How Red Rose Tea is Grown TEA is a native plant of Northern India. Transplanted to Ceylon it lost much of its strength and richness, but gained in fragrance and delicacy. That is why Ceylon tea is not a strong tea. That is why I blend Indian and Ceylon teas together—that is how the strength and richness, fragrance and delicacy of Red Rose Tea are secured—that is why Red Rose Tea has that "rich fruity flavor."

SHERLOCK HOLMES WAS STANDING SMILING AT ME.

ranged myself during my visit to Baker street this afternoon. "But why?" "Because, my dear Watson, I had the strongest possible reason for wishing certain people to think that I was there when I was really elsewhere." "And you thought the rooms were watched?" "I knew that they were watched." "By whom?" "By my old enemies, Watson. By the charming society whose leader lies in the Reichenbach fall. You must remember that they knew, and only they knew, that I was still alive. Sooner or later they believed that I should come back to my rooms. They watched them continuously, and this morning they saw me arrive."
