Car Ferry Traffic For January

An increase of 55 carloads of imports to the Province in January, 1949 as compared to the corresponding month of 1948 is noted in the report from the office of the Superintendent of the Island Division of the Canadian National Railway. In the matter of exports, however, a decrease of 34 carloads is noted. Imports total was 1040 compared to 985 in January 1948, while exports numbered 1228 last month as against 1222 in 1948. Biggest gain in imports to the Province was in coal, with 252 carloads being ferried across the Straits last month against 193 in January 1948. Gas and oils followed closely with a 57 carload bulge, the figures being 125 against 68. Miscellaneous shipments also showed a 29 car gain, being 115 against 86.

Fertilizer showed a decided decrease, there being 66 carloads imported to the Province in January, 1948 against 20 last month. Flour and feed also showed a minus figure, 131 carloads coming here in 1948 compared to 120 this year. Other imports with January 1948 figures in brackets are: Autos 18 (20), Fruits, 11 (9), Hardware nil (8), Limes 15 (27), Lumber 21 (12), Livestock 7 (3), Meats 4 (9), Machinery 12 (4), Sugar 6 (1), Salt 4 (2), Railway coal 37 (26), Railway material 30 (8), Molasses 1 (nil), cement 4 (8), Hay nil (26).

Biggest gain in exports was recorded in livestock with 73 carloads leaving the Province last month, compared to 58 in January 1948. Potatoes, however, showed a decrease, 852 carloads leaving the Province last month compared to the 875 shipped out in January 1949. This was due in large part to the late start the shippers received due to weather conditions last fall. However 12 more carloads of turnips were shipped, 164 in 1949, 152 in 1948.

Fish showed a carload gain being 7 against 6; hay and straw showed up with a 14 carload increase, the 14 cars representing just that much gain with none being shipped out in January 1948.

Moss likewise showed a big gain, five carloads leaving the Province in January of this year compared to the single load being shipped in January 1948.

Other exports with the 1948 figures in brackets are: Eggs 7 (6), Fats 3 (10), Hides 4 (2), Lows carloads 81 (80), Meats 11 (19), Oats 3 (nil), Miscellaneous 27 (57), Rails way material 8 (2), Blueberries nil (1).
