The **"New Century"** Washing Machine
 Style "B"

Patented 1898 and 1907

This machine admits of a degree of action that insures the best results and the least injury to delicate fabrics. It runs so easy being mounted on Ball Bearings and having strong Spiral Springs that reverse the motion and give impetus to each rotation, very little effort is necessary to work it, so that children and delicate women who would otherwise be quite unable to do so, may by following directions, get the washing out of the way quickly and with little or no fatigue.

It has a wringer stand too—not the rickety old kind, with vexatious fixtures—but a convenient, strong, rigid attachment, always in position, never in the way, and allows the water to drain directly into the tub.

This excellent device is attachable to any "New Century" Machine.

The experience of upwards of twenty-five years is represented in the construction of this machine.

The best dealers carry them. The best people buy them. The best work is done with them. They are the best there is.

We have a large stock of the above Washing Machines

ALSO

"Canadian" "Vollmar" "Triumph" and "Puritan" Machines all of which we are now offering at lowest prices.

DO A KINDNESS.

Do a kindness, do it well, Angels will the story tell, Do a kindness, tell it not; Angel hands will mark the spot. Do a kindness; though no story It may grace, 'twill sing in glory. Do a kindness; though 'tis small, Angel voices sing it all. Do a kindness; never mind; What you lose the angels find. Do a kindness, small or great; 'Twill come back in double weight. Do a kindness, never fret, No good deed has been lost yet. Do a kindness, do it now; Angels know it all, somehow. Do a kindness any time; Angels weave it into rhyme, Kindly deeds and thoughts and words Bless the world like songs of birds. H.A.B.
