Ernest Houston exhibited the Junior Champion. Mr. J. H. Warrington, Cornwall, Ontario, completed the judging of the poultry, who said: "The quality was exceptionally good, especially taking into consideration this time of the year. They were shown in splendid condition. Unfortunately the extreme heat when they were shipped in, effected an odd exhibit, but they were well looked after, well fed and cared for. The poultry building was very sanitary, with no smell whatever."

The Swine was judged by Waldo Walsh, the Deputy Minister of Agriculture for Nova Scotia. The exhibit this year contained a greater number of entries than were shown last year, and some of the principal exhibitors were Frank McAulay of Souris, Ernest Houston of Hunter River, George Boswell, Charlottetown, Charles Willis, Kingston, S. C. Stewart & Son, Marshfield, George MacDonald & Son, Montague and others.

The first position for Senior Herd was won by Frank McAulay of Souris, with Ernest Houston of Hunter River, second. In the Junior Herd these positions were reversed, Mr. Houston winning the first position. The Senior Champion Boar was owned by Charles Willis, who also won the Grand Champion ribbon. The Junior Champion Boar honours went to Ernest Houston of Hunter River. Frank McAulay of Souris had the Senior Champion Sow, while

worried over lack of arms and ammunition, but today came a report from reliable sources, that he has millions in silver secreted in caves, foundations and other hiding places. Part of the hoard, several millions of it, was bequeathed to the country for its defence by the late Emperor Menelik. It is really a rather large hoard, some 10,000,000 gold lire came from Italy as indemnity after the disastrous defeat of the Italians at Adua 40 years ago.

Parliament Session Unlikely Sentiment of the key ministers was against recalling Parliament now and the Cabinet is likely to approve the stand, informed quarters said. It was felt a Parliament session, however, may follow the meeting of the League of Nations Sept. 4, if the Italo-Ethiopian dispute. Then future policy can be discussed.

tion descended in of distinctly monumental character. In order that comparison may be instituted between any and all countries, the world trade of which has been worked out to its equivalent in gold dollars.

Values Are Down More Than Volume Furthermore, a distinction is made between the shrinkage in the dollar value of world trade over the year under review, and in the actual volume of commodities interchanged.

Thus the interesting fact is shown that while the gold dollar value of world trade in 1934 was only 44 per cent of what it was in 1929, the quantitative volume of commodities involved was 77.5 per cent of the 1929 total.

On gold dollars the value of Canada's exports is disclosed by the League statistics as having dropped from \$1,225,000,000 in 1929 to \$455,000,000 in 1934. In volume, however, Canada is shown to have contributed 3.71 per cent of total world exports in 1929 and 3.99 per cent of total world exports in 1934.

The significant fact to which the statistics thus testify is that under the Bennett regime it is the dollar value and not the quantity of Canadian foreign trade that has been shrinking. And for the decline in the dollar value the responsibility belongs to world market conditions, not to the Bennett Ministry's trade policies.

Mrs. Darling Defeats Quebec Golf Champion

(C. P. By Guardian's Special Wire) MONTREAL, August 21—Mrs. A. B. Darling, the former Dora Virtue, today reaped revenge for her defeat in the final last year by eliminating Mrs. J. Dagenais, titleholder, in the quarter final round of the Province of Quebec Women's Golf Championships.

Playing over Mrs. Dagenais' home course, Laval-sur-le-lac, the Whitlock star scored a sound 6-5 victory to establish herself as favorite for the title which she had held prior to last year.

Looming as Mrs. Darling's rival was Margery Kirkham, former Canadian and Quebec champion, who secured a default today through illness of Miss M. Surcouer, another Laval star. Tomorrow, Miss Kirkham will meet Mrs. H. R. Perkins in one semi-final while Mrs. Darling clashes with Mrs. A. J. Wright in the other. All are Montreals.

In the championship consolation Mrs. D. Leo Doan of Ottawa Hunt club advanced to the semi-final with her victory over Mrs. H. W. Soper 3 and 2. Mrs. Soper was the qualifying medalist on Monday but was beaten in the first round of the championship proper yesterday.

Discovery Is Winner At Narragansett

(A. P. By Guardian's Special Wire) NARRAGANSETT PARK, Pawtucket, R. I., Aug. 21—Back on the track where he set a world record for the distance, Alfred Gwynne Vanderbilt's Discovery today bowed to A. A. Ba'oni's Top Row in the \$25,000 added Narragansett special of a mile and three-sixteenths.

A crowd of 45,000 backed Discovery down to a one to four favorite in the mutuels as the Vanderbilt four-year-old went to his first defeat after taking eight consecutive major turf purses. Top Row had a length and a half on Discovery at the end of the race. In third place only one length away from Discovery was Mrs. Walter E. O'Hara's Howard, while Mrs. F. A. Carraud's Time Supply, winner of the stake in its first running last season finished fourth two lengths behind Howard. B. N. Kane's Fidelis was the only other entry to go to the post with New Deal, another O'Hara horse, scratched just before post time.

Chief Of McLeod Clan Dies At 88

EDINBURGH, Aug. 21—Sir Reginald McLeod, chief of the Clan McLeod and owner of the oldest inhabited castle in Great Britain, died today at the age of 88 years.

He was born at Castle Dunvegan on the Isle of Skye, where successive McLeods have lived for centuries and where the Duke and Duchess of York were recent guests.

Sir Reginald was chairman of the Anglo-Egyptian Oil company and deputy chairman of Anglo-American Debenture corporation.

BOARD AWAITS APPLICATIONS

Will Pay 70 Percent of Cost of Eliminating Level Crossings.

(C. P. By Guardian's Special Wire) OTTAWA, Aug. 21—With \$1,000,000 at its disposal for the elimination of level crossings the Board of Railway Commissioners is awaiting applications from local authorities for expenditures from the fund, Hon. Hugh Guthrie, chairman of the board, announced today.

As a general rule the board will pay 70 per cent of the cost of crossing elimination out of the fund leaving 30 per cent to be paid by the province, municipality or railway interested.

The money was appropriated by Parliament under the Public Works Construction Act, passed last session. The Governor-in-Council is authorized to determine the amount to be paid from the fund and by railways, provinces and municipalities to the improvement of particular crossings for the protection of motor traffic. All applications so far approved have been on the basis of 70 per cent from the fund.

"A number of applications have already been received," said Mr. Guthrie. "For expenditures out of this fund, and up to the present time 15 applications have been approved from various parts of Canada involving an expenditure of \$432,000.00."

By provinces, the applications so far approved are: British Columbia, \$124,000; Saskatchewan, \$35,486.00; Ontario \$300,967.32; Quebec, \$4,950.00; Nova Scotia, \$78,922.66. No applications have yet been received from the provinces of Alberta, Manitoba, New Brunswick or Prince Edward Island.

Raspberry Preserves Weigh equal quantities of raspberries and sugar; lay the fruit in dishes and sprinkle one-half the sugar over them in a fine layer; shake the dish to assure the sugar touching the under part of fruit. The following day make a syrup with the remainder of the sugar and the juice drawn from the raspberries and boil until it jellies; then put the fruit into it, doing so carefully to avoid crushing; let simmer nearly an hour. Put into glass jars and fill up with the syrup. Seal. The left-over juice may be utilized in some way. As this recipe is a little different than the ordinary way it is merely a suggestion.

Birthday Greetings

(By The Canadian Press) To Harvey Fullford, one of the great hockey defencemen of all time. He was born August 22, 1875, and achieved fame with the Ottawa Silver Seven, Stanley Cup winners. He helped Ottawa Roughriders football team with Canadian championships and was a star lacrosse player and oarsman.

FENCEBUSTERS WIN SERIES TRURO, N. S., August 21—Springhill Fencebusters won the fifth game of a three-of-five series against Westville here today, 6-5, to enter the second round of the Nova Scotia Senior Baseball Play-downs. Each team had won two games previously and Truro was chosen for the final encounter.

Program For Today At The Big Fair

This morning the judging will be completed in the main building, with the horses in the show ring, cattle, etc. Everything will be cleaned up by noon—in the afternoon, races.

The horse races this afternoon will start at 1:45, leading off with the 2:21 Trot and Pace, with eight starters, followed by the Free for All, which has the classic bunch of side-wheelers in Canada competing. Horses such as Dermot, 2:04 1/2, Toll Gate, 2:00 1/2, The Great Guy, 2:02 1/4, Calumet, Brownie, 2:03 1/2, Sampson, Hal, 2:02 1/2, and Marjorie M, 2:07 1/2, will make a race that will be remembered until next year, just as last year's Free for All was.

By the way, Toll Gate's great competitor last year was Guy the Tramp, and it may be remembered here that two days ago Guy the Tramp set up a new world's record over a half mile track of 2:05, trotting. That, combined with his pacing record of 2:02 1/2, gives him the greatest average speed ever made by a horse at both gaits over a half mile track.

The 2:18 Trot will be the third event on tomorrow's programme, and will be a good race, with a lot of uncertainty to it. The fourth race will be the 3 Year Old Trot and Pace.

The Vaudeville acts will be on, and Charlie Chamberlain will sing three or four times. The afternoon's sport will be concluded shortly after 5 o'clock.

EVENING'S PROGRAMME Tomorrow evening there will be a full programme, all the acts, the finish of the Horse Show, the Musical Ride and singing.

Tomorrow night will be one of the best nights of the entire Exhibition programme. The Fire Works will be up to the standard of the other evenings, in fact, a little better. Don't fail to see this feature. It has cost a lot of money to bring it here.

DOMINIONS

(Continued from Page 1)

ancial nature against Italy once she becomes an aggressor. Despite today's informal meeting of the Cabinet leaders it is understood the cabinet at present is somewhat divided. Some think that sanctions may be imposed collectively by states members of the League without fulfilling Sir Austen Chamberlain's statement that sanctions mean war. Others hold that Britain's efforts should be confined to restricting hostilities to Africa.

The meeting between the Foreign Secretary and the dominion representatives lasted three-quarters of an hour. It was said that no similar meeting was contemplated again immediately at least. Today's gathering followed the well-established practice of keeping the dominions fully informed of the Imperial government's policy in matters of imperial concern. The Foreign Secretary did not mention the possibility of dominion participation in any military preparation.

Those attending were: Col. G. P. Vanier of the Canadian High Commissioner's office; Stanley Bruce of the Australian High Commissioner's office; Sir James Park, High Commissioner for New Zealand; J. W. Dalrymple, High Commissioner for the Irish Free State, and a representative of the South African High Commissioner.
