

DON'T start burning fuel until absolutely necessary

-there's a long winter ahead!

Don't Light Your Furnace

fire until you absolutely must. The later you begin using it, the longer your fuel will last. And there are many cold months ahead!

USE YOUR FIREPLACE

to take the chill off the house—but, when not in use, be sure the fireplace damper is closed, to avoid heat escaping up the chimney.

WEAR WARMER CLOTHING

Sweater, or other warm wrap, morning and evening, will often supply the necessary warmth on chilly days—and save coal.

● You are asked to economize on coal for the sake of Canada's boys and girls in the fighting forces. Coal is a war material—conserve it, and you are doing a share in speeding Victory and Peace.

THERE IS TIME STILL TO MAKE COLD-REPELLING REPAIRS

If your storm windows and doors are not already up, put them on now.

Caulk Window and Door Frames—For small cost you can save fuel by work and the space between the brickwork and the window or door frames.

Seal Chimney Leaks—Seal or caulk all leaks in the heating system and the chimney. A little stove cement will do the trick.

Repair Insulation—Insulation on hot water and steam pipes and boiler in basement.

Weatherstrip Doors and Windows—If your windows open too easily, use cheap cotton batting can be used if regular weatherstripping is not available.

EDUCATIONALISTS ALSO
United States Army and Navy officials helped in rewriting courses in the New York City school system, to relate the curricula more closely to war-time life.

SYDNEY, Australia - (CP)
Medical students here are experiencing great difficulty in securing skeletons and bones for their studies. War has curtailed the shipment of these supplies from Europe and doubled their price, so enterprising medics now share the bones.

ATTENTION FARMERS REGARDING HELP

Through arrangements made with the National Selective Service and the Military Authorities, at Ottawa, we are in a position to offer to the farmers of this Province, the services of 150 members of the Pictou Highlanders, under the Detailed Farm Duty Plan. The rate of pay is Three Dollars (\$3.00) per day, wet days and Sundays excluded.

A number of these men have already arrived and have been placed with the different farmers who have made application in advance for their services.

Further arrivals of these men will depend upon the number of applications received. Therefore, in order that there may be no delay in furnishing this help when needed, it is important that farmers requiring help now, or at a later date, advise this office immediately the number of men required and the approximate date they will require them.

Please phone your requirements (collect).

In Memoriam

BASIL GRIFFIN

On Sunday, July 23, a happy young party of some thirty young people from St. Peter's Bay were brought to a tragic end when a scurvy North Shore waters in the vicinity of St. Peter's Bay claimed the life of sixteen-year-old Basil Griffin. About two hours after the drowning his body was washed ashore, and artificial respiration was undertaken under the direction of Misses Barbara Pratt, R. N., and Dorothy Cox, R. N.

"Bassy" as he was familiarly known, was born at St. Peter's Bay on July 30, 1928. Following his completion of Grade X in St. Peter's High School and his passing of the Entrance Examinations, he enrolled in St. Dunstan's College in September, 1943, and in May of this year successfully completed Grade XI. While writing his final examinations, he received word that his brother, Albert was missing in the sinking of the Canadian frigate Valleyfield. His father predeceased him some years ago.

"Bassy" was very popular among the young people of St. Peter's Bay and was a member of the St. Peter's High School. Present in the sanctuary were the pastor, Mr. A. A. MacAulay and Rev. J. P. E. O'Hanley.

The funeral was held on July 26 from St. Peter's Church where Requiem Mass was offered by Rev. L. W. Landman. Present in the sanctuary were the pastor, Mr. A. A. MacAulay and Rev. J. P. E. O'Hanley.

MALLETT - KELLY NUPTIALS

St. James Church at Summerfield, was the scene of a very pretty mid-summer wedding on Wednesday, Aug. 23 at 8 a.m. when Amelia Jean, daughter of Mr. and Mrs. Henry Mallett of Norborne was united in the holy bonds of matrimony with Thomas Lloyd, son of Mrs. George Kelly and the late Mr. Kelly of Kinkora. The bride, looking very winsome in a floor length gown of white facoonie sheer, fashioned in torso style with long, tapering sleeves, and three-quarter length veil caught back with a wreath of orange blossoms, and carrying a bouquet of Bettytime roses, entered the church leaning on the arm of her father, who gave her in marriage. Mrs. Arthur Lambie, sister of the bride, was matron of honor and chose a gown of blue satin with matching veil and carried a bouquet of Sweetheart roses and maiden hair fern. Mr. Arthur Lambie capably supported the groom, in his role of groomsmen. The Rev. Father Eugene Murray celebrated the Nuptial Mass while Mrs. James Crook, church organist played the wedding music throughout the ceremony.

After the ceremony the bridal party accompanied by friends and relatives motored to the home of the bride where a sumptuous wedding breakfast was served. Those assisting in serving were Mrs. Elmer MacEachern, Mrs. John Arthur and Mrs. Daniel Murphy. The groom's gift to the bride was a pearl rosary, to the bridesmaid a diamond pin, while the groomsmen received a gold tie pin.

Later in the day the bride and groom left on a short wedding trip to the mainland. For traveling the bride chose a suit of deep purple with matching hat and black accessories. On their return Mr. and Mrs. Kelly will reside in Kinkora where the groom is a prosperous farmer. Their many friends join in wishing them a most happy year of wedded bliss.
