our people, in many cases, who have to perform public services are not paid as they should be paid. For these reasons I submit that you should elect whichever party you consider is most likely to succeed in implementing these claims."

With this subject as his key-note, Hon. J. D. Stewart, K. C., Conservative party leader, in one of the most masterly political addresses ever heard in Charlottetown, opened the Conservative campaign at a rousing meeting held last night in the Capitol Theatre. The attendance, despite the unfavorable weather conditions, was very large, and the applause, frequent through Mr. Stewart's address, was at times deafening. In addition to the many hundreds who heard him in the theatre, thousands throughout the Province listened in on his speech over the radio.

Mr. Stewart dealt with all phases of the campaign issues. He scored the Lea Government for its attempt to camouflage its sorry record of incompetency and mismanagement of the public revenues, for its broken pledges and irresponsibility, by attempting to rehash the issues of the last federal campaign, on which the people have al-

ready decided. He dealt convincingly with the financial situation, the subsidy question, public works, prohibition, education, agriculture, old age pensions, and fisheries, outlining the plans and policies of the Conservative party and challenging the Lea Government's

## TRAVELLING NOT SO GOOD AT PRESENT

Many Of Roads In Prince County Almost Impassable—Cars Ditched On Way To Egmont Bay—Tourists Wonder What's Going On.

Many of the roads in Prince County at the present time are almost impassable owing to the piles of sand which are being dumped on the highways with the idea, it is presumed, of improving or making up the road.

Just at this season of the year when so many conventions, picnics and now political meetings are under way, it does not seem in the opinion of a good many travellers to be the proper time to start road building. Earlier in the spring would have been much better.

Reports have come to hand of cars being ditched on the way to Egmont Bay on Sunday and also in different parts of East Prince the road was so heavy that a car was down to the hub in heavy sand making going almost impossible. What good it is doing just now, when visitors are arriving from a-broad to make the roads like ploughed fields it is difficult for the average citizen to understand.

## LEAVES FOR FAR NORTH

(Canadian Press)  
MONTREAL, Que., July 14—The steamer Ungava left Montreal at noon today for her annual voyage to Hudsons Bay and Baffin Land. Packed in the hold of the Ungava are a variety of supplies and luxuries for the people of far northern outposts. A tally of 22 canoes is included in the cargo. Sheep, pigs and a variety of poultry are also included.

Many people came down to the harbor carrying letters which they gave into the keeping of Captain John Alexander for delivery to friends about the Arctic circle. Captain Alexander took his wife with him on this voyage, and installed a radio set in his cabin for her benefit.

## Bennett Negotiates Tariff Preferences And Protects Farmers

Home Market Of Canadian Farmers Fully Protected In New Australian Treaty, Which Secures Greater Concessions Without Exploiting Interests of Home Producers—Adequate Protection Afforded Canadian Farmer On Meats, Butter, Eggs And Cheese, While Canadian Lobsters Secure Special Preference On Australian Market.

## Whole Dominion Will Benefit By Trade Agreement

(Special to the Guardian)  
OTTAWA, Ont., July 14—The new Australian treaty, the terms of which were announced in Parliament last evening by Premier Bennett, is particularly advantageous to Canadian agricultural interests. Of special interest to farmers in the Maritime Provinces are the following provisions:  
MEATS: Australian meats under the old treaty entered Canada at one-half cent per pound duty. The new treaty increases the duty to three cents.  
BUTTER: The duty on Australian butter under the old treaty, negotiated by the Mackenzie King Government, was one cent per pound. Under the new treaty the duty is increased to five cents a pound.  
EGGS: Under the old treaty, Australian eggs entered Canada free. The new treaty imposes a duty of two cents except during January and February.  
CHEESE: Under the old treaty, Australian cheese competed against the Canadian producers in their home market, free of duty. Under the new treaty there is a duty of one cent a pound.  
LOBSTERS: Under the new treaty, Canadian lobsters will have a preference in Australia of three cents per pound.

## Cheaper Flour To Help Needy

(Canadian Press)  
OTTAWA, Ont., July 14—The Dominion Government has decided to direct the purchase of 2,000,000 bushels of wheat to be ground into 450,000 barrels of flour which will be available at low price, with bran and shorts, in drought areas in Western Canada, Premier R. B. Bennett announced in the House of Commons this afternoon.

"It is not improbable," the Prime Minister stated, "that members, especially those who reside in Western Canada, may be interested in knowing that the Government has concluded in view of the situation that obtains, to direct the purchase of 2,000,000 bushels of wheat which will be ground into flour by the mills of the West, thereby en-

abling the municipalities and those requiring assistance to obtain flour at a very reasonable price and where distribution has to be made we will be in a position to do so without delay. That will produce 450,000 barrels of flour and the bran and shorts that will remain will also be available if desired. I mention this at once in order that members who may be receiving communications from the west may be able to reassure those who are directly affected by the drought conditions in their provinces."

Hon. Charles Stewart, former Liberal Minister of Interior, enquired if distribution would be made by the municipalities. Premier Bennett answered that this matter had not been decided.

## The Beauharnois Investigation

(Canadian Press)  
OTTAWA, Ont., July 14—Frank P. Jones, at one time associated with R. O. Sweeney in the Beauharnois project, has been asked to reappear tomorrow before special House of Commons committee, which is enquiring into this organization. The committee's order was issued this afternoon. At the same time, it is expected that the Senate, having given its permission for three of its members—Hon. Donat Raymond, Hon. W. L. McDougald and Hon. Andrew Haydon—to give evidence before the committee, one or more may also be present tomorrow.

Hon. Wesley A. Gordon, chairman, asked J. R. L. Starr, Counsel for Mr. McDougald, if it would be possible to arrange this, or if the Senator desired to avail himself of his right to decline. Mr. Starr replied he had no instructions in the matter, but would inform the committee tomorrow at the earliest. Evidence at this afternoon's sitting concerned principally the transfer of the 1,600 part interests in the Beauharnois syndicate bought by L. Clare Moyer, of Ottawa, for the late Winfield B. Sifton and transferred, after Mr. Sifton's death, through J. P. Ebbes, of Ottawa, to Senator McDougald.
