IT PAYS to buy in this province

**SHORTHORN CATTLE.**—Among the prominent breeders of Ayshire and Shorthorn cattle in King's County, is Mr. Wm. Gordon, of Georgetown. Mr. Gordon owns a very large farm and keeps two herds of cattle. His Ayshires are the old type large in size with good teats, but somewhat rough. His young ones, however, are smooth and give every appearance of being good at the pail. His Shorthorns are of the milking strain. He purchased his foundation stock from the Government stock farm and has been breeding to the best sires obtainable.

**CROPS IN KING'S.**—Mr. Leslie J. Tennant, District Representative for King's County, spent last week visiting at Murray Harbor and Guernsey Cove. He reports the crops in the Guernsey Cove and Murray Harbor districts are very good, a field of Timothy owned by John Hawkins is worthy of special mention, but hay is below the average as a general thing. Most of the clover was winter-killed, but the Timothy came on and made a very fair crop. Rainy weather has interfered somewhat with hay-making. Oats are growing nicely and promise to yield well. Wheat has also made a good growth, but there is a good deal of loose smut in some fields. Several farmers are giving more attention to seed selection, and the crops show the result in a stronger, more even and more uniform growth. There are a number of fields which, if entered, would make the Standing Field Crop Competition very keen. Potatoes and roots are growing very rapidly, and at the present time give indications of a heavy yield. The potato beetle is very numerous, but where spraying was done promptly, there has been but small loss. Mr. Percy LeLecheur at Guernsey Cove has a good pure-bred Clydesdale mare with a filly foal at foot. This mare is of good size, well put together and has excellent quality. Mr. John Brehaut has a fine yearling pure-bred Holstein bull. The use of this animal in this district should help to improve the quality of the cattle kept very much. There are not many sheep or pigs in the district.

**AROUND THE FUR RANGES**

The shock that the financial world has experienced by the outbreak of the present great European war, particularly in the participation of Great Britain, has to some extent demoralized business of all kinds in this province as almost in the entire universe, for the past ten days. Now, however, the first effects of the shock have worn, and people are settling down to the ordinary routine of life as before, confident in the belief that the Triple Entente can overcome the hostile Teutonic forces that are arrayed against it, and the fact that Great Britain has null the command of the seas assures the security of Canadian commerce, and on this account business of all kinds on the North American continent should be stimulated by the war rather than set back by it. There has really been no hardship felt here, nor will there be, unless something very unexpected occurs. This being so, investors in fox stock should have no apprehension as to the soundness of their securities. Money will flow quite as freely as before, and more over money which has been taken from stock speculation will find its way, doubtlessly, into the secure and more permanent investments which the fox industry affords. An evidence of the fact of this being so, it may be stated that one of the leading city fox exchanges had four large orders for shares during the past week. One commission was from New Brunswick and was to the extent of \$1,500. Another order came from the Western United States, another from Bristol, Ky., and the other from Montreal. Enquiries are coming in quite as freely as before, and the prediction may safely be ventured that in a few weeks' time, conditions of investment in regard to silver black foxes will be perfectly normal.

"The war," said Mr. B. Roy Holman, of the Maritime Fox Exchange yesterday, "has not scared us nor has it scared investors in the fox business. We have money coming in every mail, placing commissions for fox stock, and to-day alone we received several thousand dollars worth of orders for fox investments from various places outside of the Island."

Besides, Mr. Holman went on to explain, activities in regard to the big

**HORSE NOTES**

The nominations for the stake races, to be held on the Charlottetown Driving Park Track, Sept. 22-24th, have been completed, but there are also open classes of 2.19 trot and 2.19 pace and free-for-all, the entries for which do not close until September 10th. It must be gratifying to the Directors of the Association, and particularly to Mr. F. R. Heartz, the President, and Mr. C. R. Smallwood, the Secretary, to have such an excellent list of nominations, comprising as it does, not only entries by all the principal horsemen of the Island, but by such leading stables of the Maritime Provinces as those of Frank Boutillier, W. H. Musgrave, and Peter Carroll, of Halifax, N. S.; and also by S. E. McGregor, Thomas Munroe and S. Gammon, New Glasgow, N. S.; T. H. Dobson, Jolicure, N. B.; R. H. Gray, Thorburn, N. S.; Edgar Campbell, Stephen Purvis, North Sydney, N. S.; F. W. Foster, Kingston, N.S.; P. A. Simpson, Amherst, N. S. It is said that never before in the history of this Association has the present list of nominations been equalled or even approached. The five classes have in all 64 entries, an average of 13 to each class. There are 14 entries in the 2.48 trot; 17 in the 2.24 trot; 12 in the 2.40 pace; 8 in the 2.22 trot and pace and 13 in the 2.30 pace. The entries, as already indicated, are from all over the Maritime Provinces, and stables of the very best reinmen are represented, and the general public can look forward to seeing the greatest horse-racing that has ever taken place on a local track.

A meeting was held in Halifax yesterday to determine whether or not the Exhibition would be held, and a definite announcement as to that may be made to-morrow; of course, if there is no Halifax exhibition, there will be no Halifax races in the fall. The city being under martial law is given as the cause of the hitch.

Montague will hold its horse races on the 24th inst. There will be three classes, viz., free-for-all, 2.24 trot and 2.30 pace. The free-for-all will have as starters, among others, Vesta Boy, 2.05½; On Wilkes, 2.14½; Dr. Sharper, 2.19½; Hilda S., 2.18½. The 2.24 trot will have Orwell Belle, 2.23½; Happy George, 2.23½; Bottom, 2.23½; Mayor Todd, Brenton H. and several others.

Some fast work-outs were made on the local race course during the past week. Among other performances, Oakley H. stepped a mile in 2.21, the last half in 1.05½; Dr. Sharper, a mile in 2.15; Helen R., a mile in 2.19, the last half in 1.05½; Miss Aleyone, a mile in 2.19; Princess Eta, a mile in 2.21; Brenton H., a mile in 2.21; the last quarter in 33 seconds; Orwell Belle, a mile in 2.21-1.5; May or Todd, a mile in 2.22½; Alfred K., a mile in 2.27; Pletton S., a mile in 2.30, the last half in 1.10; Ruby D., a mile in 2.25; Helen R. (No. 2), a mile in 2.30; Hilda S., a mile in 2.18. Several other horses are in training which have stepped miles in times ranging from 2.30 to 2.35. The class and extent of race material available in the province this year is far in advance of any year within memory.

Don't miss the big dividends in the fox business. The St. Lawrence Silver Black Fox Company offers you one of the best propositions seen on the market. Write Wm. Moran, Charlottetown, P. E. Island for particulars. 3363-7-10Mtf.

If you want a good investment put your money in the St. Lawrence Silver Black Fox Co., Ltd. Full particulars on application to Wm. Moran Secretary, Box 506, Charlottetown. 3363-7-10Mtf.

Mr. J. D. Jenkins, of this city, is building two ranches across the river, one for the Star Fox Company and the other for an American concern. Both of these ranches will be stocked with foxes early in September.

The hot weather of the past fortnight or so has had a trying effect on some of the fox ranches, but it is gratifying to state upon reliable information that there has been practically no loss among the expensive silver blacks—in fact, the continuance of general good health in the various ranches is a very satisfactory feature.

The Canada Fox Exchange is anxious to secure shares in a number of dividend-paying companies for clients abroad, and its advertisement in this regard will appear in to-morrow's issue.

"If you want to be sure of a good time at the picnic party, you need to provide yourself with a Thermos bottle or a Thermos set. The Thermos is easily carried from place to place, does not get out of order, is handy, light and compact, keeps liquids icy cold for 48 hours, prices \$1.50 up. The Two Macs, 149 George Street. E.T.

fox companies now being organized in which he is concerned are going ahead without any interruption. The building of the ranch of the Inkerman and Kingsbury Companies is being proceeded with every despatch. These companies' foxes will be ranch together at the big ranch that is now being built at Inkerman. Work is now being carried on with regard to the fencing of the ranch; the trenches have been made, the posts erected and the wiring is now in hand. This ranch will have 25 pens, twenty of them being for the Inkerman Company's foxes, the remainder for the foxes of the Kingsbury Company.

Mr. G. C. Acorn, of the Maritime Fox Exchange, who is now in the States, reports that he is meeting with great success in Boston and New York in the placing of fox investments.

"While other stock exchanges" was one pertinent remark made yesterday, "have been compelled by the effects of the war to close, the fox exchanges have not had to, being perhaps the only exchanges in the financial world that have remained open and have been doing steady business all the time."

The ranch of the Canada Atlantic Fox and Fur Company is rapidly nearing completion. Some difficulty has been experienced in getting wire in sufficient quantities to complete all the pens, and it will be a few weeks yet before they can be completely wired. The caretaker's house is an excellent building and it is being fitted with every modern convenience. The ranch covers an area of

Bankers—Bank of Nova Scotia, Charlottetown, P. E. I.

**Ranch**  
The ranch will be located on the Union Road, about six miles from Charlottetown, on a farm of 165 acres. A portion of this property is covered with a beautiful grove of spruce and hardwood making an ideal spot to prosecute the Fox-farming business.  
The service of one of the most experienced ranch-builders in the province have been secured, and with his skill coupled with the advice of our Veterinary Specialist, we will be able to give our shareholders the most up-to-date ranch yet built. It will be absolutely safe, sanitary and comfortable.

**Equipment**  
A comfortable house for the keepers, barns, ice house, watch-tower and everything necessary for the conducting of a first class ranching proposition will be provided.

**Ranching Expenses**  
There will be absolutely no charge for the ranching of the foxes for the first year. All charges for keep, food and everything connected with the maintenance of the foxes—salaries of the keeper, watchman, veterinary inspector—will be paid by the promoters up to Sept. 1st, 1915. This one item alone means a saving to the shareholders of from fifteen to twenty-five per cent., as the charges for keep in the greater number of companies is from fifteen to twenty-five per cent. The shareholders of the Canada Atlantic Fox and Fur Company, Limited, are, therefore, in a position to secure the fullest returns from their investment.

**Large vs Small Companies**  
The tendency in this as in all other important industries at the present time is to centralize the business, with the idea that the more foxes that can be ranch under one management the smaller the percentage of expense and the better the returns in dividends to the shareholders. With forty pairs of foxes breeding, if two or three pairs should prove to be barren it would have no material effect on the annual dividends, but if only five pairs were in the ranch and the same thing occurred it would make the dividends comparatively small.

**Future Policy**  
While the company expects to earn large profits from the sales of live foxes for breeding purposes, it proposes to retain annually a considerable percentage of each year's production, placing itself in a position where it can pay good dividends from the sale of furs alone, thus making it from the outset a safe and permanent investment, carrying out the original idea of the promoters which is to establish a safe and permanent fur-farming industry.

**Management**  
As will be seen by the names of our Provincial Directors the management is in the hands of prominent and experienced men. All of the directors have had a large business experience, and the Secretary-Treasurer and Ranch Manager are men with a successful career in the Fox Industry, all being large shareholders in the company. They will for their own, as well as other stockholders' benefit, guard the best interests of the company in every respect.

**Estimated Earnings of this Company For Three Years**

**STOCK 1915, 40 PAIRS**  
Estimate number of pups 1915, 120 at \$6,000 each ..... \$720,000.00  
Retain five pairs to add to stock at \$6,000 each ..... 60,000.00  
Estimate dividend to stockholders 660,000.00  
Equalling 88 p. c.

**STOCK 1916, 45 PAIRS**  
Estimate number of pups 1916, 135 at \$5,000 each ..... \$675,000.00  
Cost of Raising, etc., estimated at 20,000.00  
Retain five pairs to add to stock at \$5,000 each ..... 50,000.00  
Estimate dividend to stockholders 605,000.00  
Equalling 80 p. c.

**STOCK 1917, 50 PAIRS**  
Estimate number of pups 1917, 150 at \$4,000 each ..... 600,000.00  
Cost of Raising, etc., estimated at 20,000.00  
Retain five pairs to add to stock at \$4,000 each ..... 40,000.00  
Estimate dividend to stockholders 540,000.00  
Equalling 72 p. c.

At the end of three years' operations the stockholders would therefore have 55 pairs of foxes in the ranch, and would receive, on the above estimate, \$1,805,000.00, equaling an average of 80 p. c. annually. In this estimate the price has been decreased each year to take care of any drop in values, which is altogether improbable.

**Guaranteed DIVIDENDS**

The Company guarantees to the shareholders a dividend of not less than ten per cent per annum upon its paid-up capital during the first five years it does business, which is equal to a total dividend of fifty per cent. on paid-up capital in five years.

**APPLICATION FORM**

J. STANLEY WEDLOCK, Secy-Treas. Canada Atlantic Fox and Fur Co., Ltd., Charlottetown, Prince Edward Island, Canada.

Dear Sir:—  
I hereby make application for ..... shares in the CANADA ATLANTIC FOX AND FUR COMPANY, LIMITED, at Fifty Dollars per Share, and agree to pay twenty per cent. on application, enclosed herewith, and the balance on August, 15th 1914. Should the shares not be allotted the money paid to be returned in full.
