Stavert's residence to a point opposite south side of Second Street thence along south side of Second Street to the shore according to a plan and specifications submitted to the council but subject to the parties being respectively responsible and subject to any by law of said town against any nuisance caused by such sewer and subject to a right the Council reserved that the said sewer shall be subservient to any public requirement of the Town and that the sewer shall be removed at any time if found to be an obstruction to the purpose of the Town.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
