

10-Day Tube FREE

Mother!

Be sure you get Pepsodent for child's teeth and gums

You want your child to have prettier teeth now, and protection from tooth and troubles in later life?

Film is the greatest enemy of tooth health. It clings to teeth, gets into crevices and stays. Germs breed in it and imperil both teeth and gums.

You will notice a film on your teeth. That's a frequent sign—an invitation for tooth and gum troubles.

Now in Pepsodent, two new combatants are embodied—combatants approved by highest dental authority.

FREE Mail Coupon for 10-Day Tube to THE PEPSODENT COMPANY

THE ACADIAN TEACHERS' CONVENTION will be held at Rustico on August 26th and 27th. All Acadian Teachers are requested to attend. Zachariah Buote Pres.

MILLVIEW—As the Pastor is away on a vacation, no prayer service will be held this Tuesday evening. Service will, however, be held the following Tuesday at 8 p. m.

PERSONALS

Miss Alice LeClair, of Rustico, has undergone an operation for appendicitis. Her many friends wish her a speedy recovery.

The Misses Rosie and Angie Diron have returned to Charlottetown after having spent a week's vacation in Rustico.

Among the Queens County young men leaving on the harvest excursion was Mr. Augustine Gallant, of Rustico. The best of success to Mr. Gallant.

Miss Emelle LeClair and Mr. Andrew LeClair, of the teaching staff have returned to Mont Carmel to resume their duties after having spent a very pleasant vacation at their home in Rustico.

Mrs. Joseph Gallant of Bedford, Mass., has arrived in Rustico to spend a vacation with her many friends.

Mr. T. H. Hiscott of Stanley Bridge, Miss Mary Morton of Granville, Mr. James Ernest Cousins of Glynde River and Miss Gladys McKenzie of Granville motored to the city Saturday evening.

Pine Air Is Good For Catarrh, Colds

Dwellers in pine forests never have colds, never know the meaning of Catarrh. Upon this fact is based "CATARRHOZONE," which sends into the lungs and nostrils the healing balsams and soothing antiseptic of the pine forest.

The health-laden vapor of "CATARRHOZONE" subdues the worst of coughs, colds and catarrh. The tiniest corners of the lungs are treated, the uttermost parts of the bronchial tubes are reached, every cell in the nose and throat is bathed in the antiseptic balsam of CATARRHOZONE. Simply invaluable is CATARRHOZONE, because so safe, so effective, so sure to stop huskiness, whooping cough, catarrh, nose colds or bronchitis—try it yourself.

Messrs. James Farquharson, Geo. Johnson, Clarence MacLeod, and Ralph Squarebriggs, left yesterday on a motor tour to Boston and the New England States.

Messrs. James Parsons and Rae Parsons of Millvale, Alfred Partridge of St. John's, and James and Ernest Cousins motored to the city yesterday on business.

Mr. and Mrs. F. L. Gwynne, Boston, Mass., motored to Hazelbrook, to spend a few weeks at the home of her mother, Mrs. Christina Wood.

Mr. Dionel Buote is visiting friends in the western part of the island. Mr. Buote will soon return to Ontario to continue his studies.

The Messrs. Joseph Bernard, Peter Callaghan, Leo Arsenault and Timothy Pineau of the teaching staff, have motored to Rustico where they were the guests of Mrs. Buote. On their return they were accompanied by Miss Evelyn Buote who took up her duties as teacher in Tignish, and by Miss Nettie Buote, who is visiting her aunt in Wellington. The trip was a very pleasant one, having enjoyed the many points of interest on the way.

CARD OF THANKS

Mr. and Mrs. Frank Gaudet, Tignish, desire to extend sincere thanks to their many friends, especially in Charlottetown for kindness and sympathy shown during their recent sad bereavement.

Belfast and Vicinity

Mr. and Mrs. Montie MacEachern were visitors in Garfield on Sunday.

Mr. Donald Nicholson returned to Ch'town after spending the past three months in Ocean View. Messrs. Ewen and Frank MacEachern and their sister Maude motored to the city last week.

The many friends of Mr. F. MacDonald regret to learn of his serious illness and trust that he may regain his usual good health.

Among the latest events was a dance and clam bake held at Plettie on August 11th, 1926.

The Mt. Buchanan Women's Institute is having the interior of St. Harland school repainted and put in order for the reopening of the school. Mr. Simon D. Murdoch is the painter.

Among the passengers on the S. S. Harland on Tuesday was Miss Lavinia Bishop, Mrs. Roderick MacRae and Mr. Watson Bishop. They intend visiting their sister Mrs. D. W. Macintosh who leaves Aug. 18th for Boston, Mass.

Mr. Hugh MacCallum returned to Ottawa after a short visit to his home in Surrey.

Among the excursionists who left on Monday last for Western Canada were Mr. Silas Morrison, Mr. John H. MacRae, Mr. Baxter Ross, Mr. Leo Frizzell.

Miss Rosie Rockwell accompanied by her cousin Miss Bertha MacWilliams returned to Boston, Mass., after a short visit to Pinetoe.

Mr. Norman MacDonald and his aunt Mrs. Annie Ross were visiting friends in Surrey, Aug. 15, 1926.

Miss Donalds Ross of Boston is visiting her parents Mr. and Mrs. D. E. Ross of Rosebery.

The farmers of Belfast are busy engaged in doing their fall ploughing.

Mr. and Mrs. Wm. MacWilliams, motored to the city last week the guests of Mrs. John McLeod, city.

First Women Of France Talk Less Than Queen

PARIS, Aug. 23 — Presidents' wives — the present one being a bachelor — are difficult to interview in France.

Madame Millerand was the first one who was asked by a woman's paper for an interview. At first she acquiesced but later withdrew her consent, presumably, the paper concludes, at her husband's prompting.

Madame Poincare replied that the first quality of a president's wife was to keep silence.

Madame Deschanel based her refusal on the shortness of time that she spent in the Elysee Palace, which was so limited that she had brought away no impressions. Madame Fallieres sent no reply from her country retreat in Loupillon. This difficulty in obtaining interviews with presidents' wives furnished a contrast to the comparative ease with which statements are obtained from Kings and Queens.

Crop Report

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. The Branch Managers have complete and intimate knowledge of each local situation and are in close touch with crop conditions in all sections of the districts mentioned.

General

Rain has retarded harvesting in the Prairie Provinces but otherwise the weather had been favorable and the late crops will benefit by the moisture. In Quebec all districts report crop conditions satisfactory and average yields are expected. In Ontario frequent rains have delayed pastures. In the Maritime Provinces excellent growing conditions prevail and all crops are doing well. In British Columbia rains have fallen after a prolonged dry spell but are too late to benefit, with the exception of roots. Details follow:—

Prairie Provinces

Alberta, Western Area.—Further rains have delayed harvesting, but late crops continue to improve and an average yield is expected. Small hail losses have occurred in scattered localities. Alberta Northeastern Area.—Harvesting has been delayed by scattered showers and cold weather. Late crops are progressing favorably and average yields are expected in most localities.

Alberta Southeastern Area.—Prospects on the whole are poor. While some crops are giving fair return many crops do not warrant cutting. Saskatchewan Northern Area.—Harvesting is now average. Saskatchewan Southern Area.—Wheat cutting is well under way with good yields being obtained in the south, central and southeastern districts. General report shows crop conditions weather throughout the province has helped the filling of immature crops. Some damage from sawfly is reported at a number of points.

Manitoba.—Prospects continue favorable for a good average crop. Operations have been delayed by rain but 50 per cent is cut in the southern portion of the province.

Province of Quebec

Oats are now heading out and cutting will commence within the next two weeks. Corn, although late, shows marked improvement, and both cultivated and wild berries are plentiful. Present indications point to an above average yield of apples. Hay is practically all cut and is of a good quality although the yield is slightly less than average.

The fall wheat harvest is about over except in backward sections, and while the yield is better than last year the crop on the whole is about 30 per cent below average. Cutting of barley and oats is general. Both are heavy crops and

Province of Ontario The fall wheat harvest is about over except in backward sections, and while the yield is better than last year the crop on the whole is about 30 per cent below average. Cutting of barley and oats is general. Both are heavy crops and

Easy to Gain With Yeast and Iron

New Combination of Yeast with Vegetable Iron Quick Way to Build Up Weight

This new combination of yeast vitamins with vegetable iron renews the action of sluggish blood cells, drives out dangerous poisons, increases energy and endurance and supplies the system with the vitamins that build up weight.

For years yeast has been known as a rich vitamin food but not until we perfected "Ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

For years yeast has been known as a rich vitamin food but not until we perfected "Ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "Iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized, becomes just twice as beneficial as ordinary fresh or cake yeast.

Ironized Yeast tablets are composed of concentrated food elements, therefore, they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "Ironized yeast" tablets will pick you right up, and if they fail, you set your money back.

Sold by druggists, at \$1.00 for a large 60-tablet package and Ironized Yeast Co., Fort Erie, Ontario. 205

1438-21st.

Plenty of Punch and Pep SHREDDED WHEAT

for the hot days—a real energy food— Refreshing and satisfying—Ready-cooked

under way with good average yield, ties and are of very fine quality. Potatoes have suffered from lack Heavy rains this week will be of moisture and the crop will be great benefit to the late apple crop, well below average. Plums and Hops are a good average crop, pears are above average. Wealthy Pasturage is poor but will benefit apples are moving in heavy quantities by recent rains.
