BOY SCOUTS

(Continued from Page 1)

S. M. R. C. Parent, A. S. M. Lorne Calbeck; St. Peter's, S. M. George R. Brady, A. S. M. Ian Scarth; St. James, W. R. Burnett, A. S. M.; Niall Burnett; Zion Cubs, Mrs. R. C. Parent and Miss Ruby Campbell.

Following is the text of the sermon preached by Rev. Dr. Legate: Acts X, 38—"Jesus of Nazareth... Who went about doing good."

Brother Scouts, the Scout Law, which every good Scout knows by heart and tries to obey, says, under number three, "A Scout's duty is to be useful and to help others."

Scouting is not a selfish thing—it is a big, broad, kind, neighbourly thing—all ways out to do somebody or other the famous good turn. A Scout has to learn a hundred things, from the way to tie a knot to the way to guide himself safely homeward at night by the North Star.

There is one thing that he is never to forget, one thing he is never to get tired of doing—"A Scout's duty is to be useful and to help others."

On my honour I will do my best to help other people at all times—that splendid thing which we call the good turn. Now what I want to try and do this morning is to help you make your good turn a really good turn—not just any kind of a turn, but a good turn. The better your good turn, the better it will be for Scouting, and the better for yourself, and the better for the people you do your good turn for.

I once knew an old man, who was one of the finest Scouts I ever had the pleasure of knowing, and he used to say, "There are only two ways of doing a thing—the right way and the wrong way—see you do it the right way!"

great, sharp claws who killed and ate the people that were attracted by their voices. Now Ulysses knew all this, but his men didn't. And so, as they drew near the dangerous place where the Sirens were, Ulysses filled the ears of all his men with wax so that they could not hear the Sirens and be lured to their death.

For who is our model, our highest and best example, when it comes to doing our good turn? Every single boy of you knows the answer to that. Oud Blessed Lord and Saviour Jesus Christ—"Jesus of Nazareth, who went about doing good." It was He who invented the good turn. He was always helping people. His whole life long. He did the good turn not once a day, but many times in every day. He helped the children, He helped the old folks, He helped the tired people, and the sick and the poor. And He wants you and me to do the same. You and I will be better Scouts if we take Him and love Him and follow Him as our Saviour and our Leader. He wants to be a Big Brother to every boy here today. You know what He has done for you. He has done you the best turn anyone can ever do you—He died on the Cross to bring you to God. Look to Him when you are planning your good turn, and your good turn will then be sure to be the very best.

A SUGGESTION—Hundreds of citizens watched the game of baseball on the improved diamond at Victoria Park recently. Many cars were driven to the vicinity of the diamond. A citizen who was present points out that this is against the law, and suggests that while the statute is a necessary one in general cases, some provision might be made to apply during the time ball games are in progress, so that cars may legally be parked on the border of the baseball ground in a position where they will not cut off the view of pedestrians. It will be recalled that a year ago a young lad received fatal injuries while standing too near the diamond during the progress of a game. Other such accident may occur if the spectators, especially children, are not made to keep well back from and off the diamond.

RELIGIOUS SERVICES

THE BAPTIST CHURCH

At the morning service yesterday the Rev. A. C. Vincent, D. D., preached an interesting sermon, the "Luke's Story." The music of the morning included a gospel hymn feelingly expressed by the fine choir "Go to Dark Gethsemane." The anthem was Goss' "Turn Thy Face from My Sin." The large congregation in the evening heard with deep interest Dr. Vincent's eloquent and challenging sermon on "Christ demands supreme control of life." Beveridge's anthem "Shepherd of Souls," and Maker's "Dear Lord and Father of Mankind" were expressively rendered, Mrs. Vincent and Mr. V. L. Dingwell taking the solos. The morning service was broadcast by station CHCK.

Awarded Damages

LONDON, May 21.—(C.P.)—A Northampton wife who failed to keep an appointment with a hairdresser for a permanent wave has to pay the hairdresser £1 damages, following a County Court action. Judge Drucequer, giving judgment said there were no decisions in previous cases available, so the case had to be taken on its own merits. Every year, he said, hundreds of women made appointments and failed to keep them, as men well know, and as hairdressers well know. In this case the appointment was made for a permanent wave, an operation which took the sole attention of an employee from three to four hours. Had the contract been made in a big London house, where plenty of work was always available and the time of the assistant would have been fully occupied, he would probably have held that no damages were recoverable. But in this instance valuable time had been wasted and the hairdresser was entitled to consideration.

ST. PETER'S CATHEDRAL

There was a large congregation present in St. Peter's Cathedral yesterday for the 11 o'clock celebration of the Holy Eucharist. Rev. Canon Malone was celebrant and preached a splendid sermon from the text, "Give us this day our daily bread." The preacher referred to Monday, Tuesday and Wednesday of this week being set aside and known as Rogation Days by the church for special prayers for the labours of the people and that the earth may bring forth her fruits abundantly in their season. At evensong Canon Malone preached from the 10th verse of the 4th chapter of 1st Book of Chronicles. The theme of the sermon was that as we learn to pray for material things such as industry, labour, fisheries and fruits of the field, so we will learn to pray that God's will be done. Thursday is Holy Thursday of Ascension Day. There will be a choral celebration of the Holy Eucharist in the Cathedral at 7.15 a.m. and evensong at 7.30 p.m. Friday is the commemoration of Augustine, Archbishop of Canterbury in 605, and Saturday that of the Venerable Bede, Presbyter 735.

SACRED SONG SERVICE

The student department of the

YOUNG MEN'S CHRISTIAN ASSOCIATION

held their regular Sunday evening service in St. James Presbyterian Kirk, after the regular evening diet of worship last evening. Mrs. J. A. Lawson, musical director, opened the meeting with several gospel hymns from the Book of Praise. Mr. Arthur Hale was chairman and led the reading of a portion of the Scriptures. The special speaker at this meeting was Professor Lloyd W. Shaw, B. A., of the Faculty Staff of Prince of Wales College. It is regretted that so many of the students, having gone to their rural homes, did not have the opportunity of hearing Prof. Shaw's address. His remarks were in the form of a general review of the past season's activities as regards the Sacred Song Services, and he pointed out that such meetings are to be considered as an educational factor of incalculable value. His address was interesting, inspiring and to the point. Master Billie Rogers played "Intermezzo," from l'Arlesienne by Georges Bizet, as a special violin solo, which was remarkably well rendered. Miss Flora Gordon gave a splendid rendition of "Meditation" from Thais, as an extra violin solo. Rev. Dr. Legate led in prayer and also closed the services with "The Benediction." Mr. Hale announced that the final Sacred Song Service for this season will be held next Sunday evening, fuller announcement to be made from the various pulpits.
