NEWS OF THE SPORT WORLD

FATE OF HAWKS TO BE KNOWN TODAY

Timely Tips On Sport

KID LINE INTACT

Joey Beaton, star centre man of last season's Abbies who has been visiting friends here, will return to his home Monday. It is understood, on good authority, however, that he will be back again. Hockey fans will be delighted with this news which means that the "Kid Line" will remain intact for the 1933-34 season and will furnish the usual thrills next winter.

LEAVES TODAY

Mickey McGlashen, powerful centre man of this season's Wolverines, who has been on a short visit here will leave on return today for Halifax. Nothing definite can be learned from "Mickey" in regard to hockey plans for next season.

SUMMERSIDE BASEBALL

Summerside baseball enthusiasts have re-organized a loop for the coming season which includes the three teams of last year's league, namely the Harris Sluggers, C. Y. M. L. and Pioneers. Games are planned for the 24th.

BASKETBALL TILTS TONIGHT

Two basketball tilts are carded for tonight when the Hi-Y meet the Navy at the "Y" gym in a city play-off tilt and Queen Square meet West Kent at the Holy Name Gym. In the play-off game at the Y, Hi-Y must defeat the Navy to stay in the running for the title, while West Kent are faced with a similar task, namely defeat Queen Square, who now have two wins and no losses in their best three out of five series.

"SPARKY" ON TEAM

Maurice "Sparky" Lodge, Charlottetown boy attending the University of New Brunswick this year has been picked to represent the University at the Intercollegiate Track and Field Championships to be held in a couple of weeks at Wolfville. "Sparky" holds the championship at this distance, a title which he won while attending Acadia University.

ALLAN CUP CHAMPIONS WILL DISBAND TODAY IF REQUEST IS NOT GRANTED.

(Canadian Press)

MONCTON, May 5—On the request of Mayor C. H. Blakeny who is still hopeful of arranging a settlement of the dispute between the Moncton Exhibition Association Limited, sponsors of the Hawks, Allan Cup champions, and the City Council, over terms of the lease of the Stadium, owned by the City of Moncton, the disbanding of the Hawks was postponed for another day, it was learned here tonight.

At a meeting of the City Council last night, the Mayor was authorized to present to the association, another proposal, which was formally presented today but was turned down by the Hawks' sponsors. In an effort to smooth out the difficulties, His Worship asked the Association to withhold action in disbanding the team until tomorrow when it was stated definite word will be forthcoming from the Council.

It could not be learned what action the Council contemplated taking in connection with the Stadium. The trouble arose when the Exhibition Association, who showed a heavy deficit on operations during the past year asked the Council for "some relief in the way of rental of the building for the coming year." To date the Council has refused the request. Interviewed tonight, members of the Association declared the team would positively be disbanded tomorrow unless the Council met with the request placed before that body.

BICYCLE HIKE POSTPONED

The weekly bicycle hike of the C. C. C. was postponed last night until next Tuesday evening owing to cold weather. Don't forget to be on hand boys. The "Treasure Hunt" is still on.

BIKE RACES MONDAY EVENING

The Charlottetown Cycling Club are staging their first races of the season next Monday evening on the Market Square, time to be announced later. The meet is to consist mainly of slow races and possibly some trick riding.

QUEEN OF THE FISHING FLEET INLAND BOUND

BLUENOSE LEAVES HALIFAX FOR QUEBEC — SKIPPER DEFIES TRADITIONAL SEA BELIEFS.

(Canadian Press)

HALIFAX, May 5—Bound for Quebec on the way to the Chicago World Fair, the racing schooner Bluenose left Halifax Harbor today. A 20-knot wind was blowing from the northwest as Captain Angus Walters headed the international fishing champion out past Chebucto Head and he expected a fast trip along the southern coast of Nova Scotia. Bluenose will proceed through the Strait of Canso and up the Gulf of St. Lawrence, arriving at Quebec late next week.

that bore suspicious evidence of holystoning.

Captain Walters was ignoring one of the deep-rooted beliefs of seafaring men as he turned the big salt banker towards the choppy outside waters; for tradition says that ill-luck is bound to follow the ship that begins a voyage on Friday. He ignored another deep sea hoodoo in carrying a woman passenger.

ALL DECKED OUT

Bluenose was decked out in her best finery as she swung away from the sea wall late today on her maiden trip into inland waters. A grand new suit of sails stretched from her new masts; a gleaming coat of paint covered her trim lines, and old-time fishermen looked down from the sea wall on decks

Carries Passengers

She was Miss Marion Young, of Halifax, who was one of four passengers embarking here for the trip. The others were Dr. Phillip Burnett and W. D. McLennan, of Montreal, and A. Turnbull, of Toronto.

Passengers were accommodated in the schooner's hold, transformed temporarily into comfortable quarters.

PROSPECTS OF HEAVY TRACK FOR DERBY

Wide-open Race Predicted on Eve of Running of Historic Race.

LOUISVILLE, May 5—Popular belief that the 59th running of the \$60,000 Kentucky Derby tomorrow will be a wide open race, already increased by prospects of a heavy track as well as the presence of a well-matched field, was emphasized today as owners dropped the names of 22 crack three-year-olds, an unexpectedly large number, into the entry box at Churchill Downs.

If they all paraded to the post around 5:30 p. m. (Central Standard Time) in quest of the rich prize, the record field of 1928 would be equalled, but at least four or five and possibly seven horses will be scratched before the bugle call's.

Sport Briefs

As May 15th approaches, speculation regarding the lineups of the hockey teams in the Big Four becomes keen. Halifax, as intimated before, has released several players and we understand Goalie Kuhn will be behind the nets for the Saint John Beavers next season. Ernie Mosher, star centre, will also be there, if rumor is correct and additions are planned from Upper Canada.

The Saint John management are making good progress in their efforts to secure capital for an artificial ice plant and with a high class team in the Big Four, should draw enormous crowds, as the City is almost equal in population to Halifax and the people there are particularly fond of ice sports. Saint John has been the home of several world's champion skaters!

Moncton Hawks hockey team management have had their own share of troubles during the season of 1932-33. In the first place they had on their roster about eighteen players at one time, nearly all of them high class men, with an all year coach, which combined made tremendous expense. They left no stone unturned or spared no money in order to have a team that would cop the Allan Cup. With their large number of reserves they were at a considerable advantage as they could rest up some members of their team at any time they showed signs of staleness.

Few except those intimately connected with hockey players can realize the wear and tear that strenuous game and travel take on some athletes. Those with a fine grained nervous system are most affected. Therefore, having other players who can be put on so as to give these a rest, is a mighty good move.

But coming back to the Hawks and their troubles, we understand they are as a result of this years hockey, many thousands of dollars in the red. It could not have been otherwise with the tremendous expenses involved. Take travelling for instance, just the circuit alone without the Allan Cup games, would cost in the vicinity of \$3,000. Then there is the coach, equipment, trainer, doctor's bills and all the many incidentals that go

DAVIS CUP PLAY IN FULL SWING

(Canadian Press)

The first round of Davis Cup competition got underway on a wide front today with the United States taking its first matches from Mexico, Germany overwhelming Egypt in the first two encounters of their series and Poland and Holland splitting their two single matches.

Wilmer Allison started the United States away on its international tennis campaign with a 4-6, 6-3, 6-4, 6-1 victory over Dr. Ricardo Tapia, Mexico's leading player, at Mexico City and Cliff Sutter then defeated Esteban Reyes 6-1, 6-0, 6-1.

Baron Gottfried Von Cramm, Germany's main reliance since the barring of Dr. Dan El Prehn because of his Jewish ancestry, and E. Hourney won straight set victories over Wahid Ane Bogdady of Egypt at Wiesbaden.

Henrick Timmer, Holland's champion, defeated L. Hebda, of Poland in their straight match at the Hague but I. Toczynski defeated T. Hughan to give his team an even break on the day's play.

All three contests continue today with encounters in the doubles.

Mischelous little Duncan of Long Beach, Calif., is sometime accused of things he does not do. After the earthquake with its deluge of broken dishes, he followed his mother about the house saying, "I didn't do it, I didn't do it."

DOWN THE BACK STRETCH

BASEBALL

A meeting of the Summerside Baseball League was held in the Town Hall on Thursday evening. The three teams comprising the League were represented. The teams have all signified their intention of remaining in the League and playing the same as last year. The teams are the "Harris Sluggers," "C. Y. M. L." and the "Pioneers."

Coun. Kelly presided over a large gathering of ball enthusiasts. It was decided to have two exhibition games on May 24th. The meeting adjourned for one week when the schedule for the season will be drawn up. Everything points to a successful ball season. S.

Breeders throughout the Province will have no difficulty in making good selections for their mares this season, as plenty of fine sires are available.

At Borden, Capt. John L. Read has Clover Guy 2.07 1-4, a great race horse for Fred Toby of Vermont when he raced through the Vermont and New Hampshire circuit. Now that his racing days are over and he is in the stud he should be a good sire as he is by Guy Axworthy 2.08 3-4 and his dam was a great producer and extremely well bred. We understand there are some beautiful colts by him around Borden this year.

Another good stallion owned by Capt. Read is Kentucky Marque 2.09 1-2, a grandson of Peter the Great. This was a sterling race horse when raced here some years ago and was one of the handsomest horses appearing on the race track. He was imported by the late Hammond Kelly of Southport and sold to Col. D. A. MacKinnon, who raced him successfully for two years, then sold him to the Quebec Government for breeding purposes.

We have spoken repeatedly about Bud Axworthy, a full brother of Lee Axworthy 1.58 and Bellini Scott 2.09 1-4 owned at Summerside and Kensington respectively, and everyone is more or less familiar with their breeding qualifications. It won't be long now before some high class performer will be showing up at the races sired by Bud, but this will be the first season here for Bellini Scott.

Mr. Fred Shea of Kensington, has the stallion Waltz in the stud there. He is by Colonel Waltz 2.13-1-2 and out of a good dam. If we remember rightly he was bred at Souris Line Road by a Mr. McDonald. He is a well built horse resembling very much in appearance his sire, Colonel Waltz.

Colonel Waltz will be remembered by many of our race goers who can hark back to 1921-22. He was a son of Waltz by Anderson Wilkes and his dam was by Our Colonel 2.03 1-4. Colonel Waltz was owned by George McDonald, Mermaid, and raced for him by Colonel MacKinnon in 1921, winning nine races without a defeat, several of them on mainland tracks. He raced free-legged and had tremendous brush.

James McDonald of Saint Peters Bay, who returned last summer from the U. S. A. where he trained horses at the Metropolitan Speed-

CUSTOM CLOTHES THAT SATISFY

A Tip Top suit or top coat is a constant source of satisfaction in regard to both quality and price.

Hand cut to your own personal measurements, every garment is an achievement of expert craftsmanship. The finest of woollens—a superb fit—with faultless finish and latest styles.

These are a few good reasons Tip Top Clothes are so popular—Another very good reason is the price
