# WHY USE

SWIFT'S Animal Fertilizers?

BECAUSE

**They are made from rendering house materials. They are nature's products---restoring fertility.**

They produce humus, which stores moisture and nitrogen.

They are the best substitutes for barnyard manure.

They do not exhaust the soil, but are soil builders.

They contain potash in the best forms adapted to crops.

They are SWIFT, superior, sure

**The animal materials from which our Fertilizers are made are by their very nature the most powerful Crop Producers known.**
