To Editor Guardian
DEAR SIR,—
We wish through the medium of your paper to wish the general public A HAPPY NEW YEAR. To the customers and friends whose co-operation made our Christmas sales a record breaker we are especially grateful. In the future as in the past our best services will be given to make our store bright, prosperous and up-to-date.
Respectfully
REDDIN BROS.

ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

S. B. MILLER & Co of No. 7 Fulton Fish Market N. Y. have The Guardian's thanks for a beautiful calendar with holidays, abstinence days and fast days marked for those who observe them.

The Pope Bicycle Daily Memoranda Calendar. The re-issue of the Pope bicycle daily-leaf calendar may be considered the opening gun proclaiming the natural and healthful return of bicycling. Col. Albert A. Pope, the founder of our bicycle industries and the pioneer in the Good Roads Movement, is again at the head of the bicycle industry. Upon the 366 calendar leaves are freshly written lines, from the pens of our greatest college presidents, doctors, clergymen, statesmen, and other eminent men and women, all of them enthusiastically supporting bicycling. Half of each leaf is blank for memoranda. This calendar is free at the Pope Manufacturing Company's stores, or any of our readers can obtain it by sending five two cent stamps to the Pope Manufacturing Co., Hartford, Conn., or 143 Sigel Street, Chicago, Ill.

The half-yearly examination of Fortune Cove school was held on Wednesday Dec. 23rd, the school officers and a goodly number of visitors being present. The school room presented a nice appearance having been tastefully decorated for the occasion. The teacher J. W. Bridges was ably assisted by Heber Gordon of P. W. College in examining the school. Mr. Gordon expressed himself as being well pleased to find the children so well up in the different subjects. When the examination, which was concluded with a number of good recitations, was over, Miss Pauline Perry on behalf of the school read the following address and made the presentation.

DEAR TEACHER.—We the pupils of Fortune Cove school desire, at this Christmas-tide, to present you with this writing case and volume of poems as a small token of the esteem in which you are held by us. We appreciate your earnest and painstaking efforts to teach us during the past six months, also your interest and assistance in our sports and amusements. We can truly say that under your helpful methods, study has been a pleasure rather than a task. In conclusion we wish you a Merry Christmas and a Happy New Year. (Signed)—Pauline Perry, Pearl Lockerby, Etta Yeo, Calvin Ramsay. Mr. Bridges thought taken quite by surprise, in a few well chosen words thanked the pupils for their present which he valued very much as an expression of their good-will. But a further surprise was in store for the teacher, when the Secretary of trustees, on behalf of the school, in a few fitting remarks, presented him with a purse containing \$12.00 as an evidence of their appreciation of his services during the past six months. Mr. Bridges thought his position more embarrassing than before. However he made a neat little speech in acknowledgement, reviewing the work done and expressing his intention of doing all in his power for further advancement. The speeches of trustees and others reflected much credit on the teacher and expressed great satisfaction with the present condition of the school. The proceedings were brought to a close by the scholars singing "Maple Leaf Forever."

STOMACH TROUBLES.
A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. POWELL.—After the severe and protracted cold and stormy weather it was pleasing to drive to church on Sunday 10th. The roads were good and the weather mild. It was also pleasing to see our old friend Dr. Mellish occupy the pulpit at the morning service. He preached a plain, yet learned and logical discourse from the words "Consider the Lilies of the Field." Mr. Mellish's sermons are always practical and much appreciated by the Fownd congregation. In the evening the Rev. Mr. Ople preached an eloquent and timely sermon on the duties, privileges, and responsibilities of the year upon which we have just entered. The congregation were surprised and delighted, when at the close of the sermon Mr. Ople informed them that through the kind thoughtfulness and generosity of Dr. Mellish, the church could now for the first time pride itself on possessing a beautiful and costly silver Communion Service. The Service was beautifully and suitably engraved (of which more will likely be said) and was dedicated and consecrated to God's service on this the first Communion in the year, which was partaken of by a large number of communicants. Another pleasing, joyous, and impressive scene to crown the closing events of this memorable day, was the coming forward of six of the prominent young ladies and gentlemen of the congregation to cast in their lot with God's people by joining the church and partaking of their first Communion. The choir as usual rendered beautiful and suitable music.—Com.

This Weather Breeds Fever And Pneumonia

Thousands of Sick People Seeking Admittance to Overcrowded Hospitals. Take Warning and Keep up Your Strength.

A tour of the hospitals in the large Canadian cities shows a surprising number suffering from different complaints brought on by the present unhealthy weather.

The winds are full of searching dampness and loaded with myriads of germs just waiting for a favorable opportunity to fly down your throat. If your vitality is low these germs are sure to break out in some malignant disease.

To avoid sickness you must keep up your strength. Increase your appetite. Get much nourishment into the blood as possible. Store up a reserve of vigor.

How can it be done? Very easily with Ferrozene which revitalizes all the functions of the body, stimulates the formation of pure, rich blood, invigorates digestion and renews the endurance of the whole system.

If you can ward off sickness and fight disease with Ferrozene because it is a food tonic that supplies building material for exhausted tissues. This assures firm, hard, flesh, strong sinew muscle—in short, Ferrozene builds up your system to such a vigorous, healthy state that sickness is almost impossible.

If you feel the need of a bracing tonic, something that will awaken your dormant energies and send a stream of strong healthy blood dancing through your veins, try Ferrozene and see how quickly you will improve and gain in weight, health and spirits.

Mrs. P. C. Spencer of Beverly, P. O. writes: "About a year ago I was greatly run down. I suffered from severe headaches and felt so completely worn out and depressed that I thought I must have walking phobias. My appetite was poor and my color was pallid, indicating that my blood was too thin. I found Ferrozene just what I needed. It increased my appetite and made me stronger. The feeling of languidness disappeared. After using Ferrozene a few weeks I felt like a new woman. It made me as strong and healthy. No medicine did me so much good as Ferrozene."

Far better to take Ferrozene than let your health run down. Get it today. Look out for substitutes and insist on having nothing but Ferrozene. Price 50c per box or six boxes for \$2.50, at all druggists or by mail, from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn. U. S. A.

SOME FACTS.

In November 1898 some five years ago we placed our Perfected Emulsion of Cod Liver Oil with Hypophosphites of lime, soda and Galaccol on the market. Then we sold some three dozen. Last year we sold over three gross. It is a well known fact that germ life causes nearly all sicknesses. That is where our Emulsion is better than all others, it contains Galaccol so fatal to germ life.

The merits of this article have become known—for general debility, long standing coughs, ineffectual consumption etc., etc. For croup in children there is nothing like it. Ask any medical man, he will tell you it is a good article. Notwithstanding the advanced price of oil we are still selling this at the old figure price 40c per bottle. Made and sold only by A. W.
