ABEGWEITS WIN FROM SAINTS 6-3

Opening Tussle For Island Football Supremacy Was Hard Fought.

ABEGWEITS, 6; ST. DUNSTANS, 3

chosen to kick for a convert—and two points—fall miserably when directly opposite the bar and only twenty-five yards away. Practice is what's needed, and only one or two players should be chosen for this important work.

The Game By Halves

Saints kicked off. The ball is returned by Gormley. On the scrum up, referee McDonald awarded the red and whites a free kick. Fraser kicks for a gain. The forwards following well, carry the play to the Abegweits 25 yard line, where poor ball handling by the Abegweits half line almost nets the collegians a score. Toby McMillan steps into the breach however, by using his head in a safety touch. On the kick-off, Abegweits advance steadily to their opponents' twenty-five yard line where a battle royal takes place. The Abbies half line gets going to work the ball to within fifteen yards of the scoring line. Corcoran, playing quarter, makes a nice tackle of Bennett, who tries to go over. Shaw follows on Doucette's fumble, the play still advancing to the red and white five yard line. Here the Abegweits made a herculean effort to score, but fast work in heeling out from the scrum saved the Saints, who drove the red and black squad back for twenty-five yards. Undaunted, the Abbie halfline, Partridge, Trainor, Power and Gormley get going in a great passing game to again threaten Duffy, Saint full back saves by fast running to intercept a pass and kick out of danger. This kick for gain gave the Saints a new lease on life. They started a dribble that almost ended disastrously had not O'Neill, full back, been on to his job. He took fast travelling ball on the hop to make a clear running kick, the oval going in touch at centre field. On the pass out, Woolner dribbles the ball, which is quickly scooped by Duffy, who makes one of the best kicks of the day, the pilsken going for a forty yard ride into Abegweits territory. Within striking distance of a count, the Saints' resort to the "bucking" game and were almost successful; overanxiousness costing them dearly, when a free kick was awarded the Abegweits. On the return kick, Partridge returns, and following closely nabbed the ball from under the noses of the Saint halves to go over for the first try. It was a splendid bit of work. The try was unconverted. For the next five minutes the red and white crew literally played the Abegweits into the ground. They forced the play to their ten yard line time after time, and in eight minutes from Partridge's score, Monaghan bucked over for the tying marker. This try was also unconverted. For the remainder of the half, play was about even.

Sudden Death Of Church Services

Mrs John Allen

TRINITY UNITED CHURCH

There was a good attendance at all services yesterday. The choir under the able guidance and direction of Prof. Fletcher is giving a splendid service from Sunday to Sunday and the anthem, "I will feed my flock," at the morning service was greatly enjoyed. The junior congregation (about 75), retired to the Social Hall as the people sang "Saviour while my heart is tender, I would yield that heart to thee."

The subject of Rev. Mr. Brown's discourse was "The United Church of Canada," and he particularly emphasized the last two words "of Canada." He referred to the marvellous development of Canada in recent years, far greater than the people are aware of. Canada is not looked upon now as only an agricultural country, but also as an industrial centre. Our cities are growing rapidly. The home mission task is one of tremendous proportions, to give spiritual direction to people from the fishing hamlets of the Labrador coast to the lumber camps in northern British Columbia, from the industrial centre of Cape Breton to the wheat belt of the Peace River district and the most northern railway point at Churchill. The United Church was a noble achievement of which we may be justly proud. There are over 3,000 ministers with 12,500 preaching places in 25 languages in Canada. Since its formation 363 new fields have been opened up and 500 churches have since become self supporting—which formerly had to receive aid. The Church is looking after the newcomers to our country who are flocking in by hundreds every day. We have the Church of Many Nations in Winnipeg, the Church of the Open Door in Vancouver and a dozen other similar churches. A stirring appeal was made to support the Home Mission work of the Church.

The attendance at Sunday School was 398. The evening service was broadcast by CHCK, who have agreed to broadcast our service each Sunday during the next three months, morning and evening alternately. CHCK are giving an excellent service and many letters of appreciation are being received, one of these received by the writer reads "It came through excellent, good and loud and the quality of transmission was all that could be desired." Radio listeners should send in their letters, it helps.

Rev. Dr. Ramsay spoke on "The use of Leisure." The text was Eccles. 3-1. "To every thing there is a season and a time to every purpose under the heaven." It was an able address and the first of a series of addresses for young people. It is said that music is the language of heaven. If so the congregation heard with pleasure some of that language in the anthem, "God that made Earth and Heaven," with Mr. P. M. Williams taking the solo part and in Miss Frances Wood's solo, "Jerusalem. Thou that killest the prophets," sweetly and delightfully rendered.

The Men's Bible Class has been re-organized. It will be known in future as "The Brotherhood Bible Class," and will meet every Sunday afternoon in the Church at 2:30 p. m. Dr. Ramsay is the teacher of leader and Mr. George Johnson has been selected as President for the next year. The course of study for the next few months will be "The history of the Christian Church." All men are cordially invited to attend. A list of all Committee men will appear later.

Partridge's counts were made on heady plays combined with fast running, the like of which have never been seen since the days of James "Toby" McMillan, Father Joe Gallant, Parker Hooper—and what have you. So fast was Partridge, that the red and white quarters and halves were tied to the mast and helpless in the face of those sudden plays. The counts, coming as they did, does not reflect one iota on the splendid and sparkling work of Partridge's team-mates, who played magnificent ball throughout the entire session. In fact it was the determined and well planned defence of the city team that saved them from a tying score, and perhaps defeat in the last five minutes of play. Saint Dunstans opened an offensive during this interval that was tough enough to try the hearts of the most courageous. Time after time they bucked and battered their way to within five yards of the Abbie line, to be forced back by super-human efforts and quick plays of the red and black squad. Even all this would have availed them nothing, had not young "Toby" McMillan pulled one of his buck plays to grab the ball on his own three yard line and wriggle through for a get-away of twenty-five yards. This was the beginning of the end; there was only a half minute left of play, and when the final whistle blew, St. Dunstans were again on the rampage, but still ten yards from their objective.

Saturday's game was the opener of a three game series for the football championship of Prince Edward Island. The tussle was far superior to that which was played between these teams at the opening of the season, when the University aggregation was defeated 11 to 3. Since that game the college team experienced a shake up that stood them in good stead. New faces appeared in the line-up and various positions underwent a change. These changes were mighty significant as the Abegweits realized on Saturday. The game was anybody's from start to finish, with the result that the fans witnessed one of the most stubborn battles seen on the Abegweits gridiron in a great many years.

The Abegweits half line composed of Gormley, Partridge, Power and Trainor were almost a team in themselves. Their passing and running was excellent, while McMillan, Bennett and Ryan, quarters, showed up true to form. The Abegweits front line was a little dead in following up, which gave the halves and quarters more than their share of the work. However, the forwards made up for this to a certain extent by hard tackling and good scrum work. O'Neill at full back again played a masterful and steady game.

As above mentioned, Saint Dunstans showed a hundred per cent improvement. Lyola, Duffy, new full back, was exceptional his kicking and judgment in receiving left nothing to be desired. Duffy is a great ball handler. His is cool and collected at all times, and it is a safe bet that before the season ends, his presence in this position will be truly felt. The half line, with Murphy, Hagen, Doyle and Coyle on the job showed fine football. The running of Murphy and Doyle at times was spectacular while Coyle and Hagen tackled like gladiators. The Fraser, Doucette, Corcoran quarter line also worked with machine-like precision, while the scrum succeeded in getting the ball out more often than in their previous clash with the Abegweits. Taken as a whole, Saint Dunstans are yet very much in the provincial championship limelight.

There was one thing lacking in Saturday's game that should be remedied, that is the failure of both teams in converting tries. More stress should be placed on this important phase of the game. Championships have been won time after time by converted tries—not on the Island however, because this is where the local teams fall down. Year after year players who are

Study Group First Meeting

The Teacher's Study Group held its first meeting in Prince of Wales College Saturday, Oct. 19, at 10:30 a. m. There were thirty-four teachers present.

The following officers were elected:—
President—Arthur Woolner.
Secretary—Marjorie Darrach.
Press Committee—Jean Rodd and Flossie Younker.
Question Box Committee—Mary Callaghan and Fred Jenkins.

The topic for the meeting was "The use of the sand table." Mr. McPhail gave demonstrations in Literature and Geography. Mr. Court gave a demonstration in History. These proved very helpful to the teachers. Mr. Court was assigned the work for the next meeting. A few difficulties of the respective teachers were taken up. Meeting adjourned to be held at the same place Nov. 16, at 10:45 a. m.

ly carrying the oval back where it had been a minute previous.

Judgement On Collision Case At Summerside

The October Term of the County Court at Summerside, Judge Inman presiding, occupied all day on Friday last. There were thirty summonses issued and twelve contested cases.

A lengthy written Judgment was delivered in the case of Mann vs. Sharp, tried last March. This was an action of negligence in which the Plaintiff claimed seventy five dollars damages for injury to his motor car.

The facts were that on the 14th of November last, the defendant with a team of horses and a truck wagon was hauling hogs to the railroad station in the town of Kensington. In the railway yard near the station and within a few feet of the main line is a railway siding and immediately adjacent is a cattle pen. Defendant drove his team to the cattle pen and tied the reins to the front stay of his truck wagon, and went to the rear of the wagon to unload the hogs. Shunting was going on and frightened the horses and they bolted and ran. The defendant gave chase but was unable to catch them. The team ran out of the yard and into the Main Street, and there collided and did injury to the Plaintiff's motor car which was parked on the proper side of the street. The defendant's plea was that this was an unavoidable accident and that he was not guilty of any negligence.

Judge Inman reviewed the case which had been sighted to him at some length, but held that the defendant having gone to the rear of his wagon had placed himself in such a position in regard to his team that it was out of his power to control it, in case of emergency, and that it was the defendant's duty to have taken more precaution under the circumstances. He held that the act of omission of the defendant in not exercising the reasonable care which he could have taken constituted affirmative evidence of negligence, and that the defendant under the circumstances must take the risk of the consequences and held him liable for the damages resulting from the accident occasioned by his horses having run away. He assessed the damages at \$26.15. Mr. Thane Campbell for the plaintiff and Mr. Heath Strong, K. C. for defendant.

Four of the contested cases were stood over till the December term and the remainder, which were small disputed debt cases, were disposed of.
