Keep Minard's Liniment in the house INCREASE IN PLUMBERS' WAGES SOARS COST OF PLUMBING.

A marked increase in wages for plumbers has gone into effect all over the country. Strikes in many cities resulted in Dominion-wide increases being granted, and the plumbers are now working on a wage that meets the cost of living.

The plumber has benefited, but the people must "pay the piper." The cost of plumbing has taken a jump to meet the extra labor expense.

We can't do a little more care with the pipes, the drains and the bathroom will be between. Pipes are too often clogged by carelessness. Grease accumulates and hardens so quickly if care is not taken. A solution of boiling water and Snowflake Ammonia is excellent for cleaning sinks and drains. A 10¢ package of Snowflake dissolved in water cuts through most obstructions. Snowflake, you will find, Snowflake may be obtained from any grocer.—Adv't.
