### Sentenced to Pay \$5000.00 And Costs

He was driving carefully along a country road when suddenly a horse and buggy driven by a lady came out of a farm lane. The animal took fright and swerved suddenly throwing the driver and her son aged eight, to the ground.

The boy struck on a stump and injured his back causing him to be disabled for life.

The jury agreed that the car owner was responsible and sentence was passed.

However, the car owner smilingly left the Court for he had paid \$19.25 to us a few months ago and our Automobile Policy was protecting him for the full amount of the decision.

The above is an example of what MAY happen any Motor Car driver in this Province. Will you be protected if your turn comes.
