LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery!

Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

Lobster Packers

We beg to announce to Packers throughout the Island who purpose adapting the new sanitary can sealing method, that we are in a position to supply the motive power required by uniform speed and reliable power of Mogul kerosene oil engines, with magneto, for which we are at present booking orders, for delivery before required for use. This particular engine is somewhat different in construction to other makes, being of throttling governor type, which excels for unvaried speed; and furthermore the Mogul line of engines has in the construction many combined features to meet exacting conditions, having a completely enclosed cylinder and crank case with rear exhale to protect the internal working parts from possible damage from shore sand or salt water.

Note, we carry a full line of Mogul repair parts at Charlottetown For further information or prices communicate with
