It is not too late to refer to the death of Henry Chadwick, the father of baseball in America, of which an extended notice appears in the Albany, New York, Evening Journal of some months are written by Walter Hill of Albany, N. Mr. Chadwick, after whom Chadwick Park in Albany is named, was when a boy stricken with paralysis which left him almost a cripple, he only being able to take a little exercise each day and thus extinguishing his brilliant prospect in the musical world. Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
